Dear Members of ANAC

As Supervisor of the Second Supervisorial District in San Diego County, I am writing to express my sincere thanks to the individuals who participated on the East County Working Group (ECWG) of the Airport Noise Advisory Committee (ANAC) and I encourage the committee to fully consider the working group's input.

ECWG, comprised of volunteers representing multiple community groups in East County, spent considerable time and effort over the last year working to address noise concerns from aircraft on final approach to San Diego International Airport. This was not an easy undertaking and I'm appreciative of each member's commitment and service.

There are considerable challenges to addressing noise concerns from aircraft in East County. While no feasible options or solutions for flight change procedures were identified without shifting noise to another community, I am supportive of ECWG's recommendation for more collaboration and discussion between the Federal Aviation Administration and SDCRAA staff to address concerns related to noise on final approach.

In addition, I appreciate SDCRAA and ANAC's efforts to include and engage East County residents impacted by air traffic noise from commercial aircraft headed to San Diego International Airport and I am hopeful there is a commitment to continue working with East County on any future changes related to flight patterns and altitude.

Thank you for your consideration.

Sincerely,

DIANNE JACOB
