Policy for Public Participation in Board, Airport Land Use Commission (ALUC), and Committee Meetings (Public Comment)

- 1) Persons wishing to address the Board, ALUC, and Committees shall complete a "Request to Speak" form prior to the initiation of the portion of the agenda containing the item to be addressed (e.g., Public Comment and General Items). Failure to complete a form shall not preclude testimony, if permission to address the Board is granted by the Chair.
- 2) The Public Comment Section at the beginning of the agenda is reserved for persons wishing to address the Board, ALUC, and Committees on any matter for which another opportunity to speak is not provided on the Agenda, and on matters that are within the jurisdiction of the Board.
- 3) Persons wishing to speak on specific items listed on the agenda will be afforded an opportunity to speak during the presentation of individual items. Persons wishing to speak on specific items should reserve their comments until the specific item is taken up by the Board, ALUC and Committees.
- 4) If many persons have indicated a desire to address the Board, ALUC and Committees on the same issue, then the Chair may suggest that these persons consolidate their respective testimonies. Testimony by members of the public on any item shall be limited to **three (3) minutes per individual speaker and five (5) minutes for applicants, groups and referring jurisdictions.**
- 5) Pursuant to Authority Policy 1.33 (8), recognized groups must register with the Authority Clerk prior to the meeting.
- 6) After a public hearing or the public comment portion of the meeting has been closed, no person shall address the Board, ALUC, and Committees without first obtaining permission to do so.

Board Member West stated that it is important to stay focused on the ground transportation challenges discussed by GTAC. He stated that ground transportation service providers need to continue looking for ways to be innovative. He suggested serious consideration be given to the recommendations in the GTAC report, especially the increase of electrification.

It was moved by Board Member West and seconded by Board Member Schiavoni to approve staff's recommendation.

Board Member Schumacher reported ex parte communication with Kamran Hamidi regarding his credit card system for taxis.

Board Member Cox recommended that the Authority continue its efforts to incentivize use of alternative fuel vehicles by everyone servicing the airport and that the Authority should continue working on leveling the playing field.

Lee Kaminetz, Director, Counsel Services, stated that legally it is very challenging to demand lower emission compliance, and that incentivizing is a better approach.

Board Member Schiavoni reported ex parte communication with Kamran Hamidi regarding his credit card system technology for taxis.

Board Member Schiavoni reported that at the final meeting of the ATAC, a comment was made that was based on racial stereotyping, and that today it was brought up again during public comment. She stated that these types of racial biases played no role in the ATAC's decision-making process. She stated that they also do not have any role today and that the starting point has always been from a perspective of equity and that of having a level playing field.

Board Member Desmond urged having flexibility and recognizing that the Authority is striving for fairness and equitability. He requested that the quarterly reports include the percentage of low emission vehicles operating at the airport.

Board Member Kersey requested more information on Lyft's green-mode program and how to incentivize them to bring it to our market.

Board Member Cox reported ex parte communication with Kamran Hamidi regarding his credit card system technology for taxis.

Board Member Robinson reported ex parte communication with Kamran Hamidi regarding his credit card system technology for taxis.

Board Member Cox stated that the Authority should try to standardize the technology for issuing receipts and provide flexibility for customers to use credit cards.

RECOMMENDATION: Adopt Resolution 2019-0060, to approve the Ground Transportation Collaborative Framework Document, and included actions, as the approved framework tool to evaluate future Ground Transportation policies, procedures, and requirements for all commercial transportation modes operating at San Diego International Airport.

ACTION: Moved by Board Member West and seconded by Board Member Schiavoni to approve staff's recommendation. The Board reconvened into Open Session at 11:31 a.m. Chairman Boling announced that they would continue with the agenda, but would go back into Closed Session to finish the items.

Board Member West left the meeting and Ex-Officio Board Member's Binn and Dockery arrived to the meeting at 11:35 a.m.

PRESENTATIONS:

A. SAN DIEGO FORWARD: THE 2021 REGIONAL PLAN – A BOLD NEW VISION IN 5 BIG MOVES:

Hasan Ikhata, Executive Director, SANDAG; Coleen Clementson, Director of Special Projects, SANDAG; and Ray Major, Chief Economist, SANDAG; provided a presentation on a Bold New Transportation Vision in 5 Big Moves that included Emerging Technologies, Worsening Congestion, The Law of the Land, A Bold New Vision, Where People Live and Work, Foundation for Bold New Vision, Transit Leap, Mobility Hubs, Flexible Fleets, Next OS, Downtown Employment Center, Travel Time from Downtown Employment Center, Kearny Mesa Employment Center, and What's Next.

Board Member Desmond stated that the SANDAG Board had not weighed in on any of the information in this presentation, but would be receiving the presentation tomorrow morning where they planned on shaping a strategy to move the plan forward.

Board Member Kersey recommended providing real-life examples of similar systems to help the public better understand the plan.

Board Member Desmond stated that since this plan aims to take only 10% of drivers off the road, a balanced plan that includes road money is needed to accommodate the 90% of travelers still on the highway system.

REPORTS FROM BOARD COMMITTEES, AD HOC COMMITTEES, AND CITIZEN COMMITTEES AND LIAISONS:

- **AUDIT COMMITTEE:** None.
- **CAPITAL IMPROVEMENT PROGRAM OVERSIGHT COMMITTEE:** None.
- **EXECUTIVE PERSONNEL AND COMPENSATION COMMITTEE:** None.
- **FINANCE COMMITTEE:** Board Member Schiavoni reported that on July 1 the Committee met and reviewed the eleven months ended Unaudited Financial Statements and the Investment Report as of May 31, 2019.

ADVISORY COMMITTEES

- **AUTHORITY ADVISORY COMMITTEE:** None.
- **ART ADVISORY COMMITTEE:** Lauren Lockhart, Manager, Arts Program, reported that on June 25 the Committee met and heard updates on the Arts Master Plan, Temporary Exhibition and Performing Arts Program, and the Airline Support Building Public Art Opportunity. She stated that in celebration of Comic-Con, the Arts Program has scheduled eight unique concerts in both terminals between Tuesday and Friday of next week to welcome travelers.

LIAISONS

- **CALTRANS:** Board Member Binns reported that there is a new CALTRANS Secretary, David Kim, and new interim-Director, Bob Franzoia.
- **INTER-GOVERNMENTAL AFFAIRS:** Matt Harris, Director, Government Relations, reported that in June, Authority staff provided airport tours to the Authority Board's new ex-officio member, Gayle Miller, who is now serving as the Chief Deputy Director for Policy at the California Department of Finance as well as a briefing and tour to staff from the office of Representative Juan Vargas. He reported that Authority staff provided Airport Development Plan updates to staff from the offices of Assemblymembers Lorena Gonzalez, Todd Gloria, and Shirley Weber, as well as staff from the office of Representative Susan Davis. He also stated that Authority staff provided Councilmember Jen Campbell's staff with a briefing on the Authority's Quieter Home Program. He reported that on June 27, the California Air Resources Board voted to require the State's largest airports to convert their fixed-route shuttle buses to zero-emission vehicles by 2035. He stated that the Airport Authority has already taken the first steps to transition its fleet to zero-emission vehicles with the anticipated arrival of 26 electric shuttles within the next 12 months.
- **MILITARY AFFAIRS:** Board Member Dockery reported that the Miramar Airshow is ten weeks away and that the Marine Corps has a new Commandant, General David Berger.
- **PORT:** Chairman Boling reported that the Committee met on June 24 where the discussion centered on keeping good quality communication open between the Port and Airport leadership.
- **WORLD TRADE CENTER:** None.

BOARD REPRESENTATIVES (EXTERNAL)

- **SANDAG BOARD OF DIRECTORS:** Chairman Boling reported that at the last meeting, the Board adopted SANDAG's FY 2020 Program Budget and received the annual report from the Independent Taxpayer Oversight Committee. She reported that she and Ms. Becker attended a press conference at SANDAG's offices where San Diego Mayor Kevin Faulconer, SANDAG Chair Steve Vaus, and a representative of the U.S. Navy announced the signing of a Memorandum of Understanding between the

Navy and SANDAG allowing continued discussions on the development of the NAVWAR site.

- **SANDAG TRANSPORTATION COMMITTEE:** Board Member Schiavoni reported that the Committee received an update on the Plug-in San Diego program, which develops resources and tools and identify ongoing barriers to electric vehicle adoption and EV charging infrastructure deployment, including future funding opportunities for regional programs. She reported that the program will assist SANDAG in crafting the vision for the 2021 Regional Plan. She also reported that the Committee reviewed and approved the proposed FY 2020 operating budgets for the Metropolitan Transit System and North County Transit District. She reported that the Committee also received the required triennial performance audits of the region’s transit operators in which the auditors found that all operators were in full or partial compliance with PUC requirements for transit operators. She also reported that the Committee received an informational presentation regarding autonomous vehicles and other fast evolving transportation modes.

Board Member Desmond recommended and Chairman Boling agreed to schedule the autonomous vehicle presentation for a future Board meeting.

- **SCAG AVIATION TASK FORCE:** None.

CHAIR’S REPORT: Chairman Boling reported that on July 2, the Authority held a press conference and luncheon to announce the new Airport Operating Lease Agreement (AOLA). She reported that the AOLA is a huge step forward as work continues with our regional partners on potential transportation and transit connection improvements to the airport. She also reported that on June 10-12, she attended the 2019 ACI-NA Business of Airports Conference along with Board Member’s Schumacher and West as well as President/CEO, Kimberly J. Becker. She reported that the conference focused on helping airports and stakeholders better understand the evolving airport business model, with sessions covering various topics: concessions management, financial management, workforce planning, and new trends in aeronautical and non-aeronautical revenue. She also reported that during the close of the Conference, the Authority’s Chief Financial Officer, Scott Brickner, was named ACI-NA’s 2019 Finance Professional of the Year for Large Airports.

PRESIDENT/CEO’S REPORT: Kimberly J. Becker, President/CEO, reported that beginning October 4, Swoop Airlines, announced seasonal service between San Diego and Edmonton, Alberta (Canada) and San Diego to Abbotsford, British Columbia (Canada). She reported that they will operate three times weekly on Tuesdays, Fridays and Sundays through April 24, 2020. She also reported that to provide more options for travelers since the addition of Alaska Airlines and increased passenger traffic, SSP America has opened three new temporary food and beverage concessions in Terminal 2 East, Dunkin Express, Ballast Point bar and Jet Box (grab-n-go kiosk). She reported that permanent concessions are under way and expected to open in 2020. She also reported that our external auditors, BKD, were on site last week to conduct preliminary audit work for the June 30 fiscal year end. She reported that they will return to complete the audit in late August through early September with the audited financial reports anticipated to be presented to the Audit Committee on November 4 and to the Board on December 5. She also reported that Einstein Bros. Bagels, operated by Mission Yogurt Inc., was named an Ocean Friendly Restaurant (OFR) by the Surfrider Foundation.

11. PUBLIC EMPLOYEE COMPENSATION: DISCUSSION AND POSSIBLE ACTION CONCERNING THE COMPENSATION OF THE PRESIDENT/CEO:

Kurt Gering, Director, Talent, Culture, and Capability, provided a handout with the June 2019 Executive Compensation Benchmarking results provided by Marsh & McLennan Companies. He stated that the Authority engaged Marsh & McLennan Companies to conduct a compensation benchmark survey in association with the update to the Authority's Compensation Philosophy. He stated that the survey shows that the current salary for Kimberly J. Becker, President/CEO is out of alignment with the market benchmark and the Authority's Compensation Philosophy. He stated that to focus on internal equity and maintain market parity, there may be an opportunity to adjust the base salary of the President/CEO.

RECOMMENDATION: The Board will be discussing and possibly taking action to amend the compensation of the President/Chief Executive Officer.

ACTION: Moved by Board Member Kersey and seconded by Board Member Schiavoni to authorize the Board Chair to execute an amendment to the employment contract of the President/CEO effecting a one-time base wage adjustment to the median of the market of \$344,500 effective July 1, 2019. Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Awarded Contracts, Approved Change Orders from, June 17, 2019 through August 11, 2019 and Real Property Agreements Granted and Accepted from June 17, 2019 through August 11, 2019

Recommendation:

Receive the Report:

Background/Justification:

Policy Section Nos. 5.01, Procurement of Services, Consulting, Materials, and Equipment, 5.02, Procurement of Contracts for Public Works, and 6.01, Leasing Policy, require staff to provide a list of contracts, change orders, and real property agreements that were awarded and approved by the President/CEO or her designee. Staff has compiled a list of all contracts, change orders (Attachment A) and real property agreements (Attachment B) that were awarded, granted, accepted, or approved by the President/CEO or her designee since the previous Board meeting.

Fiscal Impact:

The fiscal impact of these contracts and change orders are reflected in the individual program budget for the execution year and on the next fiscal year budget submission. Amount to vary depending upon the following factors:

1. Contracts issued on a multi-year basis; and
2. Contracts issued on a Not-to-Exceed basis.
3. General fiscal impact of lease agreements reflects market conditions.

The fiscal impact of each reported real property agreement is identified for consideration on Attachment B.

Authority Strategies/Focus Areas:

This item supports one or more of the following:

Strategies

- Community Strategy Customer Strategy Employee Strategy Financial Strategy Operations Strategy

Focus Areas

- Advance the Airport Development Plan Transform the Customer Journey Optimize Ongoing Business

Environmental Review:

- A. CEQA: This Board action is not a project that would have a significant effect on the environment as defined by the California Environmental Quality Act ("CEQA"), as amended. 14 Cal. Code Regs. §15378. This Board action is not a "project" subject to CEQA. Cal. Pub. Res. Code §21065.
- B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

Inclusionary Policy requirements were included during the solicitation process prior to the contract award.

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

September 2019 Legislative Report

Recommendation:

Adopt Resolution No. 2019-0072, approving the September 2019 Legislative Report.

Background/Justification:

The Authority's Legislative Advocacy Program Policy (Policy 1.60) requires that staff present the Board with monthly reports concerning the status of legislation with potential impact to the Authority. The Authority Board provides direction to staff on legislative issues by adoption of a monthly Legislative Report (Attachment A). The September 2019 Legislative Report updates Board members on legislative activities that have taken place since the previous Board meeting. In directing staff, the Authority Board may take a position on pending or proposed legislation that has been determined to have a potential impact on the Authority's operations and functions.

State Legislative Action

The Authority's legislative team does not recommend that the Board adopt any new positions on state legislation.

Federal Legislative Action

The Authority's legislative team recommends that the Board adopt a SUPPORT position on H.R. 3791 (Massie).

H.R. 3791 would remove the Federal cap on the Passenger Facility Charge (PFC).

Fiscal Impact:

Not applicable.

Authority Strategies:

This item supports one or more of the Authority Strategies, as follows:

- Community Strategy Customer Strategy Employee Strategy Financial Strategy Operations Strategy

Environmental Review:

- A. CEQA: This Board action is not a project that would have a significant effect on the environment as defined by the California Environmental Quality Act ("CEQA"), as amended. 14 Cal. Code Regs. §15378. This Board action is not a "project" subject to CEQA. Cal. Pub. Res. Code §21065.
- B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

Not applicable.

Prepared by:

MATT HARRIS
DIRECTOR, GOVERNMENT RELATIONS

RESOLUTION NO. 2019 – 0072

A RESOLUTION OF THE BOARD OF THE
SAN DIEGO COUNTY REGIONAL AIRPORT
AUTHORITY, APPROVING THE SEPTEMBER 2019
LEGISLATIVE REPORT

WHEREAS, the San Diego County Regional Airport Authority (“Authority”) operates San Diego International Airport and plans for necessary improvements to the regional air transportation system in San Diego County, including serving as the responsible agency for airport land use planning within the County; and

WHEREAS, the Authority has a responsibility to promote public policies consistent with the Authority’s mandates and objectives; and

WHEREAS, Authority staff works locally and coordinates with legislative advocates in Sacramento and Washington, D.C. to identify and pursue legislative opportunities in defense and support of initiatives and programs of interest to the Authority; and

WHEREAS, under the Authority’s Legislative Advocacy Program Policy, the Authority Board provides direction to Authority staff on pending legislation; and

WHEREAS, the Authority Board, in directing staff, may adopt positions on legislation that has been determined to have a potential impact on the Authority’s operations and functions.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby approves the September 2019 Legislative Report (“Attachment A”); and

BE IT FURTHER RESOLVED that the Board finds that this action is not a “project” as defined by the California Environmental Quality Act (“CEQA”) (California Public Resources Code §21065); and is not a “development” as defined by the California Coastal Act (California Public Resources Code §30106).

PASSED, ADOPTED, AND APPROVED by the Board of the San Diego County Regional Airport Authority at a regular meeting this 5th day of September, 2019, by the following vote:

State Legislation

New Assembly Bills

There are no new Assembly bills to report.

Assembly Bills from Previous Report

Legislation/Topic

AB 245 (Muratsuchi) – California Aerospace and Aviation Commission

Background/Summary

AB 245 would establish a 17-member California Aerospace and Aviation Commission (Commission) within the Governor’s Office of Business and Economic Development. The Commission would serve as a central point of contact for businesses engaged in the aerospace and aviation industries, and support the health and competitiveness of these industries in California. AB 245 would require the Commission to make recommendations on legislative and administration action that may be necessary or helpful to maintain or improve the state’s aerospace and aviation industries and would require the Commission to report and provide recommendations to the Governor and State Legislature.

Anticipated Impact/Discussion

Although this legislation is not expected to have any significant impact on the Airport Authority or San Diego International Airport (SDIA), if the bill were enacted, the Authority’s legislative team would work with the California Airports Council to identify any potential opportunities to engage with the Commission on actions that could impact California airports.

Status: 06/19/19 – This bill passed the Senate Business, Professions and Economic Development Committee on an 8 – 0 vote and is now in the Senate Government Organization Committee.

Position: Watch (03/14/19)

Legislation/Topic

AB 456 (Chiu) – Public Contracts: Claim Resolution

Background/Summary

In 2016, legislation passed to create various requirements regarding the formation, content, and enforcement of state and local contracts. That legislation incorporated a clause establishing until January 1, 2020, for contracts entered into on or after January 1, 2017, a claim resolution process applicable to any claim by a contractor in connection with a public works project against a public entity. AB 456 would remove the January 1, 2020, repeal date, thus making this claim resolution process permanent.

Anticipated Impact/Discussion

The Airport Authority opposed the original legislation that created this law in 2016 due to the law's negative impacts on the Airport Authority's contracting process. Existing law creates opportunities for delay, conflict, and additional costs for airport projects. If enacted, this bill would remove the repeal of this law in 2020, making these negative impacts permanent.

Status: 06/24/19 – This bill passed the Senate Judiciary on a 9 – 0 and is now on the Suspense File in the Senate Appropriations Committee.

Position: Oppose (04/04/19)

Legislation/Topic

AB 880 (Oberholte) – Transportation Network Company Driver Background Checks

Background/Summary

Existing law requires a transportation network company (TNC) to conduct a local and a national criminal background check for each participating driver. A TNC is prohibited from contracting with a driver who is a registered sex offender, has been convicted of any terrorism-related felonies or any violent felonies, or has been convicted in the past seven years of any misdemeanor assault, battery, domestic violence, driving under the influence of drugs or alcohol, or any of a specified list of felonies. As amended, AB 880 would delete inaccurate cross-references to sections specified in existing law.

Anticipated Impact/Discussion

This amended bill is not expected to directly impact San Diego International Airport.

Status: 08/19/19 – Re-referred to the Assembly Communications and Conveyance Committee.

Position: Watch (03/14/19)

*Shaded text represents new or updated legislative information

Legislation/Topic

AB 1112 (Friedman) – Motorized Scooters

Background/Summary

AB 1112 would authorize a local agency, as defined, to regulate motorized scooters by assessing limited penalties for moving or parking violations involving the use of motorized scooters. This bill would also allow a local authority to regulate scooter share operators by requiring a scooter share operator to pay fees that do not exceed the reasonable cost to the local authority of regulating the scooter share operator. The local authority would also be authorized to require a scooter share company to provide the local authority with trip data for all trips starting or ending within the jurisdiction of the local authority and would prohibit the disclosure of the information pursuant to public records requests received by the local authority.

Anticipated Impact/Discussion

This bill could benefit San Diego International Airport (SDIA) by providing the Airport Authority with additional enforcement tools to deter unsafe motorized scooter operations at or near SDIA.

Status: 06/19/19 – Re-referred to the Senate Transportation Committee.

Position: Watch (05/02/19)

Legislation/Topic

AB 1184 (Gloria) – Public Records: Writing Transmitted by Electronic Mail

Background/Summary

Under the California Public Records Act, public agencies are required to make public records available for inspection, subject to certain exceptions. The law defines public records to include any writing containing information relating to the conduct of the public's business including writing transmitted by electronic mail. In addition to requiring public agencies to disclose these records, they must also adopt regulations outlining the procedures to be followed when making these records available. AB 1184 would require public agencies to retain every writing transmitted by electronic mail for a period of at least 2 years, regardless of whether they fall under the definition of "public records," as defined.

Anticipated Impact/Discussion

If enacted, the Airport Authority would need to amend its retention schedule as well as its current process of automatically deleting emails that are not considered public records after one year in order to accommodate the provisions set forth in the bill.

Status: 08/12/19 – This bill is currently on the Suspense File in the Senate Appropriations Committee.

Position: Watch (04/04/19)

Legislation/Topic

AB 1190 (Irwin) – Unmanned Aircraft: State and Local Regulations

Background/Summary

AB 1190 would prohibit a state or local agency from adopting any law or regulation that bans the operation of an unmanned aircraft system. This bill would also include the operation of small unmanned aircraft systems within the definition of hazardous recreational activity for purposes of public entity liability. Existing law provides a local public entity or employee immunity as to any person engaging in hazardous recreational activity and for damage to an unmanned aircraft while the local entity or employee is providing emergency services. Additionally, AB 1190 would authorize a state or local agency to adopt regulations to enforce a requirement that a small unmanned aircraft system be properly registered under existing federal regulations and authorize a state or local agency to require proof of such registration from an unmanned aircraft operator.

Anticipated Impact/Discussion

This bill could benefit San Diego International Airport (SDIA) by providing the Airport Authority with enforcement tools to deter unsafe unmanned aircraft system operations at or near SDIA. However, this bill would also prohibit the Airport Authority, the City of San Diego, or other governmental entities from banning the operation of unmanned aircraft on or near airport property or in the flight path.

Status: 06/19/19 – To the Senate Rules Committee for assignment.

Legislation/Topic

AB 1263 (Low) – Peer-to-Peer Car Sharing

Background/Summary

As amended, AB 1263 would require specified disclosures to be made in a peer-to-peer car sharing contract. The bill would also authorize a peer-to-peer car sharing program to only enter into a contract with a licensed driver, as specified, and make such programs responsible for any equipment installed in participating vehicles for the purpose of facilitating car sharing transactions. AB 1263 would authorize airports to regulate access and use by peer-to-peer car sharing vehicles as well as requiring peer-to-peer car sharing programs and participants to be insured.

Anticipated Impact/Discussion

If enacted, the amended AB 1263 would allow the Airport Authority to regulate peer-to-peer car sharing programs doing business on Airport property. The Airport Authority's Ground Transportation Department would, therefore, need to update San Diego International Airport's (SDIA) permitting rules and regulations to incorporate the aforementioned programs. Further, SDIA's Airport Traffic Officers would need to be made aware of such programs and trained accordingly.

Status: 04/29/19 – This bill is now a 2-year bill and no further action will be taken during this legislative session.

Position: Watch (03/14/19)

*Shaded text represents new or updated legislative information

Legislation/Topic

AB 1277 (Oberholte) – Transportation Projects: Oversight Committees

Background/Summary

AB 1277 would require a public agency administering a transportation project with total estimated development and construction costs exceeding \$1 billion to take specified actions to manage the risks associated with the project. These actions include establishing a comprehensive risk management project, regularly assessing reserves for potential claims and unknown risks, and establishing a project oversight committee composed of specified individuals to review the project and perform other specified duties. The public agency would be required to provide annual reports to the oversight committee which would be required to provide annual reports to the California Transportation Commission until the year following the project's completion.

Anticipated Impact/Discussion

San Diego International Airport's (SDIA) Airport Development Plan (ADP) does not meet the project criteria set forth in this bill and thus this bill's risk management requirements would not apply to that project. The Authority's legislative team will closely monitor the development of this bill language for any potential impact to SDIA or the Airport Authority.

Status: 03/20/19 – Re-referred to the Assembly Transportation Committee.

Position: Watch (05/02/19)

Legislation/Topic

AB 1332 (Bonta) – Sanctuary State Contracting and Investment Act

Background/Summary

This bill would enact the Sanctuary State Contracting and Investment Act, which would prohibit a state or local agency from entering into a new, amended, or extended contract or agreement with any person or entity that provides a federal immigration agency with any data broker, extreme vetting, or detention facilities services, as defined, unless the state or local agency has made a finding that no reasonable alternative exists, as specified.

Anticipated Impact/Discussion

If enacted, this bill could affect the Airport Authority's contract with Customs and Border Protection (CBP), which could disrupt operations at San Diego International Airport and potentially conflict with federal regulations.

Status: 05/16/19 – Held in Committee. No further action is expected on this bill during the current legislative session.

Position: Watch (05/02/19)

Legislation/Topic

AB 1360 (Ting) – Food Retail Establishments: Third-Party Food Delivery

Background/Summary

AB 1360 would define a food delivery platform as a business engaged in the service of online food ordering and delivery from food retail establishments to a consumer, and would require a food delivery platform and food delivery driver to ensure that food is transported during delivery in a manner that meets specified food safety requirements. The bill would require a food delivery driver to obtain a food handler card, and would prohibit a food delivery driver from making any stops, except when necessary for rest, fuel, or vehicle repair, during the process of delivery, as defined.

AB 1360 would also prohibit a food retail establishment from selling or otherwise transferring any food for delivery to a consumer through the use of a food delivery platform unless it maintains liability insurance for all deliveries made by a food delivery platform through a food delivery driver or ensures that the food delivery platform assumes liability, has necessary liability insurance to protect against any liability to a consumer, and is in compliance with the requirements described above.

Anticipated Impact/Discussion

This bill was amended and no longer impacts San Diego International Airport or the Airport Authority.

Status: 08/12/19 – This bill is currently on the Suspense File in the Senate Appropriations Committee.

Position: Watch (04/04/19)

Legislation/Topic

AB 1413 (Gloria) – Local Transportation Authorities: Transactions and Use Taxes

Background/Summary

Existing law provides for the consolidation of certain regional transportation planning, programming, and related functions in San Diego County from various existing agencies and authorizes those agencies to impose transactions and use taxes for transportation purposes within their respective jurisdictions, subject to voter approval and other requirements. AB 1413 would authorize a local transportation authority (the San Diego Association of Governments (SANDAG), the San Diego County Regional Transportation Commission, the San Diego Metropolitan Transit System (MTS), and the North County Transit System (NCTD)) to impose a tax applicable to only a portion of its county if 2/3 of the voters voting on the measure within the portion of the county to which the tax would apply vote to approve the tax. The bill would also require that the tax revenue be spent within, or for the benefit of, the portion of the county to which the tax would apply. The bill would prohibit an authority from entering into a construction contract for over \$1,000,000 that would be partly or wholly financed through a tax applicable to only a portion of the county unless the entity provides to each agency an enforceable commitment that the entity and its subcontractors will use a skilled and trained workforce to all work on the project.

Anticipated Impact/Discussion

This bill could provide the Authority's regional transportation partners with the ability to propose taxes that would be voted upon by the residents of and assessed solely within specific areas of the county in which system improvements (transit, roadways, and other transportation-related facilities) would be built. Depending on the projects and areas involved, the bill could facilitate financing for projects that improve access to San Diego International Airport for passengers, employees, and other airport users.

Status: 08/12/19 – This bill passed the Senate Governance and Finance Committee on a 7 – 3 vote, and is now on the Senate Floor.

Position: Watch (03/14/19)

Legislation/Topic

AB 1433 (Diep) – Transportation Network Companies (TNC)

Background/Summary

AB 1433 is a placeholder (spot bill) making nonsubstantive changes to the Passenger Charter-party Carriers' Act, which provides regulation of charter-party carriers of passengers and includes requirements for liability insurance coverage, background checks, and other regulations pertaining to TNCs and their drivers.

Anticipated Impact/Discussion

The Authority's legislative team will closely monitor the development of this bill language for any potential impact on San Diego International Airport (SDIA) and the Airport Authority's future ground transportation operations.

Legislation/Topic

AB 1730 (Gonzalez) – Regional Transportation Plans: San Diego Association of Governments (SANDAG): Housing

Background/Summary

Under current law, certain transportation agencies, including SANDAG, are required to prepare and adopt a regional transportation plan. This regional transportation plan must include a sustainable communities strategy, among other things, and must be updated every five years. AB 1730 would extend the deadline for SANDAG to update its regional transportation plan until December 31, 2021. This bill would also allow SANDAG's 2015 regional transportation plan, sustainable communities strategy, and environmental impact report to remain in effect for these two years until the new plan is adopted. Current law also requires each local government to review the housing element of its general plan and revise that element in accordance with certain schedules. AB 1730 would require a local government within SANDAG's jurisdiction to adopt its sixth revision to its housing plan by April 30, 2021 and adopt its seventh revision no later than 18 months after the adoption of SANDAG's updated regional transportation plan.

Anticipated Impact/Discussion

This bill, if enacted, is not expected to directly impact operations at San Diego International Airport (SDIA). However, the Airport Authority works closely with SANDAG to achieve our common goal of optimizing San Diego's transportation network in a way that best meets the needs of our community. This bill allows SANDAG the opportunity to accomplish that goal.

Status: 06/19/19 – The bill passed the Senate Environmental Equality Committee on a 6 – 0 vote and is now on the Senate Floor.

Legislation/Topic

AB 1782 (Chau) – Automated License Plate Recognition Systems

Background/Summary

Existing law requires an Automated License Plate Recognition (ALPR) end-user, as defined, to implement a usage and privacy policy regarding that ALPR information, as specified. Existing law requires that the privacy policy include the length of time ALPR information will be retained, and the process the ALPR end-user will utilize to determine if and when to destroy retained ALPR information. AB 1782, as amended, would require that the privacy policy include a procedure to ensure the destruction of all non-anonymized ALPR information no more than 60 days from the date of collection, except as provided. The bill would also require the privacy policy to include a procedure to ensure that all ALPR information that is shared with an outside entity be anonymized, as defined, to protect the privacy of the license plate holder.

Anticipated Impact/Discussion

As an ALPR end-user, as defined, the Airport Authority would need to incorporate these new requirements into its ALPR privacy policy.

Legislation/Topic

AB 1818 (Stone) – State Government: Customer Facility Charge Audit

Background/Summary

Existing law authorizes airports to require rental car companies to collect a customer facility charge or an alternative customer facility charge under specified circumstances for purposes that include financing, designing, and constructing airport vehicle rental facilities and common-use transportation systems. The law requires that the aggregate amount to be collected not exceed the reasonable costs, as determined by an independent audit paid for by the airport, to finance, design, and construct those facilities. The law also requires additional audits, with respect to an alternative customer facility charge, when the airport increases that charge and requires an audit every 3 years where the revenues from that alternative charge are used for certain purposes. Copies of these audits, as well as certain annual information as to an alternative charge, are required to be provided to specified legislative committees and posted on the airport's internet website. AB 1818 would instead require that the reasonable cost audits and audits related to an increase in an alternative charge be reported only to the Senate Committee on Judiciary and also posted on the airport's internet website. The bill would also eliminate the requirement that the 3-year audits and the annual information with respect to an alternative charge be provided to specified legislative committees.

Anticipated Impact/Discussion

If enacted, this bill would streamline the audit reporting process by reducing the number of hard copies the Airport Authority is required to submit to the Legislature, while still making the information accessible electronically. Recent amendments to do not impact the Airport Authority or San Diego International Airport (SDIA).

Status: 08/22/19 – This bill passed the Senate Judiciary Committee on a 9 – 0 vote, and is now on the Senate Floor.

SB 507 (Atkins) – San Diego Unified Port District: Trust Lands

Background/Summary

Current law authorizes the establishment of the San Diego Unified Port District for the acquisition, construction, maintenance, operation, development, and regulation of harbor works and improvements for the harbor of San Diego and for the promotion of commerce, navigation, fisheries, and recreation. This bill would grant in trust to the district certain additional tidelands and submerged lands held by the state within the San Diego Bay, subject to certain terms and conditions, as specified.

Anticipated Impact/Discussion

Although this legislation is not expected to impact San Diego International Airport (SDIA) or the Airport Authority, the Authority's legislative team will closely monitor the development of this bill language for any potential impact to SDIA or the Airport Authority.

SB 615 (Hueso) – Public Records Disclosure

Background/Summary

The California Public Records Act, when it appears to a superior court that certain public records are being improperly withheld from a member of the public, requires the court to order the officer or person charged with withholding the records to disclose the public record or show cause why they should not do so. The act requires the court to award court costs and reasonable attorney's fees to the requester if the requester prevails in litigation filed pursuant to these provisions, and requires the court to award court costs and reasonable attorney's fees to the public agency if the court finds that the requestor's case is clearly frivolous. SB 615 would require a person to meet and confer in good faith with the agency in an attempt to informally resolve each issue before instituting any proceeding for injunctive or declarative relief or writ of mandate.

The bill would require that in order for a requester to prevail in litigation related to the act, the trial court must find by a preponderance of the evidence that an agency knowingly, willfully, and without substantial justification failed to respond to a request for records, improperly withheld from a member of the public records that were clearly subject to public disclosure, unreasonably delayed providing the contents of a record subject to disclosure in part or in whole, improperly assessed a fee upon a requester that exceeded the direct cost of duplication, or otherwise did not act in good faith to comply with these provisions.

Anticipated Impact/Discussion

Because the bill would require a person or entity requesting public records to take measures to resolve a conflict informally before asking a court to intervene, the bill could have a positive impact on the Authority.

Status: 03/13/19 – No further action is expected to be taken on this bill during the 2019 session.

SB 648 (Chang) – Unmanned Aircraft Systems: Accident Notification

Background/Summary

SB 648 would require, except as specified, the operator of an unmanned aircraft system (UAS) involved in an accident resulting in injury to an individual or damage to property to immediately land the UAS at the nearest location that will not jeopardize the safety of others and to provide certain information to the injured individual or the owner or person in charge of the damaged property, or place that information in a conspicuous place on the damaged property.

Anticipated Impact/Discussion

The bill is not expected to directly impact San Diego International Airport.

H.R. 3791 (Massie) – Investing in America: Rebuilding America’s Airport Infrastructure Act

Background/Summary

H.R. 3791 would remove the federal cap on the Passenger Facility Charge (PFC), which currently set at \$4.50. In exchange for removing the PFC cap, the bill proposes to reduce Airport Improvement Program funding by \$400 million annually and eliminate funding entitlements for large hub airports.

Anticipated Impact/Discussion

The Passenger Facility Charge Program allows commercial airports controlled by public agencies to collect up to \$4.50 for every eligible passenger. Airports use these fees to fund FAA-approved projects, including those that enhance safety, security or capacity; reduce noise; or increase air carrier competition. This bill would allow airports the flexibility to set the PFC and these fees could be used to fund FAA-approved projects, including infrastructure upgrades that improve the overall passenger experience. This bill could provide additional funding for San Diego International Airport infrastructure development projects.

H.R. 1108 (DeFazio) – Aviation Funding Stability Act of 2019

Background/Summary

H.R. 1108 would provide funding from the Airport and Airway Trust Fund for all Federal Aviation Administration (FAA) activities in the event of a Government shutdown. This would only apply to funds not otherwise appropriated and would be available on the first day of a lapse in appropriations and end on the date that the regular appropriation bill for that fiscal year becomes law.

Anticipated Impact/Discussion

This bill would help minimize the impact of another government shutdown on the Airport Authority and San Diego International Airport by ensuring that there would be no disruption in FAA operations due to a lack of appropriations.

Status: 03/27/19 – The bill is before the full House for consideration.

Legislation/Topic

H.R. 1171 (DeFazio) - Funding for Aviation Screeners and Threat Elimination Restoration (FASTER) Act

Background/Summary

In 2013, Congress started diverting one-third of the revenue collected from airline passenger security fees to be deposited into the general fund of the Treasury. In Fiscal Year 2019, an estimated \$1.36 billion will be diverted away from aviation security and used for unrelated government spending. H.R. 1171 would repeal the requirement to divert funds, and ensure that passenger security fees are used for aviation security purposes. H.R. 1171 would also give the Transportation Security Administration (TSA) access to September 11 Security Fee revenue in the event of a lapse in appropriations. This means that, in the event of another government shutdown, TSA would be able to continue paying its officers.

Anticipated Impact/Discussion

Giving TSA access to the full amount of airline passenger security fee revenue would allow TSA to invest in new equipment as well as hire additional staff to better serve passengers, airlines, and airports, including San Diego International Airport (SDIA). This bill would also help minimize the impact of another government shutdown on SDIA by ensuring that there would be no disruption in TSA operations due to a lack of appropriations.

Legislation/Topic

H.R. 976 (Lynch) – Air Traffic Noise and Pollution Expert Consensus Act of 2019

Background/Summary

H.R. 976 would require the Federal Aviation Administration (FAA) to enter into arrangements with the National Academies of Sciences, Engineering, and Medicine to provide a report on the health impacts of air traffic noise and pollution caused by aircraft flying over residential areas.

Anticipated Impact/Discussion

This bill would not directly impact operations at San Diego International Airport (SDIA), however, the information collected by the study may be useful in helping the community and the Airport Authority assess any environmental and health impacts of air traffic noise and pollution.

Status: 02/07/19 – Referred to House Committee on Transportation & Infrastructure Subcommittee on Aviation

Position: Support (03/14/19)

New Senate Bills

There are no new House bills to report.

Senate Bills from Previous Report

Legislation/Topic

S. 563 (Duckworth) – Transportation Infrastructure Finance and Innovation Act (TIFIA) for Airports

Background/Summary

S. 563 would allow eligible airport-related projects to participate in the TIFIA program which provides credit assistance in the form of direct loans, loan guarantees, and standby lines of credit to projects of national or regional significance.

Anticipated Impact/Discussion

If enacted, the Airport Authority could apply for loans through the TIFIA program to pay for certain projects related to the Airport Development Plan (ADP). These loans would significantly decrease the Airport Authority's interest expenses and thus reduce the total cost of the ADP.

Status: 02/26/19 – Read twice and referred to the Committee on Environment and Public Works

Position: Support (05/02/19)

Legislation/Topic

S. 1004 (Peters) – Securing America's Ports of Entry Act of 2019

Background/Summary

S. 1004 would fully staff United States Ports of Entry by requiring Customs and Border Protection (CBP) to hire no less than 600 additional officers per year until CBP's staffing needs are met. This bill also authorizes CBP to hire support staff to perform non-law enforcement administrative duties in support of CBP Officers.

Anticipated Impact/Discussion

If enacted, this bill would help ensure that the CBP Offices at San Diego International Airport (SDIA) are always fully staffed, and avoid potential reassignments to other ports of entry, thus allowing daily operations at SDIA to continue as normal.

*Shaded text represents new or updated legislative information

Status: 06/19/19 – The bill is before the full Senate for consideration.

Position: Support (05/02/19)

Legislation/Topic

S. 1710 (Cornyn) – Airport Infrastructure Resources Security Act of 2019

Background/Summary

This bill would prohibit funds made available under the Federal Aviation Administration’s Airport Improvement Program from being provided to entities that have violated the intellectual property rights of United States entities.

Anticipated Impact/Discussion

While this bill is not anticipated to have a direct impact on operations at San Diego International Airport (SDIA), the Authority’s legislative team will monitor the development of the bill language for any potential impacts to SDIA or the Airport Authority.

Status: 06/04/19 – Read twice and referred to the Senate Committee on Commerce, Science and Transportation Senate.

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Appointments to Board Committees, Liaison Positions, Other Representative and Alternate Positions

Recommendation:

Adopt Resolution No. 2019-0073, appointing Board Member Paul Robinson as the alternate advisory member to the SANDAG Board of Directors.

Background/Justification:

On October 26, 2018, the SANDAG Board of Directors approved adding a representative of the San Diego County Regional Airport Authority Board to the SANDAG Board of Directors as an advisory member. On November 1, 2018 the Board appointed Chairman Boling as the Authority's primary member.

Pursuant to California Code Regulation Section 18702.5, *Materiality Standard: Financial Interest in a Personal Financial Effect*, the Authority is now required to post on its website, an F.P.P.C. Form 806 (See Exhibit A), listing all paid appointed positions on boards, committees, or commissions of a public agency, prior to the appointments being made.

It is recommended that the Board appoint Board Member Robinson as the Airport Authority's alternate advisory member to the SANDAG Board of Directors.

Fiscal Impact:

Legislation limits compensation for Board Members to \$200 per day of service, with a maximum of eight (8) days per month. Adequate funds for Board Member compensation are included in the Authority Board Department adopted FY 2020 and conceptually approved FY 2021 Operating Expense Budgets.

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Rescind Resolution No. 2009-0149R and Adopt a New Resolution for the Pre-Approval of Board Member Participation and Representation of the Authority at Meetings, Trainings and Events

Recommendation:

Rescind Resolution No. 2009-0149R and Adopt Resolution No. 2019-0074, pre-approving Board Member participation and representation of the Authority at meetings, trainings and events.

Background/Justification:

California Public Utilities Code §170017 and Authority Policy 1.10 define “day of service” for Board member compensation and outline the requirements for Board member attendance at meetings. In order to be eligible for compensation, a Board Member must be present for at least half of the time set for the meeting, or for the duration of the meeting, whichever is less. (Public Utilities Code §170017(a)). Resolution No. 2009-0149R authorized Board Member participation and representation of Authority at meetings and events. Certain meetings, events and hearings require pre-approval of the Board in order for attendance to be eligible for compensation. The Board has previously pre-approved attendance at certain identified organizations and has delegated pre-approval authority to the President/CEO and/or the Board’s Chairman by Resolution No. 2009-0149R. It is recommended that the list of pre-approved meetings eligible for compensation be expanded.

Board Members also attend meetings and events of other public entities not included in the previously pre-approved list of meetings at the request of Authority staff. Where Authority staff requests attendance by a Board Member to a meeting or event affecting the Authority, it is recommended that attendance be pre-approved and eligible for compensation.

A form entitled “Board Member Event/Meeting Report Summary” and procedures have been developed to assist Board Members with reporting their attendance at meetings, events, hearings and training (“meeting”).

The form permits Board Members to report the date, a summary of the meeting and any supporting documentation for each meeting attended that qualifies as a compensated “day of service” as defined by Public Utilities Code §170017, Authority Policy 1.10 and Board Resolution 2009-0149R. No more than eight (8) meetings and/or events per month shall be eligible for compensation. A Board Member shall be present for at least half of the time set for the meeting, or for the duration of the meeting, whichever is less, in order to be eligible for compensation. (Public Utilities Code §170017(a)).

It is recommended that the list of events and meetings organized by or involving other organizations be expanded to include the following:

- Metropolitan Transit System
- North County Transit District
- San Diego County Water Authority
- Department of Defense (All Branches)

It is also recommended that attendance at Ad Hoc Committees created by the Board to officially represent the Board and Board Member attendance at official meetings with the President/CEO, General Counsel or Chief Auditor be pre-approved provided a written report is submitted to the Board at the next meeting of the Board of Directors.

Approval by the Board of this report and accompanying Resolution will expand the list of pre-approved meetings for which Board member attendance may be compensated.

Fiscal Impact:

Funds for Board Member compensation are included in the FY 2020 Budget.

RESOLUTION NO. 2019-0074

A RESOLUTION OF THE BOARD OF THE
SAN DIEGO COUNTY REGIONAL AIRPORT
AUTHORITY, RESCINDING RESOLUTION NO.
2009-0149R AND PRE-APPROVING BOARD
MEMBER PARTICIPATION AND REPRESENTATION
OF THE AUTHORITY AT MEETINGS, TRAINING
AND EVENTS

WHEREAS, Cal. Pub. Util. Code §170017 authorizes Board Member compensation for representing the Authority at certain meetings and events or attending certain training; and

WHEREAS, Board Members are eligible to receive compensation for each “day of service” in an amount not to exceed two hundred dollars (\$200) per day of service, but (1) may not receive compensation for attending more than one meeting, hearing, event, or training program (defined as a “day of service”) during any one day, and (2) may not receive compensation for more than eight (8) days of service during any one month; and

WHEREAS, in order to be eligible for compensation under §170017, a Board Member must be present for at least half of the time set for the meeting, or for the duration of the meeting, whichever is less; and

WHEREAS, §170017 defines six (6) types of meetings, events and training as constituting a “day of service” and eligible for compensation when attended by Board Members:

- (a) attendance at a meeting of the Authority Board or a Board committee conducted pursuant to the Ralph M. Brown Act;
- (b) representation of the Authority at a public event, if the Board has previously approved the member’s representation at a Board meeting and the member delivers a written report to the Board regarding the member’s representation at the next Board meeting following the public event;
- (c) representation of the Authority at a public meeting or a public hearing conducted by another public agency, if the Board has previously approved the member’s representation at a Board meeting and the member delivers a written report to the Board regarding the member’s representation at the next Board meeting following the public meeting or public hearing;

- (d) representation of the Authority at a meeting of a public benefit non-profit corporation on whose board the Authority has membership, if the Board has previously approved the member's representation at a Board meeting and the member delivers a written report to the Board regarding the member's representation at the next Board meeting following the corporation's meeting;
- (e) participation in a training program on a topic that is directly related to the Authority, if the Board has previously approved the member's participation at a Board meeting and the member delivers a written report to the Board regarding the member's participation at the next Board meeting following the training program;
- (f) representation of the Authority at an official meeting, if the Board has previously approved the member's representation at a Board meeting and the member delivers a written report to the Board regarding the member's representation at the next Board meeting following the official meeting; and

WHEREAS, Board Members can be compensated for attending meetings of the Authority Board or Board committee conducted pursuant to the Ralph M. Brown Act, without the need to obtain prior Board approval and without filing a written report at the next Board meeting following such a meeting; and

WHEREAS, in order to receive compensation for attending other events, meetings or training, §170017 requires the Board must previously approve the Board Member's representation, participation or attendance at such events, meetings or training; and

WHEREAS, Board Members are not eligible for compensation for attending meetings with Authority staff (except the President/CEO, General Counsel and Chief Auditor), unless the meeting is also a part of an official meeting of the Authority Board or a Board committee and the meeting is held pursuant to the Ralph M. Brown Act.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby pre-approves Board Member participation and representation of the Authority at meetings, training and events organized by or involving the:

- A Noticed Brown Act meeting of the City Council or a meeting with the Mayor/Chair of the Board of any of the following governmental entities:
 - City of Carlsbad
 - City of Chula Vista
 - City of Coronado

- City of Del Mar
- City of El Cajon

BE IT FURTHER RESOLVED that the Board delegates to the Board Chair the power to pre-approve last-minute, necessary attendance at any public meeting of a public body, an official meeting of a local governmental entity or other civic organization provided attendance relates to the business or interests of the Authority or Board; and

BE IT FURTHER RESOLVED that the Board pre-approves Board Member attendance at training sessions to comply with the requirements of Cal. Gov. Code §53232 et seq. ("AB 1234"), to attend the Authority's Academy 101 course upon taking office, to attend one SDCRAA official media training event during a Member's term of office, or to comply with any training required by the state or federal law; and

BE IT FURTHER RESOLVED that Board Member representation and attendance at events, meetings, training and hearings pursuant to the Board's pre-approval procedures specified above QUALIFIES for compensation provided a written report is submitted to the Board regarding the Board Member's attendance or participation at the next meeting of the board of directors following the event, meeting, training or hearing; and

BE IT FURTHER RESOLVED that Resolution No. 2009-0149R is hereby rescinded; and

BE IT FURTHER RESOLVED that the Board finds that this action is not a "project" as defined by the California Environmental Quality Act ("CEQA") (California Public Resources Code §21065); and is not a "development" as defined by the California Coastal Act (California Public Resources Code §30106).

Subject:

Update to the Compensation Philosophy and Structure

Recommendation:

Adopt Resolution No. 2019-0075, approving the updated Compensation Philosophy and Structure.

Background/Justification:

A compensation philosophy is a formal statement documenting the competitive pay position the Authority desires to maintain. The purpose of the Authority's Compensation Philosophy is to document the core fundamental objectives that will enable the Authority to attract, retain and motivate qualified employees by rewarding performance that promotes the organization's vision, mission, values, and strategy. It also provides a framework that strives to ensure the consistent and fair application of employee pay practices and decision making across the organization.

Since July 1, 2009, the Authority's compensation strategy and practices have been guided by the Compensation Philosophy and Structure adopted through Board Resolution 2008-0081. To remain effective, a compensation philosophy should be reviewed periodically and updated to reflect factors affecting the business. These include current market conditions, changes in organizational strategy and goals, competitive outlook, operating objectives, and recruiting and retention challenges. In 2018, the Authority engaged the Compensation Consulting Division of Marsh & McLennan Agency to update its Compensation Philosophy & Structure as a result of the following factors:

- Execution of a new strategic plan that evolves SAN's business model to address innovation, revenue generation, and changing customer expectations in the airport environment;
- Attraction and retention of talent with new and highly sought after capabilities required to execute the strategy and sustain operations;
- Increased competition for talent in the labor market and the redefining of the labor markets in which the Authority must compete for required talent;
- Changing workforce demographics; and
- Shifts in the value of employee compensation and rewards packages resulting from the Public Employee Pension Reform Act (PEPRA).

Marsh & McLennan Agency collected and analyzed market data and reviewed the Authority's current benchmarking practices. Two market data sources were utilized. The first was the Airport Council International (ACI) Compensation Survey, conducted by Western Management Group, for the large airports category. The second was the Economic Research Institute (ERI) survey for diversified California Government and State Support Services located in major cities (San Diego, Los Angeles, San Francisco, Sacramento, Orange County, Oakland, and San Jose). Combined, these two data sources reflect the primary defined labor markets in which the Authority currently competes to attract and retain its talent.

The results of the market analysis demonstrate that base salaries for both represented and unrepresented workers are competitive and in alignment with the current Compensation Philosophy, which states they will approximate the third quartile (between the 50th – 75th percentile). For the unrepresented population, base salaries are at approximately the 55th percentile. However, when assessing actual total cash compensation which would include performance based incentives, the unrepresented population lags the market at the 47th percentile. In addition, when analyzing the data by functional divisions it is clear that several job families lag the market in both base salaries and actual total cash compensation compared to their peers.

As a result of this analysis, Marsh & McLennan has recommended that the Authority update its Compensation Philosophy and Structure (Attachment A) to better reflect organizational needs and address any potential disparities that may result from the current compensation management practices. Specifically, these recommendations include:

- 1) Adopt a revised Compensation Philosophy statement that is simplified and more transparent. This revised Compensation Philosophy strikes a better balance between external (market) competitiveness and internal equity. It also allows for greater alignment of program design and ongoing administration.
- 2) Maintain the current focus on a competitive benchmark that approximates the third quartile of the defined labor markets in which the Authority competes.
- 3) Retain the flexibility to consider performance based incentives to attract and retain critical talent as workforce emphasis shifts from deferred compensation to cash compensation.
- 4) Leverage transparency to increase employee awareness by sharing the Compensation Philosophy with employees to facilitate greater understanding of how compensation is determined and managed across the Authority.
- 5) Administer the job leveling framework that enhances the hierarchical internal alignment of role expectations and outlines career path opportunities for employees
- 6) Implement the new Compensation Philosophy and Structure effective July 1, 2020. This timeline would allow staff time to update internal systems and reporting to reflect the new structure. This would also allow for any adjustments resulting from the implementation to be integrated in the FY 2021 and FY 2022 Conceptual budget.

Prior to implementation, staff will need to individually slot each unrepresented job in the organization within the new Grade Structure. This effort will be initiated once the Grade Structure is approved by the Authority Board using the market data and a leveling matrix to support internal equity. Based on the market benchmark, the potential financial impacts of this effort will range from a minimum estimated of \$280,000 to a maximum estimate of \$1,100,000. Any actual impacts resulting from the effort would be integrated into the Fiscal Year 2021 and Conceptual 2022 planning process and would come back to the Board as part of the budget approval process.

The Executive Personnel & Compensation Committee forwarded this item to the Board with a recommendation to approve the updated Compensation Philosophy and Structure and associated Resolution.

Fiscal Impact:

Adequate funding for the implementation of a new compensation philosophy was not included in the conceptually approved FY2021 Operating Expense Budgets. If the board approves the new Compensation Philosophy and Structure, funding will be included in the proposed FY2021 and conceptual FY2022 Operating Expense Budgets. The potential impact will range from an estimated minimum of \$280,000 to a maximum estimate of \$1,100,000.

A RESOLUTION OF THE BOARD OF THE
SAN DIEGO COUNTY REGIONAL AIRPORT
AUTHORITY APPROVING THE SAN DIEGO
COUNTY REGIONAL AIRPORT AUTHORITY
UPDATED COMPENSATION PHILOSOPHY AND
STRUCTURE

WHEREAS, the San Diego County Regional Airport Authority intends to maintain a competitive total compensation strategy and program; and

WHEREAS, the Authority has experienced significant transition in workforce demographics resulting in changes in both the perceived and actual value of total compensation packages; and

WHEREAS, the Board recognizes that the labor market is dynamic and changing, and that current market conditions and the competitive outlook for new or highly valued skill sets has resulted in recruiting and retention challenges; and

WHEREAS, the Board also wishes to recognize and reward individual strategic contributions toward the accomplishment of the Authority's strategic initiatives, goals, and operating objectives; and

WHEREAS, the Board understands that the Authority needs to maintain a flexible and strategic approach to compensation to allow for the recruitment and retention of a skilled and experienced workforce.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby approves the updated San Diego County Regional Airport Authority Compensation Philosophy and Structure (Exhibit A) which reflects a benchmark to the 50th percentile of the defined labor market for base compensation; and

BE IT FURTHER RESOLVED that the Compensation Philosophy maintains a pay-for performance rewards focus while ensuring the total compensation program stays consistent with business objectives, organizational culture, and within budget parameters; and

BE IT FURTHER RESOLVED to ensure flexibility in recruiting and retention, that the Compensation Philosophy includes market premium and gain sharing incentives in alignment with the total cash benchmarks that may be paid in certain circumstances, when warranted; and

BE IT FURTHER RESOLVED that the Authority's Compensation Philosophy and Structure as set forth in Exhibit A will be effective July 1, 2020 and may be adjusted periodically to maintain alignment with the market benchmarks for the defined job classifications and descriptions that comprise the Authority's workforce; and

BE IT FURTHER RESOLVED that the Board finds that this action is not a "project" as defined by the California Environmental Quality Act ("CEQA") (California Public Resources Code §21065); and is not a "development" as defined by the California Coastal Act (California Public Resources Code §30106).

PASSED, ADOPTED, AND APPROVED by the Board of the San Diego County Regional Airport Authority at a regular meeting this 5th day of September, 2019, by the following vote:

**SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY
COMPENSATION PHILOSOPHY AND STRATEGIES
Effective MONTH DAY, YEAR**

The San Diego County Regional Airport Authority (“Authority”) desires to recruit, retain and motivate the highest caliber talent who possess the unique skills needed to support our operational needs. To achieve this objective, compensation programs at the Authority will evolve over time.

The purpose of a compensation philosophy is to ensure compensation programs and the ways in which our employees are rewarded for their performance remain compatible and consistent with the business objectives, management style, our value system, and external market trends.

To ensure that the total compensation program(s) fits the needs and supports the overall business strategy, the Authority has developed a Compensation Philosophy statement to guide the future evolution of the total pay program. This Compensation Philosophy sets forth a number of “guiding principles” which establish a framework for evaluating existing programs and appropriately designing new program elements.

As the Authority formulates its short- and long-term strategy(ies), it is important that the Compensation Philosophy be reviewed periodically to ensure that the pay programs are consistent with the Authority’s business objectives and human resources needs.

Guiding Principles

There are six guiding principles that are considered to ensure a close linkage between the Authority’s Compensation Philosophy, its strategic needs, and espoused values. These guiding principles address the following areas:

1. Striving to recruit, retain and motivate the highest caliber talent,
2. Rewarding employees based on pay-for-performance,
3. Ensuring pay programs remain consistent and aligned with business objectives, the leadership style, organization culture, and are fiscally responsible (within Board adopted budget parameters),
4. Guiding the design and administration of total reward program over the long-term and ensuring compliance with statutory requirements,
5. Reviewing on a periodic basis to ensure that the pay programs are consistent with the reward, performance and communication objectives, and

6. Articulating information on pay across the organization to ensure a high level of awareness and understanding by managers and employees

These guiding principles are not intended to be rigid procedures. Rather, they serve to articulate the Authority management's view regarding the general direction that the organization's total compensation program should take in order to best meet the needs of our valued employees and support the overall business. It will also serve as a key communications tool to help reinforce the company's values with its leaders and employees at all levels.

Program Design Objectives

The primary objective of the Authority's compensation strategy and program design is to provide reward and recognition levels to employees consistent with our desired competitive positioning and commensurate with performance achieved. Competitiveness will be measured against the external environment from which we recruit our talented and skilled employees. Equally important is internal equity considerations. Equity means that our programs are designed and administered to be fair and consistent so that all employees have the same opportunity to receive rewards and grow their careers based on their performance.

Therefore, the Authority will promote a pay-for-performance culture by establishing a direct link between business results, individual performance, and the rewards associated with it. The allocation of rewards to employees will be differentiated based on performance in order to focus employee behavior and motivate high levels of contribution.

Comparative Pay Framework

This refers to the type(s) of organizations that are used to determine competitive compensation levels. The logical comparative framework is the type of organization from which the Authority is most likely to recruit talent and to which it is most likely we will lose talent. The framework need not be the same for all categories of jobs and may vary by function and/or organization level. Elements to consider include:

- Geographic recruiting market,
- Organizations with similar missions or business objectives, and
- Organizations that employ people with similar skills, training or experience.

Targeted compensation levels will reflect the multiple and varied labor markets and respective Public and Private sector positions covering all Authority jobs. There may be exceptions and it is understood that there may be case-by-case instances where the Authority may look outside the defined labor market,

including the use of published sources when necessary, to achieve recruitment objectives.

Target Pay Positioning to Comparative Market

Pay positioning will be primarily aligned to skills, experience, performance, and criticality of role, but it may vary on a case-by-case basis when competitive labor market challenges exist. The following stages of career development and performance will be aligned to various target pay positions:

Job Group	Base Salary	Target Total Cash	Optional Benefits and Perquisites	Target Total Direct	Retirement
Non Leadership Employees	50 th	50 th – 75 th	Offered based on generally common market practice	50 th – 75 th	PEPRA compliant Defined Benefit Plan
Leadership	50 th	50 th – 75 th		50 th – 75 th	

Internal Equity and Consistency

To ensure the program is perceived favorable, the compensation guiding principles will be applied consistently across the Authority. In order to have an internally equitable compensation program, external competitiveness will be balanced by internal equity to drive target pay opportunities. Therefore, the opportunity to receive rewards and career growth opportunities will be reflected in both position responsibilities and the competitive market.

Jobs not used in development of the salary structure will be placed within a grade in the salary structure based upon their internal relationship as determined through the Authority’s standardized job evaluation process.

The compensation structure will be based on market salary data for benchmark job classifications compiled through a valid salary survey source. Placement of individual jobs within the overall salary grade structure will be based on their job evaluation and relative market value.

External obligations, both federal and state, may also influence compensation strategies and program design. For example, the California Public Employees’ Pension Reform Act (PEPRA), which took effect in January 2013, places limits on optional benefits and associated employer contributions.

Recognize Strategic Contribution

In the future, the Authority may consider additional incentive options designed to address recruiting and retention challenges resulting from changes in the regulatory and market environment. These options would be aligned with the above targets for total cash and direct compensation and offset the impacts of defined contribution limits that limit the Authority's ability to achieve its recruiting and retention objectives.

Program Transparency & Performance Measurement

In order for the programs to be effective, employees and managers must possess the level of awareness and understanding of the Compensation Philosophy and programs in which they participate. As a result, managers and employees will receive information on the Authority's Compensation Philosophy and program design to ensure the desired level of awareness and understanding is achieved.

Compensation will be linked to the performance management system(s) to ensure that reward opportunities exist for those employees who produce exceptional results. One of the outcomes of increasing pay transparency is to ensure employee perception of the reward program is favorable and considered fair and equitable. As a part of the overall program design, multiple reward opportunities will exist in which employees may have the opportunity to participate based on availability, performance (both individual and organizational), position level, etc. (e.g., base salary, incentives, benefits, retirement plan(s), etc.). The Talent, Culture & Capability Department will annually issue a statement to all employees reflecting the total value of the compensation and benefits package.

Pay Mix

The compensation programs are designed to support the desired pay-for-performance-based culture. Therefore, employees should have a reasonable amount of their total compensation based on the variable performance of any or all of the following: organization performance, team/business unit performance or individual performance. The amount of variable compensation as a percentage of total compensation will vary based on job level according to internal equity and external market practices.

Eligibility in an incentive plan will be discretionary based on position level and external market practice. Participation in short-term incentive program(s) will be based on achievement of company as well as individual performance.

Decision Making Authority

The Board of Directors will have responsibility for approving a Compensation Philosophy and related Salary Grade Structure. The President & CEO will have

responsibility for determining salary and benefits plans for officers and employees, subject to Policy 3.0 and budgetary approval. The Talent, Culture & Capability Department will have responsibility for program design and ensuring consistent compensation practices and processes are implemented and administered. Guidelines will be established to ensure appropriate consistent application of compensation programs.

The Authority's Compensation Philosophy is subject to update and revision to, whenever possible, align organizational work groups pay components (e.g., represented, classified, at-will, as well as contract employees). In the pursuit of this objective, it may be necessary to modify/amend this document to gain alignment. This component is with the understanding that the Authority's preferred method of compensation is pay-for-performance. The goals, objectives and strategies set forth in this plan are subject to budgetary limitations. Nothing contained herein is to be construed as a binding contract.

Cost Analysis

- **Approximate calculations to adjust base salaries relative to the market:**
 - Low Impact Scenario
 - The cost to bring 9 incumbents to market median would be approximately \$280K
 - High Impact Scenario
 - The cost to bring 102 incumbents, including the 9 incumbents in the first scenario, to market median would be approximately \$1.1M.
 - Realistic Impact Scenario
 - Requires a methodical review of each individual position to recognize internal equity.

Recommendation Summary

It is recommended that the Authority adopt an updated Compensation Philosophy and Structure to better reflect organizational needs and address any potential disparities that may exist.

Specifically, these recommendations include:

- Adopt the recommended Compensation Philosophy statement that is simplified and more transparent.
 - The proposed Compensation Philosophy strikes a better balance between external (market) competitiveness and internal equity.
- Maintain the focus on competitive benchmarks that approximate the third quartile of the defined labor markets.
- Retain the flexibility to consider performance based incentives to attract and retain critical talent.
- Leverage transparency to increase employee awareness by sharing the Philosophy with employees to facilitate greater understanding of how compensation is determined.
- Administer the job leveling framework that enhances the hierarchical internal alignment of role expectations and outlines career path opportunities for employees
- Implement the new Philosophy and Structure effective July 1, 2020.
 - This timeline would allow staff time to update internal systems and reporting to reflect the new structure and allow for any adjustments resulting from the implementation to be integrated in the FY 2021 and FY 2022 Conceptual budget.

The Executive Personnel & Compensation Committee forward the Compensation Philosophy and Structure to the Board with a recommendation to approve.

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Renewal of the Health & Welfare Benefits Program for 2020

Recommendation:

Adopt Resolution No. 2019-0076, approving the renewal of the Health and Welfare Benefits Program for 2020.

Background/Justification:

The San Diego County Regional Airport Authority (“Authority”) provides a comprehensive health and welfare benefit program designed to attract and retain the talent necessary to successfully execute business strategy and to meet its obligations to eligible First Generation retirees. For calendar year 2020, staff is recommending a renewal of our current program. This recommended renewal for active employees maintains the Authority’s ability to attract and retain top talent while demonstrating fiscal prudence. The recommended employee renewal results in a total estimated Authority cost of \$5,770,635, which represents an increase of 6.3%, or \$339,667, over the 2019 program. This renewal provides an estimated \$246,872 in savings based on the Authority’s budgeted expense for the 2020 calendar year which is incorporated into the Fiscal Year 2020 and Conceptual 2021 operating budget. For First Generation retiree benefits, which are paid through the Authority’s Other Post-Employment Benefits (OPEB) account, a 5% increase or additional \$593,047 is anticipated.

The health and welfare benefit program ensures both employee and retiree participants have access to high quality health care and personal risk mitigation. For employees, the program supports the organization’s position as an Employer of Choice in the San Diego labor market. An Employer of Choice is an organization with high employee engagement and pride in the organization. The business value of remaining an Employer of Choice is a stable, highly productive workforce and an avoidance of the costs associated with employee turnover.

Medical

The medical plan renewal with Blue Shield of CA is made up of enrolled demographics, claim experience, health care reform fees/taxes and medical trend. The Authority’s demographic factors have remained consistent, but there has been a change in the other contributing factors. The number of large claims and overall claim experience for the group continue to run high over the last 12 month period, with a 90.1% loss ratio. In addition, the health insurer fee of 2.1% was reintroduced for the 2020 plan year after being suspended during the 2019 plan year. As a result, the Authority did not go to market to compete for alternative proposals. This strategy was based on the fact that it would be highly unlikely that we would achieve a competitive rate under the circumstances and the Authority was interested in leveraging the existing relationship with Blue Shield of CA to bring down the potential rate increase through negotiation. The

Authority's initial 2020 renewal offer from Blue Shield of CA was a 12.3% increase over the 2019 calendar year rates. Through negotiations, Willis Towers Watson ("WTW") was able to achieve a negotiated renewal of +7.2% without any decrements to the current plans. This was a reasonable premium increase given the current status of our loss ratio, high claims and the return of the health insurer fee.

With regard to the Medicare eligible retirees, United Healthcare issued an initial renewal of +6% over current. This was primarily made up of the reintroduction of the health insurer fee for the 2020 plan year. WTW was successfully able to negotiate a no marketing renewal of +2.0% over current.

Wellness

The recommended renewal maintains the Authority's Wellness Program for active employees and their enrolled spouses/domestic partners. The Wellness Program offers two primary incentives. First, those who voluntarily participate in an annual biometric screening receive a 5% reduction in the individual medical premium cost share rate (15% cost share for non-Wellness). Second, employees and those spouses/domestic partners enrolled on Authority sponsored plans may also earn a \$250 employee and \$200 spouse incentive for completing a biometric screening. These incentives may be deposited into the Flexible Spending Account or Health Savings Account, or rolled into a 457 deferred savings account on a pre-tax basis. The Wellness Program promotes risk awareness and management by employees and spouses enrolled on the medical plans.

Ancillary Lines

The Dental, Basic Life, Accidental Death & Dismemberment (AD&D), and Short Term Disability offerings are all in rate guarantees, while the Employee Assistance Program and Health Advocate offering have been issued with rate passes for the 2020 plan year.

In addition to the above benefits, the Authority will continue to offer the following voluntary benefits products with 100% of the premium costs paid by employees:

- Voluntary Vision Care
- Long-Term Disability
- Voluntary Term Life and AD&D Insurance
- Accident/Cancer/Hospital Protection/Specified Health Insurance
- Pre-paid Legal coverage
- Long Term Care Insurance
- Pet Insurance

In summary, the recommended renewal for the 2020 health and welfare benefits program includes:

- Medical coverage:
 - Blue Shield of CA for active employees and pre-Medicare retirees with four plan options: HMO, Trio HMO, PPO and HDHP. United Healthcare for Medicare enrolled retirees;
- Employee Wellness Program voluntary screening participation incentives including:
 - A 10% Wellness and 15% Non-Wellness individual employee premium cost share model;

- \$250 FSA/HSA deposit or 457 Deferred Compensation pretax election for employee participation; and
- \$200 FSA/HSA deposit or 457 Deferred Compensation pretax election for enrolled covered spouses and registered domestic partners.
- Dental coverage with Delta Dental,
- Vision coverage with Vision Service Plan (VSP),
- All other lines with the current providers.

This renewal is a 6.3% increase in cost to the Authority over the 2019 program and is a savings of 4.1% or \$246,872 over the Fiscal Year 2020 and Conceptual 2021 approved budgets as noted below.

\$4 per pay period for all enrolled in employee only Medical (229)
\$4 per pay period vision credit for all eligible regardless of enrollment (448)

⁵Voluntary Lines (Voluntary Life/AD&D, Voluntary Long Term Disability, Aflac, Long Term Care & Vision), EAP, FSA/COBRA Fees excluded.

NOTE: Variance is the result of census at time of budget development. Blue Shield Renewal includes \$35k wellness / integration implementation fund.

The recommended renewal balances quality of care, wellness, and employer costs to achieve a market competitive employee benefits program that supports employee retention and engagement for the 2020 plan year.

The Executive Personnel and Compensation Committee reviewed the recommended renewal of the Health and Welfare Benefits Program for 2020 at the August 29, 2019 Committee Meeting and has forwarded the item to the Board with a recommendation to approve.

Fiscal Impact:

Adequate funding for 2020 health and welfare benefits renewal is included in the adopted FY 2020 and conceptually approved FY 2021 Budgets.

RESOLUTION NO. 2019-0076

A RESOLUTION OF THE BOARD OF THE
SAN DIEGO COUNTY REGIONAL AIRPORT
AUTHORITY, APPROVING THE RENEWAL OF THE
HEALTH AND WELFARE BENEFITS PROGRAM
FOR 2020

WHEREAS, the San Diego County Regional Airport Authority (“Authority”) provides a health and welfare benefits program for Authority employees and eligible First Generation retirees; and

WHEREAS, the Authority intends to renew the health and welfare benefits program; and

WHEREAS, in order to assist the Board with evaluating options during the renewal process, staff, through the Authority’s broker of record, Willis Towers Watson of San Diego, has obtained negotiated renewals from insurance carriers and benefit providers and carefully analyzed the renewals; and

WHEREAS, the Board has determined that investing in employee wellness initiatives has the impact of reducing future plan costs and wishes to continue to support such programs; and

WHEREAS, the Board considered the information provided by staff and has reviewed and discussed the various options to provide a comprehensive and competitive benefits program to Authority employees and medical, dental and vision care to eligible retirees.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby approves the renewal of the Health and Welfare Benefit Program for 2020 for eligible participants including medical, dental, vision and basic life insurances; an Employee Assistance Program (EAP); a Wellness Advocacy Program; Accidental Death & Dismemberment (AD&D); and Short Term Disability (STD); and

BE IT FURTHER RESOLVED that the Board approves staff’s request to maintain all current providers and plan administrators including Blue Shield of California, United Health Care, Delta Dental, Vision Service Plan, Health Advocate, TASC and The Hartford; and

BE IT FURTHER RESOLVED that the Board further approves staff’s request to maintain employee Health Risk Assessment programs and incentives in support of the Authority’s efforts to improve workplace productivity and decrease healthcare costs, which includes an incentive for eligible spousal or domestic partner participation in biometrics; and

BE IT FURTHER RESOLVED that the Board authorizes the President/CEO to perform any and all administrative assignments and/or transfers required to maintain the approved health and welfare benefits with the stated providers and/or their successors; and

BE IT FURTHER RESOLVED that the Board finds that this action is not a "project" as defined by the California Environmental Quality Act ("CEQA") (California Public Resources Code §21065); and is not a "development" as defined by the California Coastal Act (California Public Resources Code §30106).

¹Enrollment figures provided by SDCRAA in April 2019 census.

²**Initial Renewal:** The Medicare Advantage PPO plan received a -0.49% decrease to the net premium prior to the Insurer Tax. With the tax included, the total premium received a 6% increase.

Negotiated Renewal: The Medicare Advantage PPO plan received a -4.35% decrease to the net premium prior to the Insurer Tax. With the tax included, the total premium received a 2.04% increase.

Health Insurer Fee

As we discussed in last two years' renewals, the Affordable Care Act of 2010 requires insurers to pay an insurer fee that applies to all fully insured premiums. CMS did not increase Medicare Advantage plan funding in order to cover the fee. The fee was waived for 2017, returned in 2018 and has been waived once again for 2019. The fee is currently scheduled to return in 2020 and beyond.

Account Profile

Certification Page

This report is prepared for the San Diego County Regional Airport Authority (the “Authority”) in accordance with California Government Code Section 53646, which states that “the treasurer or chief fiscal officer may render a quarterly report to the chief executive officer, the internal auditor, and the legislative body of the local agency within 30 days following the end of the quarter covered by the report.”

The investment report was compiled in compliance with California Government Code 53646 and the Authority’s approved Investment Policy. All investment transactions made in the Authority’s portfolio during this period were made on behalf of the Authority. Sufficient liquidity and anticipated revenue are available to meet expenditure requirements for the next six months.

2019 Chandler Asset Management, Inc, An Independent Registered Investment Adviser.

Information contained herein is confidential. Prices are provided by IDC, an independent pricing source. In the event IDC does not provide a price or if the price provided is not reflective of fair market value, Chandler will obtain pricing from an alternative approved third party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed in Item 5 of our Form ADV Part 2A.

Performance results are presented gross-of-advisory fees and represent the client's Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

The information contained herein was obtained from sources believed to be reliable as of the date of publication, but may become outdated or superseded at any time without notice. Any opinions or views expressed are based on current market conditions and are subject to change. This report may contain forecasts and forward-looking statements which are inherently limited and should not be relied upon as indicator of future results. Past performance is not indicative of future results. This report is not intended to constitute an offer, solicitation, recommendation or advice regarding any securities or investment strategy and should not be regarded by recipients as a substitute for the exercise of their own judgment.

Fixed income investments are subject to interest, credit and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates.

Ratings information have been provided by Moody's, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Security level ratings for U.S. Agency issued mortgage-backed securities ("MBS") reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody's and Fitch respectively.

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Approve and Authorize the President/CEO to Extend the Contract Term for Quieter Home Program, Project 9 Group 12 (380912) with G&G Specialty Contractors, Inc. from 252 days to 384 Days

Recommendation:

Adopt Resolution No. 2019-0077, approving and authorizing the President/CEO to extend the contract term with G&G Specialty Contractors, Inc. from 252 days to 384 days for Quieter Home Program, Project 9 Group 12, at San Diego International Airport.

Background/Justification:

On April 4, 2019, the San Diego County Regional Airport Authority Board ("Board") authorized the President/CEO to award and execute a contract with G&G Specialty Contractors, Inc. ("Contractor") for the Quieter Home Program Project 9 Group 12 [Resolution No. 2019-0036]. The project includes sound insulation treatments at 25 historic single-family and multi-family units. A Notice to Proceed was issued to the Contractor on May 13, 2019, with a contract time of 252 days.

The Contractor is unable to complete the contract work within 252 days due to a delay in historic window fabrication that will necessitate the project completion date to be extended by 132 calendar days from the original contract end date of January 20, 2020. Pursuant to San Diego County Regional Airport Authority ("Authority") Policy 5.02 (4)(b)(i), Board approval is required to authorize the President/CEO to execute change orders increasing the contract time for completion beyond 90 days. As such, staff is requesting that the Board authorize the President/CEO to increase the contract term for Quieter Home Program Project 9 Group 12 with G&G Specialty Contractors, Inc. by 132 calendar days (from 252 days to 384 days).

Fiscal Impact:

This is a no-cost, time-only change order. Adequate funds for the contract with G&G Specialty Contractors, Inc. are included in the adopted FY 2020 and conceptual FY 2021 Operating Expense Budgets within the Quieter Home Program budget line item. Sources of funding include federal Airport Improvement Program grants and Passenger Facility Charges.

Environmental Review:

- A. CEQA. This Board action is a "project" subject to the California Environmental Quality Act ("CEQA"), Pub. Res. Code §21065. The individual projects under the Quieter Home Program are part of a class of projects that are categorically exempt from CEQA: 14 Cal. Code Regs. §15301 – "Existing Facilities: Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination."
- B. California Coastal Act. This Board action is a "development" as defined by the California Coastal Act, Cal. Pub. Res. Code §30106. The individual projects under the Quieter Home Program will consist of treatments to single-family and multi-family dwellings. Improvements to single-family homes are exempt from coastal permit requirements under Cal. Pub. Res. Code §30610(a) and 14 Cal. Code Regs. §13250 – "Improvements to Single-Family Residences." The proposed improvements to multi-family residences are exempt from coastal permit requirements under Cal. Pub. Res. Code §30610(b) and 14 Cal. Code Regs. §13253 – "Improvements to Structures Other than Single-Family Residences and Public Works Facilities that Require Permits."

Application of Inclusionary Policies:

The Authority has the following inclusionary programs/policies: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program and Policy 5.12. These programs/policy are intended to promote the inclusion of small, local, service disabled/veteran owned small businesses, historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs/policy named above can be used in any single contracting opportunity.

The Authority's DBE Program, as required by the U.S. Department of Transportation, 49 Code of Federal Regulations (CFR) Part 26, calls for the Authority to submit a triennial

overall goal for DBE participation on all federally funded projects. When federal funds are utilized, the Authority is prohibited from using a program that provides a preference such as those used in Policy 5.12. Therefore, the Authority must utilize other means as provided in the DBE Plan to achieve participation.

This project utilizes federal funds; therefore, it will be applied toward the Authority's overall DBE goal. G&G Specialty Contractors, Inc. proposed 0.5% DBE participation on QHP Phase 9, Group 12.

RESOLUTION NO. 2019-0077

A RESOLUTION OF THE BOARD OF THE SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY APPROVING AND AUTHORIZING THE PRESIDENT/CEO TO EXTEND THE CONTRACT TERM WITH G&G SPECIALTY CONTRACTING INC. FROM 252 DAYS TO 384 DAYS FOR QUIETER HOME PROGRAM, PROJECT 9 GROUP 12, AT SAN DIEGO INTERNATIONAL AIRPORT

WHEREAS, on April 4, 2019, the San Diego County Regional Airport Authority Board adopted Resolution No. 2019-0036, authorizing the President/CEO to award and execute a Contract to G&G Specialty Contracting, Inc. ("Contractor") for Project 9 Group 12, at San Diego International Airport ("SDIA"); and

WHEREAS, on May 13, 2019, a Notice to Proceed was issued to G&G Specialty Contracting Inc., to complete the project construction work within 252 days, resulting in a contract end date of January 20, 2020; and

WHEREAS, historic window fabrication delays caused the project completion date to be extended by 132 calendar days from the original contract end date; and

WHEREAS, pursuant to San Diego County Regional Airport Authority ("Authority") Policy 5.02 (4)(b)(i), Board approval is required to authorize the President/CEO to execute change orders increasing the contract time for completion beyond 90 days; and

WHEREAS, the Board of the San Diego County Regional Airport Authority believes that it is in the best interest of the Authority and the public that it serves for the Board to authorize the President/CEO to increase the contract time for completion by 132 days.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby approves and authorizes the President/CEO to extend the contract term with G&G Specialty Contracting, Inc. from 252 days to 384 days for Project No.380912, Quieter Home Program, Project 9 Group 12, at SDIA.

BE IT FURTHER RESOLVED that the Authority and its officers, employees, and agents hereby are authorized, empowered, and directed to do and perform all such acts as may be necessary or appropriate in order to effectuate fully the foregoing resolutions; and

BE IT FURTHER RESOLVED that the Board of the San Diego County Regional Airport Authority finds that this is a "project" as defined by the California Environmental Quality Act ("CEQA"), Cal. Pub. Res. Code §21065; and is a "development," as defined by the California Coastal Act, Cal. Pub. Res. Code §30106 and that the individual Quieter Home Program projects are categorically exempt from the CEQA under Cal. Code Regs. §15301(f), "Existing Facilities," and are exempt from coastal permit requirements under Cal. Pub. Res. Code §§30610(a) and 30610(b) and 14 Cal. Code Regs. §§13250 and 13253.

Subject:

Approve and Authorize the President/CEO to Execute an Assignment and Consent Agreement from ENGIE Storage Services NA LLC to GCN Storage Solutions LLC

Recommendation:

Adopt Resolution No. 2019-0078, approving and authorizing the President/CEO to execute an assignment and consent agreement from ENGIE Storage Services NA LLC to GCN Storage Solutions LLC at San Diego International Airport.

Background/Justification:

On January 3, 2019, the San Diego County Regional Airport Authority (“Authority”) Board adopted Resolution No. 2019-0008 that approved and authorized the President/CEO to negotiate and execute an Energy Services Agreement with ENGIE Services U.S. Inc., to design, install, operate, and maintain a Battery Energy Storage System (“BESS”), via a fixed lease payment model for an amount not-to-exceed \$3,300,000, and a lease term limit of 10 years.

On January 3, 2019, the Authority Board (“Board”) adopted Resolution No. 2019-0009 that authorized the President/CEO to execute an assignment of the agreement from ENGIE Services U.S. Inc. to ENGIE Storage Services NA, LLC.

On April 30, 2019, the Authority executed a Fixed Payment Energy Storage Service Agreement (Agreement No. 210848 OS) with ENGIE Services U.S., Inc. and subsequently executed an Assignment and Consent Agreement between ENGIE Services U.S. Inc. and ENGIE Storage Services NA LLC.

Request for Assignment

ENGIE Storage Services NA LLC is requesting assignment of the battery energy storage system at San Diego Country Regional Airport Authority under the Fixed Payment Energy Storage Service Agreement to its asset ownership entity GCN Storage Solutions LLC. ENGIE Storage Services NA LLC is a development company, while GCN Storage Solutions LLC is the owner of all of ENGIE Storage Service’s battery energy storage systems. GCN Storage Solutions LLC is a disregarded entity sharing the same tax ID as ENGIE Storage Services NA LLC. A “disregarded entity” refers to a business entity with one owner that is not recognized for tax purposes as an entity separate from its owner. GCN Storage Solutions LLC is a direct one hundred percent (100%) owned subsidiary of ENGIE Storage Services NA LLC.

Staff recommends that the Board approve and authorize the President/CEO to consent to an assignment of the Agreement from ENGIE Storage Solutions NA LLC to GCN Storage Solutions LLC.

Fiscal Impact:

There is no fiscal impact due to the assignment of the ENGIE Storage Services NA LLC Fixed Payment Agreement to GCN Storage Solutions LLC.

Environmental Review:

- A. CEQA: This project is consistent with a Categorical Exemption under CEQA Sections 15301 – Existing Facilities – Class 1; 15302 – Replacement or Reconstruction – Class 2 and 15304 Minor Alternations to Land – Class 4.
- B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

The Authority has the following inclusionary programs and policy: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program and Policy 5.12. These programs and policy are intended to promote the inclusion of small, local, veteran owned small businesses, historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs or policy named above can be used in any single contracting opportunity.

This contract does not utilize federal funds and provides limited opportunities for sub-contractor participation; therefore; at the option of the Authority, Policy 5.12 was applied to promote the participation of qualified small businesses. At the time of this solicitation (December 2017) Policy 5.12 provided a preference of up to seven percent (7%) to small businesses in the award of selected Authority contracts. When bid price is the primary selection criteria, the maximum amount of the preference cannot exceed \$200,000. The preference is only applied in measuring the bid. The final contract award is based on the amount of the original bid.

In accordance to Policy 5.12, the recommended firm for BESS did not receive the small business preference.

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Approve and Authorize the President/CEO to Execute a Fourth Amendment to the Memorandum of Understanding with the San Diego County Municipal Stormwater Copermittees

Recommendation:

Adopt Resolution No. 2019-0079, approving and authorizing the President/CEO to execute a Fourth Amendment to the Memorandum of Understanding with the San Diego County Municipal Stormwater Copermittees to establish not-to-exceed spending limits and to extend the termination date of the Memorandum of Understanding to at least August 31, 2024.

Background/Justification:

Federal and state laws require the Authority to properly manage the stormwater that runs off San Diego International Airport into San Diego Bay. Since August of 2003, the Authority has been subject to the requirements of a Municipal Stormwater Permit (Permit), a single National Pollutant Discharge Elimination System (NPDES) Permit governing the prevention and elimination of stormwater and urban runoff pollution issued by the San Diego Regional Water Quality Control Board to the Authority, the County of San Diego, the San Diego Unified Port District, and the 18 incorporated cities in San Diego County (known collectively as the San Diego County Municipal Stormwater Copermittees (Copermittees)).

The Permit requires each jurisdiction to individually and collectively take actions to prevent and eliminate stormwater and urban runoff pollution. The Permit also requires that the Copermittees cooperate in the implementation of various urban runoff management plans, programs, and activities. As such, the Copermittees executed a Memorandum of Understanding (MOU) in November of 2007 to ensure implementation of cooperative programs and to apportion the costs of implementing these programs. The MOU outlines shared program activities conducted by the Copermittees. The MOU outlines the management structure, decision making process, and the division of shared program costs.

The MOU was first amended on June 15, 2010 in order to allow the refund of budgeted but unspent funds to the Parties at the conclusion of each fiscal year. The MOU was amended for the second time on July 9, 2014 to expressly limit the sharing of Fiscal Year 2014-15 (FY15) expenditures to those identified in the second amendment and to extend the termination date of the MOU. The third amendment to the MOU was executed on July 2, 2015, to increase the flexibility of the management structure, to establish not-to-exceed spending limits, and to again extend the termination date of the MOU. The fourth Amendment to the MOU again sets not-to-exceed spending limits and extends the termination date of the MOU to August 31, 2024, or the life of the current Permit plus twelve months, whichever is longer (See Attachment A: Copermittee MOU Fourth Amendment).

The MOU contains formulas for determining the apportionment of shared cost for both regional and watershed activities. Under the MOU, the Authority is responsible for approximately 1% of the shared cost for regional expenditures by the Copermittees and approximately 1.5% of the shared cost for watershed activities. To date, the Authority's portion of the total shared costs over the last 4 years has averaged less than \$17,000 annually.

Staff recommends authorization to execute the proposed Fourth Amendment to the MOU with the San Diego County Municipal Stormwater Copermittees to establish the shared program responsibilities in compliance with the NPDES stormwater permit regulations.

Fiscal Impact:

Adequate funding for shared stormwater program responsibilities under the proposed MOU amendment is included in the Planning and Environmental Affairs Department's adopted FY 2020 and conceptually approved FY 2021 Operating Expense Budgets within the Permits line item.

Fourth Amended National Pollutant Discharge Elimination System

San Diego Regional Stormwater Copermittees

MEMORANDUM OF UNDERSTANDING

2019

This Memorandum of Understanding (MOU), entered into by the County of San Diego (County), the San Diego Unified Port District (Port), the San Diego County Regional Airport Authority (Airport), and the incorporated cities of San Diego, Carlsbad, Chula Vista, Coronado, Escondido, Imperial Beach, La Mesa, San Marcos, Del Mar, El Cajon, Encinitas, Lemon Grove, National City, Oceanside, Poway, Santee, Solana Beach, and Vista (Cities), collectively called Copermittees, establishes the shared program responsibilities of each party with respect to compliance with the National Pollutant Discharge Elimination System (NPDES) stormwater permit regulations administered by the United States Environmental Protection Agency (U.S. EPA) under the authority granted by the Federal Water Pollution Control Act (Clean Water Act) 33 USCA 1251 et seq. as amended.

RECITALS

WHEREAS, in 1987 Congress amended Section 402 of the Federal Water Pollution Control Act (33 USCA §1342p) to require the U.S. EPA to promulgate regulations for applications for permits for stormwater discharges; and

WHEREAS, the U.S. EPA adopted final permit regulations on November 16, 1990; and

WHEREAS, these permit regulations require the control of pollutants from stormwater discharges by requiring an NPDES permit, which would allow the lawful discharge of stormwater into waters of the United States; and

WHEREAS, the County, the Port, the Airport, and the Cities desire to implement an integrated stormwater management program with the objective of improving surface water quality in the County of San Diego, but do so without waiving and expressly subject to any and all objections and appeals made by any Copermittee in response to any NPDES Permit; and

WHEREAS, the California State Water Resources Control Board (CSWRCB) as designee of the U.S. EPA has delegated authority to the San Diego Regional Water Quality Control Board (Regional Board) for administration of the NPDES stormwater permit within the boundaries of its region; and

WHEREAS, on, May 8, 2013, the Regional Board issued an NPDES permit as Order No. R9-2013-0001, as amended by Order Nos. R9-2015-0001 and R9-2015-0100, NPDES No. CAS0109266, (Permit) governing waste discharge requirements for stormwater and urban runoff from the County, the Port, the Airport, and the Cities, naming these entities as Copermittees; and

WHEREAS, said Permit requires that the Copermittees cooperate in the implementation of various Urban Runoff Management Plans;

NOW, THEREFORE, the parties hereto do mutually agree as follows:

I. DEFINITIONS

At Large means representing all of the Copermittees of this MOU.

Chair means presiding over and providing leadership and direction to a Working Body. This includes serving as a point of contact to external entities such as Regional Board staff, stakeholders, and industry groups, soliciting group input on and developing meeting content, facilitating meetings, and coordinating with the Secretary or Working Body Support staff to finalize work products for distribution to the Working Body. Chair responsibilities may also be divided between Co-Chairs.

Contract Administration means developing, soliciting, awarding, and managing contracts.

Consensus means general agreement reached between the participants of a Working Body.

Direct Costs mean those costs directly related to the development of a work product, or to the performance of a particular function or service. Direct Costs may include the wages of Copermittee employees engaged in an activity and the cost of materials or supplies needed to support that activity. Depreciation, equipment, and office space are not considered Direct Costs.

Fiscal Year starts on July 1 and ends on June 30 of the following year.

General Programs are collaborative urban runoff management activities which are (1) mandated by or necessary to implement requirements of the Permit, (2) necessary to anticipate the requirements, or prepare for renewal, of the Permit, (3) required to comply with Regional Board Orders or other directives required of Copermittees as dischargers of urban runoff (e.g., 13267 Orders, Total Maximum Daily Loads, etc.), or (4) other urban runoff management activities conducted with the unanimous approval of Copermittees sharing the cost or responsibility.

In-kind Contribution means a non-monetary contribution that can be used to satisfy an equivalent monetary obligation. Examples of In-kind Contributions are equipment or services provided for use.

Program Planning Subcommittee or Planning Subcommittee is composed as described in Section III.C.

Regional General Program(s) are activities that apply to all Copermittees, or that provide a regional benefit to Copermittees as determined by the Regional Management Committee.

Regional Principal Permittee is the County of San Diego unless another Regional Principal Permittee is selected in accordance with Section III.B.5. In addition to the responsibilities of all Copermittees described in Section II, the Regional Principal Permittee provides general coordination for the development and implementation of Regional General Programs, including the specific tasks and responsibilities described in Section III.A.1.b.

Regional Stormwater Management Committee or Management Committee is composed as described in Section III.B.2.

Regional Work Plan is a work plan that is developed and adopted annually for the purpose of conducting regional business to implement requirements of the Permit, (2) necessary to anticipate the requirements, or prepare for renewal, of the Permit, (3) required to comply with Regional Board Orders or other directives required of Copermittees as dischargers of urban runoff (e.g., 13267 Orders, Total Maximum Daily Loads, etc.), or (4) other urban runoff management activities conducted with the unanimous approval of Copermittees sharing the cost or responsibility.

Representative means a Copermittee staff member or consultant who serves as a point of contact and/or participant in the activities of a Working Body on behalf of the Copermittee. Except as described in Section III.B (Regional Stormwater Management Committee), Representatives are not required to attend meetings, but are expected to maintain a reasonable knowledge of, and involvement in, the activities of

the Working Body. To the best of their ability each Copermittee Representative should have expertise and knowledge in the subject matter of each applicable Working Body.

Secretary means a person who takes responsibility for the records, correspondence, minutes or notes of meetings, and related affairs of a Working Body. This includes: maintaining group contact lists; preparing and sending out meeting notifications and agendas; arranging for meeting rooms and equipment; taking, preparing, and finalizing meeting minutes or notes; and, coordinating with the Chair or Working Body Support staff to organize and distribute work products to the Working Body.

Simple Majority means at least one-half (50%) of applicable Copermittees, rounded up to the nearest integer, or plus one where the number of Copermittees is even. For the purposes of this MOU, a simple majority may never be less than three Copermittees.

Shared Cost Budget is one that is agreed upon and shared by Copermittees for the purpose of conducting stormwater regulatory activities, and can be developed at a watershed, regional or other scale.

Special Formula means any cost share formula that differs from the Default Formula in the selection or weighting of individual factors or in the methodology used to calculate one or more of them.

Three-fourths Majority means at least three-fourths (75%) of applicable Copermittees, rounded up to the nearest integer. For the purposes of this MOU, a Three-fourths Majority may never be less than three Copermittees.

Two-thirds Majority means at least two-thirds (67%) of applicable Copermittees, rounded up to the nearest integer. For the purposes of this MOU, a Two-thirds Majority may never be less than three Copermittees.

Urbanized Land Area means the total of all SANDAG land uses within the geographic area, subject to the cost share, excepting therefrom, the following coded land uses: 1403 Military Barracks; 4102 Military Airports; 6700 Military Use; 6701 Military Use; 6702 Military Training; 6703 Military Weapons; 7209 Casinos; 7603 Open Space Reserves, Preserves; 7609 Undevelopable Natural Areas; 9200 Water; 9201 Bays, Lagoons; 9202 Inland Water; and 9300 Indian Reservations.

Watershed Copermittee means any Copermittee that is identified both as a Copermittee under Table 1.a and a Responsible Copermittee under any Watershed Management Area as defined in Table B-1 of the Permit.

Watershed General Programs are activities that apply to the Copermittees comprising any individual Watershed Management Area (WMA) defined in Table B-1 of the Permit, or providing a general benefit to Copermittees within the WMA as determined by a Working Body.

Working Body means Committees, Subcommittees, Sub-working body(s), or any other working group of Copermittees' employees assembled to conduct specific tasks required by, for, or in furtherance of, compliance with the Permit.

II. RESPONSIBILITIES OF ALL COPERMITTEES

The following apply to General Programs.

A. Performance and Reimbursement of Tasks

1. Any individual Copermittee performing tasks necessary to fulfill budgeted General Program responsibilities for a Working Body is entitled to reimbursement of the costs incurred in accordance with section II.B.

2. Any Copermittee performing contract administration tasks to fulfill budgeted General Program responsibilities for a Working Body is entitled to reimbursement of contract management costs at a rate of 5% of the total contract cost or as otherwise agreed on by the participating Copermittees.
3. Any Copermittee performing tasks other than contract administration or voluntarily serving as a Working Body Chair, Co-chair, or Secretary, is entitled to reimbursement of the Direct Costs of performing those services in accordance with section II.B.
4. A Copermittee shall not be obliged to conduct work, enter into any contract, continue with any work or contract, or incur any other cost on behalf of other Copermittees if each Copermittee has not contributed the funds that it is obliged to contribute toward the activity or program, or if the Copermittee has not received adequate assurances that such funds will be received before payments become due. The Copermittee shall have sole discretion to determine whether assurances that require funds will be timely received or adequate.
5. A member of a Working Body providing Working Body Support may terminate those obligations for convenience, but shall first make a good faith effort to carry out or transfer existing responsibilities to another party by providing written notification of termination to the Copermittees within the Working Body 90 days prior to the intended date of termination.

B. Fiscal Responsibilities

1. Division of Shared General Program Costs
 - a. Prior to the allocation of shared costs, each proposed or approved budget task or sub-task shall be identified as either a Regional General Program cost or a Watershed General Program cost, and the Copermittees sharing that cost shall be identified. The cost of any particular budget element shall be subject to the approval of only the Copermittees to which it applies. The associated costs shall be divided among participating Copermittees as described below.
 - (1) Default Formula. Shared costs shall be divided according to a Default Formula of 45% Urbanized Land Area, 45% Population, and 10% Equal Division unless a Special Formula is approved by the Copermittees to which the cost applies.
 - (a) Population costs shall be divided among the Copermittees as follows: Whenever any geographic portion of the Port or Airport jurisdiction(s), respectively, lies(s) within the geographic area to which the shared program or activity is applicable, the Port or Airport, respectively, will each pay a fixed 0.5% of total Population costs. The remaining percentage of the population costs shall be divided among Copermittees by dividing the total population of each Copermittee by the combined total Copermittee population within the geographic area applicable to the shared program or activity. **These percentages shall be calculated using the most recently available population data available from the San Diego Association of Governments (SANDAG), unless more recent data are available from an equivalent source such as the U.S. Census Bureau, and are determined to be acceptable by the Copermittees sharing the cost.**
 - (b) Urbanized Land Area costs shall be divided among Copermittees by dividing the total Urbanized Land Area of each Copermittee by the combined total Urbanized Land Area of all participating Copermittees within the geographic area applicable to the shared program or activity. Urbanized Land Area shares shall be calculated using the most recently available San Diego Association of Governments (SANDAG) land use statistics. The Urbanized Land Area share

for the County shall include those urbanized lands in the unincorporated portion of the County that are west of the County Water Authority (CWA) service area boundary as it exists on the date of this MOU or as formally amended by the CWA.

- (c) Ten Percent (10%) of the total cost to be shared shall be divided equally amongst all of the Copermittees.
- (d) Modification of the Default Formula requires the unanimous vote of all Copermittees. For cost sharing that applies only to a group that contains fewer than all Copermittees, a unanimous vote is required of all affected Copermittees.

(2) Special Formulas.

Special Formulas may be applied to any shared Regional or Watershed General Program cost, and require the unanimous vote of the Copermittees participating in the cost.

- (3) In-kind Contributions. Subject to approval by the Copermittees participating in a particular shared General Program budget, a Copermittee may provide an in-kind contribution of equal value rather than a monetary contribution toward all or part of the cost of an activity. Copermittee in-kind contributions may include Working Body Support.

2. Work Plans and Shared Cost Budgets

a. Limitations on Cost-sharing

General Program activities that may be cost-shared by the Copermittees include collaborative urban runoff management activities which are

- (1) mandated by or necessary to implement requirements of the Permit,
- (2) necessary to anticipate the requirements, or prepare for renewal, of the Permit, (3) required to comply with Regional Board Orders or other directives required of Copermittees as dischargers of urban runoff (e.g., 13267 Orders, Total Maximum Daily Loads, etc.), or
- (4) other urban runoff management activities conducted with the unanimous approval of Copermittees sharing the cost or responsibility.

Examples of such activities include:

- (1) Development or implementation of any program requirements of the MS4 Permit, such as, the BMP Design Manual, regional education and outreach, or Water Quality Improvement Plans;
- (2) Public participation activities, such as facilitating public meetings and workshops;
- (3) Program assessment;
- (4) Plan updates;
- (5) Water quality monitoring, assessment and reporting;
- (6) Annual reporting, including establishment and management of data and information clearinghouses;

- (7) Preparation of technical analyses, recommendations and comments regarding the MS4 Permit, total maximum daily loads, and other relevant storm water quality regulations;
- (8) Preparation of documents required by the MS4 Permit, such as Reports of Waste Discharge; and
- (9) Special studies related to storm water quality-related pollutants, their sources, and potential best management practices.

b. Work Plans and Shared Cost Budgets

1. **No later than October 31st of each year**, each Working Body shall prepare and submit to the Planning Subcommittee a proposed Work Plan and Shared Costs Budget for the upcoming Fiscal Year.
2. Each Work Plan shall identify the parties that will serve as a Working Body Chair, Co-chair, or Secretary for the upcoming Fiscal Year. These assignments will be served on a fiscal year basis, and shall be for a minimum term of one year.
3. A Copermittee may not be compelled to act, or continue acting, as a Working Body Chair, Co-chair, or Secretary, and may at any time terminate an existing assignment. Before doing so, the Copermittee shall first make a good faith effort to carry out or transfer existing responsibilities.
4. Each budget shall describe major tasks, schedules, and projected costs, which Copermittees will provide Working Body Support, Contract Administration, in-kind contributions, and any other information applicable to regional general program costs.
5. To ensure that each Copermittee governing body has sufficient time to consider fiscal impacts, **the Planning Subcommittee shall prepare a consolidated draft Regional Work Plan and Shared Costs Budget no later than December 31st of each year for the Regional General Programs.** After consideration of comments and discussion, a final Regional Work Plan and Shared Costs Budget shall be prepared, approved by the Management Committee, and distributed to the Copermittees no later than January 31st of each year. The consolidated Regional Work Plan and Shared Costs Budget shall also identify the party or parties serving as Regional General Program operations fund managers.
6. Modifications to any adopted Regional Work Plan and Shared Costs Budget that will result in an overall increase in cost require the approval of the Regional Management Committee.
7. Copermittees from each Working Body, for which costs will be shared, shall prepare, agree upon and distribute to the participating Copermittees in that watershed, a watershed work plan and Shared Costs Budget.
8. Approval of the Shared Costs Budget for each fiscal year is subject to approval by Copermittee governing bodies as part of their regular annual budgeting process.

3. Cumulative Budget Limits

- a. The total Shared Cost Budget authorized under this MOU may not exceed the cumulative limits specified for each spending category in **Table 1**. These values represent the maximum amount that may be cost-shared for each spending category for the duration of this MOU. **They do not represent funding commitments.** Once a cumulative limit has been reached, the Copermittees must establish separate agreements for sharing additional costs for that budget category. The estimated annual limits shown for each fiscal year are for planning purposes only. Where an estimated annual limit is not reached in any fiscal

year, the surplus amount may be carried over into subsequent fiscal years, so long as the cumulative limit is not exceeded. Budget limits apply only to their designated budget category. They may not be exchanged or credited across budget categories. Spending in each budget category may not exceed the applicable cumulative limit under any circumstances.

4. Management and Payment of Funds

- a. For Regional General Programs, the Copermittees shall each pay a yearly assessment into one or more Regional General Program operations funds for their respective portion of any Regional Shared Costs Budget approved pursuant to this MOU. The Regional General Program operations fund shall be managed by the Regional Principal Permittee, or any other Permittee on approval of the Copermittees.
- b. For Watershed General Programs, the applicable watershed Copermittees shall each pay an assessment into one or more Watershed General Program operations funds for their assigned portion of any watershed shared costs budget approved pursuant to this MOU. Each Watershed General Program operations fund shall be managed by the watershed lead permittee, or any other watershed permittee on approval of the participating Copermittees.
- c. The Copermittee managing each General Program operations fund shall provide budget balance and expenditure status reports following the end of each fiscal year. This shall include a detailed accounting of all costs and expenses in accordance with the accepted work plan and Shared Costs Budget, including those incurred by Copermittees providing Working Body Support, contracting services, in-kind services, or other applicable costs.
- d. Each Copermittee shall pay invoices within 60 days of receipt from the Copermittee managing the applicable General Program operations fund.
- e. Funds collected and not expended in any fiscal year shall be credited to the Copermittees' share of the next fiscal year's costs in accordance with the Copermittees' defined shared costs.
- f. Copermittees providing Working Body Support, Contract Administration, in-kind services, or incurring other budgeted costs on behalf of other Copermittees shall provide documentation of those expenses as requested by the Copermittee managing the applicable General Program operations fund. They shall only receive credit for those expenses if a detailed accounting of all costs and expenses meeting the minimum standards agreed upon by the Copermittees has been provided.
- g. Differences in the approved actual cost of expenses from those budgeted shall be either credited or added as appropriate to the amount of the Copermittees' share. In the event that any Copermittees' share of the next fiscal year's costs is less than the amount to be credited, the difference shall be refunded to the Copermittee. Refunds shall be provided to Copermittees no later than 90 days after final accounting.
- h. At its discretion, a Copermittee managing a General Program operations fund may, prior to the completion of a fiscal year, make payment to any Copermittee providing Working Body Support, Contract Administration, in-kind services, or incurring other budgeted expenditures on behalf of other Copermittees so long as all of the conditions of Section II B.4.f above have been satisfied and there are sufficient funds available to make a payment without requiring additional contributions or jeopardizing program objectives. If for some reason excess payment is made, the Copermittee receiving the payment agrees to return the additional payment without any recourse against the managing Copermittee.

III. REGIONAL GENERAL PROGRAMS

In addition to the requirements of Section II, the following apply to Regional General Programs.

A. Regional Principal Permittee

1. The County is hereby designated Regional Principal Permittee (Principal Permittee).
 - a. The County or any other Copermittee may not be compelled to act, or continue acting, as Principal Permittee. A Copermittee may at any time terminate its assignment as Principal Permittee, but shall first make a good faith effort to carry out or transfer existing responsibilities.
 - b. In addition to the responsibilities of all Copermittees described in Section II, the Principal Permittee shall provide general coordination for the development and implementation of Regional General Programs, including the following tasks and responsibilities:
 - (1) Establish, chair, and provide overall coordination and leadership of the Regional Stormwater Management Committee (Management Committee) and the Regional Program Planning Subcommittee (Planning Subcommittee).
 - (2) Maintain a current contact list of Copermittees and interested parties.
 - (3) Maintain knowledge of and advise the Copermittees regarding current and proposed state and federal policies, regulations, and other NPDES programs; assist the Copermittees in the development and presentation of positions on these issues before local, state, and federal agencies.

B. Regional Stormwater Management Committee

1. The purpose of the Regional Stormwater Management Committee (Management Committee) is to develop, approve, and coordinate urban runoff management programs, and to explore issues of regional significance.
2. The Management Committee shall consist of one Representative of each Copermittee. Each Copermittee shall have one vote.
3. The Management Committee shall meet at least annually.
4. At a minimum, the Management Committee shall have the following responsibilities:
 - a. Address common issues, promote consistency among jurisdictional and watershed programs, and plan and coordinate activities required under the Permit;
 - b. Develop, implement, and arrange for implementation of Regional General Programs;
 - c. Provide a general forum for informing and receiving input from stakeholders and interested parties;
 - d. Provide a forum for public participation in the development and implementation of regional urban runoff management programs and activities;
 - e. Review specific issues pertaining to Working Bodies, make recommendations, or conduct work in support of shared regional priorities or objectives;
 - f. Formally approve the recommendations, work products, and deliverables of Working Bodies presented for consideration;
 - g. Adopt an Annual Regional Work Plan and Shared Costs Budget in accordance with the budgetary limits set forth in Table 1;
 - h. Approve an Annual Regional Work Plan and Shared Costs Budget; and
 - i. Approve year-end Budget Balance and Expenditure Status Reports.
5. The Management Committee shall be chaired by the Principal Permittee, or may alternatively be chaired or co-chaired by any other Copermittee. A reassignment or change in the responsibilities of the Principal Permittee requires a three-fourths majority approval of all Copermittees.

6. Voting Requirements for the Management Committee

- a. For a meeting or a vote to be held, a quorum of a Two-thirds Majority of voting representatives of the Management Committee must either be present or participate remotely via legally acceptable electronic communication (telephone, voice over internet protocol, etc.).
- b. Management Committee voting shall not be conducted outside of meetings (e.g., by email).
- c. For a motion to be approved, an affirmative vote of a Simple Majority of the Management Committee is needed.
- d. On approval of the Management Committee, activities undertaken by a subset of Copermittees, but providing a regional benefit to Copermittees, may be considered Regional General Programs.
- e. **Approval of any shared cost requires a unanimous vote of all Copermittees participating in the cost.**

C. **Regional Program Planning Subcommittee**

1. The purposes of the Regional Program Planning Subcommittee (Planning Subcommittee) shall be to provide regional coordination of urban runoff management activities, to develop and implement Regional General Programs, and to coordinate the activities of Working Bodies.
2. At a minimum, the Planning Subcommittee shall have the following responsibilities:
 - a. Serve as an intermediary between the Management Committee and other Copermittee Working Bodies;
 - b. Plan and coordinate Management Committee meetings;
 - c. Review specific issues pertaining to Regional Working Body(s) , make recommendations, or conduct work in support of shared regional priorities or objectives;
 - d. Oversee, coordinate, and track the progress of As-Needed Regional Working Body(s) in developing specific work products, responding to information requests, and completing tasks;
 - e. Establish and maintain a calendar of Copermittee meetings and events;
 - f. Conduct regional program planning including developing an Annual Regional Work Plan and Shared Costs Budget for Management Committee consideration and approval;
 - g. Review and recommend Management Committee approval of work products, recommendations, and requests of Regional Working Body(s) for consideration and approval;
 - h. Annually receive, review, comment on, and consolidate the recommended Work Plans and Shared Costs Budgets of each Regional Working (body(s) ;
 - i. Coordinate and liaise with Regional Board staff, stakeholders, regulated parties, and other interested parties to identify and explore key regional issues and concerns.
 - j. Provide Representation to the California Stormwater Quality Association (CASQA);
 - k. Provide representation or participation for other professional organizations and societies as appropriate and feasible;
 - l. Provide regular updates to Copermittees and interested parties via Management Committee meetings or other appropriate means (e-mail, etc.); and
 - m. Provide subject area input as needed for the development, implementation, review, and revision of General Programs, and the development of associated reports and work products.

3. The Planning Subcommittee shall be chaired by the Principal Permittee, or may alternatively be chaired or co-chaired by any other Copermittee upon approval of the Management Committee.
4. Planning Subcommittee meetings shall be open to all Copermittees; however, voting membership in any year shall be limited to one representative of each Watershed Management Area (WMA) listed in Permit Table a.1 except the South Orange County WMA. Any Copermittee may only represent one WMA. For each fiscal year, each WMA will designate a Copermittee as a voting member of the Planning Subcommittee prior to the beginning of that fiscal year. Each WMA may also designate an alternate voting member.
5. Each voting member shall be considered an at-large member. Their purpose is to represent the interests of all Copermittees of this MOU rather than those of their specific WMAs.
6. The Planning Subcommittee may not alter the responsibilities of, or impose new fiscal obligations on, any Copermittee or Working Body, except as approved by the Management Committee. However, the Planning Subcommittee may approve changes to approved Annual Regional Work Plans and Shared Costs Budgets within approved annual budget limits.
7. Voting Requirements for the Planning Subcommittee:
 - a. The Planning Subcommittee shall only make advisory recommendations for items requiring Management Committee approval.
 - b. The Planning Subcommittee may use any voting methodology it deems appropriate to develop advisory recommendations or conduct other business, and, shall present minority or dissenting recommendations for consideration by the Management Committee as applicable.

IV. DISPUTE RESOLUTION

Should a dispute arise among any of the parties regarding any matter related to this MOU, the parties agree to first meet and confer in good faith to attempt to resolve the dispute. If that fails to resolve the dispute, they shall submit the matter to mediation.

1. **Mandatory Non-binding Mediation.** If a dispute arises out of, or relates to this MOU, or the breach thereof, and if the dispute cannot be settled through normal contract negotiations, the Parties agree to attempt to settle the dispute in an amicable manner, using mediation under the Mediation Rules of the American Arbitration Association [AAA] or any other neutral organization agreed to by the parties. A mediation session is required before having recourse in a court of law. The cost of mediation shall be borne by the parties equally.
2. **Selection of Mediator.** A single Mediator that is acceptable to all Parties shall be used to mediate the dispute. The Mediator may be selected from lists furnished by the AAA or any other agreed upon Mediator. To initiate mediation, the initiating Party shall serve a Request for Mediation on the opposing Party.
3. **Conduct of Mediation Sessions.** Mediation hearings will be conducted in an informal manner and discovery will not be allowed. All discussions, statements, or admissions in the mediation process will be confidential settlement negotiations under Ca. Evidence Code section 1152. The Parties may agree to exchange any information they deem necessary.
 - a. Both Parties must have an authorized representative attend the mediation. Each representative must have the authority to recommend entering into a settlement. Either Party may have attorney(s) or expert(s) present.

- b. Any agreements resulting from mediation shall be documented in writing. All mediation results and documentation, by themselves, shall be “non-binding” and inadmissible for any purpose in any legal proceeding, unless such admission is otherwise agreed upon, in writing, by both Parties. Mediators shall not be subject to any subpoena or liability and their actions shall not be subject to discovery.

V. GENERAL PROVISIONS

A. Term of Agreement

1. This MOU shall become effective on the date the last party executes the MOU.
2. The life of the MOU shall be effective through August 2024, or with the life of the current Permit plus twelve months, whichever is longer. For purposes of this paragraph, any permit renewal or replacement after May 2024 shall be considered a new permit; any earlier amendment of the Permit increasing the obligations of the Regional Principal Permittee or a Watershed Lead Permittee may at that Copermittee’s sole option, be declared to be a new permit; and the Management Committee shall determine whether any other earlier amendment to the Permit is of such significance as to effectively be a new Permit.

B. Withdrawal of Copermittee

1. Participation in this MOU may be withdrawn by any Copermittee for any reason only after the Copermittee complies with all of the following conditions of withdrawal:
 - a. The Copermittee shall notify all of the other Copermittees in writing 90 days prior to its intended date of withdrawal.
 - b. Any expenses associated with withdrawal, including but not limited to, filing and obtaining the withdrawing Copermittee’s individual NPDES permit and the amendment of the Permit will be solely the responsibility of the withdrawing Copermittee.
 - c. The withdrawing Copermittee shall be responsible for their portion of any shared costs incurred according to the conditions of this MOU up to the time that each of the conditions in Section V.B.1.a. has been met.
 - d. Any monies paid by withdrawing Copermittee in excess of the amount due under the terms of the MOU shall be refunded to the Copermittee at the time the withdrawal becomes final as set forth in Section V.B.1.a.
 - e. The withdrawing Copermittee shall not be entitled to participate in the division of proceeds in any reserve fund account when the MOU is dissolved.

C. Non-Compliance with MOU Requirements

1. Any participant to this MOU found to be in non-compliance with the conditions of this MOU shall be solely liable for any lawfully assessed penalties resulting from such non-compliance. Failure to comply with MOU conditions within specified or agreed upon timelines shall constitute non-compliance with the MOU.
2. Limitations on Use of Funds. Notwithstanding the rights and obligations of the Parties created by this MOU, no Party may be found in breach of this MOU where compliance would require that Party to violate any law or grant assurance, including but not limited to provisions of the Federal Aviation Administration 1999 Policy and Procedure Concerning the Use of Airport Revenue [64

Fed. Reg. 7696, dated Feb. 16, 1999]; the Airport and Airway Improvement Act of 1982 codified at 49 U.S.C. § 47107(b); the Federal Aviation Administration Authorization Act of 1994, P.L. 103-305 (Aug. 23, 1994); the Airport Revenue Protection Act of 1996, Title VIII of the Federal Aviation Administration Act of 1996, P.L. 104-264 (Oct. 9, 1996), 110 Stat. 3269 (Oct. 9, 1996); 49 U.S.C. § 46301(n)(5); and 49 U.S.C. § 47133. The Parties recognize that the Authority has received federal Airport Improvement Project (“AIP”) grants containing grant assurance 25, which provides: “All revenues generated by the airport . . . will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport.”

D. Amendments to the Memorandum of Understanding

This MOU may be amended only by unanimous consent of all Copermittees. No amendment shall be effective unless it is in writing and signed by the duly authorized representatives of the Copermittees.

E. Governing Law

This MOU shall be governed and construed in accordance with the laws of the State of California. If any provision or provisions shall be held to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

The headings used throughout this MOU are for convenience only and do not in any way limit or amplify the terms or provisions of the MOU.

F. Consent and Breach Not Waiver

No term or provision hereof shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Copermittee to have waived or consented. Any consent by any Copermittee to, or waiver of, a breach by the other, whether expressed or implied, shall not constitute a consent to, waiver of, or excuse for any other different or subsequent breach.

G. No Indemnification

1. Each Copermittee shall have the sole responsibility to comply with the Permit.
2. Each Copermittee shall pay all fines, penalties, and costs which may arise out of such Copermittee’s non-compliance with the Permit.
3. By entering into this MOU, no Copermittee assumes liability for claims or actions arising out of the performance of any work or actions or omissions, by any other Copermittee, its agents, officers, and employees under this MOU.
4. By entering into this MOU, each Copermittee agrees to defend itself from any claim, action or proceeding arising out of the acts or omissions of itself and retain its own legal counsel, and bear its own defense costs.

H. Application of Prior Agreements

This MOU constitutes the entire Agreement between the parties with respect to the subject matter; all prior agreements, representations, statements, negotiations, and undertakings are superseded hereby.

I. Right to Audit

Each Party retains the right to review and audit, and the reasonable right of access to other Parties' respective premises to review and audit the other Parties' compliance with the provisions of this MOU (Party's Right). The Party's Right includes the right to inspect and photocopy same, and to retain copies, outside of the Parties' premises, of any and all records, including any and all books, records, and documents, related to this MOU with appropriate safeguards, if such retention is deemed necessary by the auditing Party in its sole discretion. This information shall be kept by the auditing Party in the strictest confidence allowed by law.

J. Execution of Agreement

This MOU may be executed in counterpart and the signed counterparts shall constitute a single instrument. In the event that any Copermittee is unable to execute this amendment prior to August 31, 2019, execution of this amendment after that date shall constitute ratification of this amendment, and the MOU and extensions shall be in effect once all signatures are obtained.

RESOLUTION NO. 2019-0079

A RESOLUTION OF THE BOARD OF THE SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY APPROVING AND AUTHORIZING THE PRESIDENT/CEO TO EXECUTE A FOURTH AMENDMENT TO THE MEMORANDUM OF UNDERSTANDING WITH THE SAN DIEGO COUNTY MUNICIPAL STORMWATER COPERMITTEES TO ESTABLISH NOT-TO-EXCEED SPENDING LIMITS AND TO EXTEND THE TERMINATION DATE OF THE MOU TO AT LEAST AUGUST 31, 2024

WHEREAS, federal and state laws require the Authority to properly manage the stormwater that runs off San Diego International Airport into San Diego Bay; and

WHEREAS, the Authority has been subject to the requirements of a Municipal Stormwater Permit (Permit) since August of 2003, a single NPDES Permit governing the prevention and elimination of stormwater and urban runoff pollution issued by the San Diego Regional Water Quality Control Board to the Authority, the County of San Diego, the San Diego Unified Port District, and the 18 incorporated cities in San Diego County (known collectively as the San Diego County Municipal Stormwater Copermittees (Copermittees); and

WHEREAS, the Permit requires that the Copermittees cooperate in the implementation of various urban runoff management plans, programs, and activities; and

WHEREAS, the Copermittees entered into a Memorandum of Understanding (MOU) on November 16, 2007 to ensure implementation and to apportion the cost of these cooperative programs; and

WHEREAS, the Copermittees executed the First Amendment to the MOU on June 15, 2010 in order to allow the refund of budgeted but unspent funds to the Parties at the conclusion of each fiscal year; and

WHEREAS, the Copermittees executed the Second Amendment to the MOU on July 9, 2014 to extend the expiration date of the MOU and to expressly limit the sharing of Fiscal Year 2014-15 expenditures to those identified in the Second Amendment; and

WHEREAS, the Copermittees executed the Third Amendment to the MOU to increase the flexibility of the management structure in responding to the evolving needs of the urban runoff management programs, to establish not-to-exceed spending limits, and to extend the termination date of the MOU; and

WHEREAS, the Copermittees wish to amend the MOU to again establish not-to-exceed spending limits and to extend the termination date of the MOU to at least August 31, 2024.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby approves and authorizes the President/CEO to execute a Fourth Amendment to the Memorandum of Understanding with the San Diego County Municipal Stormwater Copermittees to establish not-to-exceed spending limits and to extend the termination date of the MOU to at least August 31, 2024; and

BE IT FURTHER RESOLVED that the Board finds that this action is not a "project" as defined by the California Environmental Quality Act ("CEQA") (California Public Resources Code §21065); and is not a "development" as defined by the California Coastal Act (California Public Resources Code §30106).

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Award a Contract to S&L Specialty Construction, Inc. for Quieter Home Program Phase 10, Group 3, Project No. 381003 Ten (10) Historic Single-Family Units on Ten (10) Residential Properties located East and West of the San Diego International Airport

Recommendation:

Adopt Resolution No. 2019-0080, awarding a contract to S&L Specialty Construction, Inc. in the amount of \$1,121,687 for Phase 10, Group 3, Project No. 381003, for the San Diego County Regional Airport Authority's Quieter Home Program.

Background/Justification:

The Authority's Quieter Home Program ("Program") provides sound attenuation treatment to residences within the highest noise-impacted neighborhoods surrounding San Diego International Airport ("SDIA"). This contract for Phase 10, Group 3, Project number 381003 includes installation of new acoustical windows, doors, and ventilation improvements to reduce aircraft-related noise levels and provide sound attenuation to ten (10) historic single-family units on ten (10) residential properties located east and west of the Airport (refer to Attachment A).

To date, the Program has completed 3,970 residences, of which 912 are historic and 3,058 are non-historic. 2,476 residences are located west of SDIA and 1,494 are located east of SDIA.

Project No. 381003 was advertised on July 2, 2019, and bids were opened on August 6, 2019. The following bids were received (refer to Attachment B):

Company	Total Bid
G&G Specialty Contractors, Inc.	\$1,142,928.00
S&L Specialty Construction, Inc.	\$1,121,687.00

The Engineer's estimate is \$951,506.29.

Although the low bid amount is more than 10% over the Engineer's estimate, it is considered responsive given the complexity of this particular project. The scope of work on these historic homes includes challenging and intricate wood or aluminum window installations. As an example, one property within this project includes fifty-eight (58) historic aluminum windows. The low bid of \$1,121,687 is considered responsive and S&L Specialty Construction, Inc. is considered responsible.

Award to S&L Specialty Construction, Inc. is, therefore, recommended in the amount of \$1,121,687.00.

Fiscal Impact:

Adequate funds for the contract with S&L Specialty Construction, Inc. are included in the adopted FY 2020 and conceptual FY 2021 Operating Expense Budgets within the Quieter Home Program budget line item. Sources of funding include federal Airport Improvement Program grants and Passenger Facility Charges.

Environmental Review:

- A. CEQA. This Board action is a "project" subject to the California Environmental Quality Act ("CEQA"), Pub. Res. Code §21065. The individual projects under the Quieter Home Program are part of a class of projects that are categorically exempt from CEQA: 14 Cal. Code Regs. §15301 – "Existing Facilities: Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination."
- B. California Coastal Act. This Board action is a "development" as defined by the California Coastal Act, Cal. Pub. Res. Code §30106. The individual projects under the Quieter Home Program will consist of treatments to single-family and multi-family dwellings. Improvements to single-family homes are exempt from coastal permit requirements under Cal. Pub. Res. Code §30610(a) and 14 Cal. Code Regs. §13250 – "Improvements to Single-Family Residences." The proposed improvements to multi-family residences are exempt from coastal permit requirements under Cal. Pub. Res. Code §30610(b) and 14 Cal. Code Regs. §13253 – "Improvements to Structures Other than Single-Family Residences and Public Works Facilities that Require Permits."

Application of Inclusionary Policies:

The Authority has the following inclusionary programs/policies: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program and Policy 5.12. These programs/policy are intended to promote the inclusion of small, local, service disabled/veteran owned small businesses, historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs/policy named above can be used in any single contracting opportunity.

The Authority's DBE Program, as required by the U.S. Department of Transportation, 49 Code of Federal Regulations (CFR) Part 26, calls for the Authority to submit a triennial overall goal for DBE participation on all federally funded projects. When federal funds are utilized, the Authority is prohibited from using a program that provides a preference such as those used in Policy 5.12. Therefore, the Authority must utilize other means as provided in the DBE Plan to achieve participation.

This project utilizes federal funds; therefore, it will be applied toward the Authority's overall DBE goal. S&L Specialty Construction, Inc. proposed 3.3% DBE participation on QHP Phase 10, Group 3.

RESOLUTION NO. 2019-0080

A RESOLUTION OF THE BOARD OF THE SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY, AWARDING A CONTRACT TO S&L SPECIALTY CONSTRUCTION, INC., IN THE AMOUNT OF \$1,121,687 FOR PHASE 10, GROUP 3, PROJECT NO. 381003, FOR THE SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY'S QUIETER HOME PROGRAM

WHEREAS, the San Diego County Regional Airport Authority ("Authority") has established a residential sound insulation program, known as the Quieter Home Program ("Program"), to reduce aircraft noise levels in the homes of residents living within the highest noise-impacted neighborhoods surrounding San Diego International Airport ("Airport"); and

WHEREAS, Phase 10, Group 3, of the Program will include installation of new acoustical windows, doors, and ventilation improvements to reduce aircraft-related noise levels inside the homes; and

WHEREAS, Phase 10, Group 3, of the Program provides sound attenuation to ten (10) Historic Single-Family Units on ten (10) residential properties located west and east of the Airport; and

WHEREAS, the Authority issued a Bid Solicitation Package for Phase 10, Group 3, on July 2, 2019; and

WHEREAS, on August 6, 2019, the Authority opened sealed bids received in response to the Bid Solicitation Package; and

WHEREAS, the apparent low bidder S&L Specialty Construction, Inc. submitted a bid of \$1,121,687 and the Authority's staff has duly considered the bid and has determined that S&L Specialty Construction, Inc. is responsible and its bid is responsive in all material respects; and

WHEREAS, the San Diego County Regional Airport Authority Board ("Board") believes that it is in the best interest of the Authority and the public that it serves to award S&L Specialty Construction, Inc., the lowest bidder, the contract for Phase 10, Group 3, upon the terms and conditions set forth in the Bid Solicitation Package.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby awards a contract to S&L Specialty Construction, Inc., in the amount of \$1,121,687 for Phase 10, Group 3, Project No. 381003, for the San Diego County Regional Airport Authority's Quieter Home Program; and

BE IT FURTHER RESOLVED that the Authority's President/CEO or designee is hereby authorized to execute and deliver such contract to S&L Specialty Construction, Inc.; and

BE IT FURTHER RESOLVED that the Authority and its officers, employees, and agents are hereby authorized, empowered, and directed to do and perform all such acts as may be necessary or appropriate in order to effectuate fully the foregoing; and

BE IT FURTHER RESOLVED that the Board of the San Diego County Regional Airport Authority finds that this is a "project" as defined by the California Environmental Quality Act ("CEQA"), Cal. Pub. Res. Code §21065; and is a "development," as defined by the California Coastal Act, Cal. Pub. Res. Code §30106 and that the individual Quieter Home Program projects are categorically exempt from the CEQA under Cal. Code Regs. §15301(f), "Existing Facilities," and are exempt from coastal permit requirements under Cal. Pub. Res. Code §§30610(a) and 30610(b) and 14 Cal. Code Regs. §§13250 and 13253.

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Approve and Authorize the President/CEO to Execute an Agreement with Civilian, Inc. for Marketing, Advertising and Creative Services

Recommendation:

Adopt Resolution No. 2019-0081, approving and authorizing the President/CEO to execute an agreement with Civilian, Inc. for strategic marketing, advertising and creative services for a three-year term with two one-year options exercisable at the sole discretion of the President/CEO for a total amount not to exceed \$1,500,000 should all option years be exercised.

Background/Justification:

The San Diego County Regional Airport Authority (Airport Authority) is currently repositioning the San Diego International Airport brand and is committed to engaging with its tenants and partners to deliver on its promise. This is a cultural effort that will define the customer experience and shape the airport's legacy in the community and region. This is in addition to the Airport Authority's ongoing various programs and initiatives to create awareness and demand for airport products and services (e.g., new or enhanced air service, airport parking and concessions, etc.).

In order to deliver on all initiatives, the Airport Authority issued a Request for Proposals (RFP) for marketing, advertising and creative services in support of these and other initiatives.

Notice of this business opportunity was posted on the Airport Authority website and advertised in the San Diego Daily Transcript.

Twelve (12) proposals were received and deemed responsive from the following firms:

- AM Strategies
- Civilian, Inc.
- Experiences For Mankind
- HAPI
- Hiltachk-Mering Carson
- I.D.E.A.
- IPG
- Libre Design
- MIG, Inc.
- MiresBall
- Natively Fluent
- Wisser

The evaluation panel shortlisted rankings of the proposals. The four (4) highest ranked firms were invited to interview on July 31, 2019. The Respondents were asked to provide responses to a specific list of questions, prepared by the evaluation panel, which targeted the evaluation criteria presented in the RFP. The panelists' final rankings are presented below:

Rankings	Panelist 1	Panelist 2	Panelist 3	Panelist 4	Panelist 5	Total	Rank
Civilian	1	2	1	1	2	7	1
Hiltachk	3	1	2	2	1	9	2
IDEA	2	3	3	3	3	14	3
MiresBall	4	4	4	4	4	20	4

Upon conclusion of the four interviews, Civilian, Inc. was selected as the first-ranked team for negotiations and, if successful, award of contract. Civilian, Inc. demonstrated strong knowledge, experience and a comprehensive work plan during the solicitation process.

Civilian, Inc., is a full-service agency located in Liberty Station that offers services including strategic planning, research and audience insights, brand development, creative development and production, web design and development, media planning and placement, digital and social media, public relations, and community engagement. They have experience working with major international airports, including rebranding and campaign development for Mineta San Jose International Airport and creating and executing the outreach strategy and media plan for LAX's largest terminal construction project.

Fiscal Impact:

Adequate funding for the Civilian contract is included in the adopted FY 2020 and conceptually approved FY 2021 Operating Expense Budgets within the consulting services line item. This contract impacts budget years that have not been adopted and will be included in future year budget requests.

Authority Strategies:

This item supports one or more of the Authority Strategies, as follows:

- Community Strategy
 Customer Strategy
 Employee Strategy
 Financial Strategy
 Operations Strategy

Environmental Review:

- A. CEQA: This Board action is not a project that would have a significant effect on the environment as defined by the California Environmental Quality Act ("CEQA"), as amended. 14 Cal. Code Regs. §15378. This Board action is not a "project" subject to CEQA. Cal. Pub. Res. Code §21065.
- B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

The Authority has the following inclusionary programs and policy: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program and Policy 5.12. These programs and policy are intended to promote the inclusion of small, local, service disabled/veteran owned small businesses, historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs or policy named above can be used in any single contracting opportunity.

This contract does not utilize federal funds and provides limited opportunities for sub-contractor participation; therefore; at the option of the Authority, Policy 5.12 was applied to promote the participation of qualified small businesses, service disabled/veteran owned small businesses, and local businesses. Policy 5.12 provides a preference of up to seven percent (7%) in the award of selected Authority contracts. When bid price is the primary selection criteria, the maximum amount of the preference cannot exceed \$200,000. The preference is only applied in measuring the bid. The final contract award is based on the amount of the original bid.

In accordance to Policy 5.12, the recommend firm, Civilian, Inc., did not receive preference for small business, service disabled/veteran owned small business and local business.

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Approve and Authorize the President/CEO to Negotiate and Execute an Executive Program Manager Services Agreement with David Brush Consulting for the Airport Development Program and Related Projects at San Diego International Airport

Recommendation:

Adopt Resolution No. 2019-0082, approving and authorizing the President/CEO to negotiate and execute an Executive Program Manager Services Agreement with David Brush Consulting for a term of three (3) years, with the option for four (4), one-year extensions, to be exercised at the sole discretion of the President/CEO, in an amount not-to-exceed \$1,890,000, in support of the Airport Development Program and related projects at San Diego International Airport.

Background/Justification:

Should the San Diego County Regional Airport Authority (“Authority”) Board (“Board”) authorize the Airport Development Program (ADP), the ADP will be the largest and most complex design and construction program undertaken by the Authority in its over 90 year history.

The centerpiece of the ADP is the replacement of the 50 year-old Terminal 1. It is anticipated that major components of the ADP will include:

1. **Terminal and Roadways:** A new Terminal 1 with as many as 30 gates and improved baggage claim areas and curbside access. Also included would be a new dedicated on-airport roadway allowing in-bound traffic direct access to the airport from just west of the Laurel Street and Pacific Highway merge and new terminal roadways that will separate arriving and departing passenger traffic with an elevated departures roadway that will include curbside check-in.
2. **Apron:** New aircraft apron, the creation of Taxiway A, and the reconfiguration of Taxiway B.
3. **New Administration Building:** A replacement Administration Building for the Authority’s current administration building that is in the footprint of the new terminal complex.

4. Terminal 1 Parking Plaza: Authority staff are currently analyzing the need for a new parking plaza directly adjacent to the proposed replacement Terminal 1. If there is enough parking demand and the Authority decides to proceed, the Terminal 1 Parking Plaza will include up to 5,500 parking spaces and up to five (5) levels, providing a net increase of up to 650 spaces above existing surface parking areas.

The Environmental Impact Report (“EIR”) related to the ADP is expected to be issued for review and public comment in 2019. At the end of the comment period, Authority staff will review and respond to any comments received and expect to return to the Board in late 2019 or early 2020 to request the certification of the EIR.

Should the Board authorize the implementation of the ADP, Authority staff expects to bring a recommended design-build team for the Terminal and Roadways package to the Board in spring of 2020. Construction of ADP components would then begin in 2021.

The Authority will require a high caliber executive program manager (“EPM”) consultant with unique experience and expertise in advising and assisting airports with large-scale, complex design and construction projects to assist the Authority in ensuring the timely execution of the ADP.

The EPM consultant will be able to provide immediate guidance related to the procurement of ADP components and in the structuring of the overall program.

The EPM consultant will work collaboratively with Authority staff and the Authority’s Program Management/Construction Management (“PM/CM”) consultant team led by AECOM. Authority staff and the AECOM team will be responsible for implementation of the various components of the ADP. The EPM consultant will be responsible for oversight of the ADP through the life of the program and shall provide program-level leadership and effective executive program management of the ADP, advise the Authority’s executive management team, and discuss the ADP at outreach events throughout the community.

Selection Process:

On April 17, 2019, a Request for Qualifications (“RFQ”) was issued to obtain Statements of Qualifications (“SOQ”) from qualified firms to provide comprehensive executive program manager services for the ADP.

On May 20, 2019, the Authority received SOQ from three prospective consultant firms as follows:

1. David Brush Consulting (“Brush Consulting”)
2. R.W. Block Consulting, LLC (“R.W. Block”)
3. Zenith Consultants (“Zenith”)

An Evaluation Panel ("Panel") consisting of the following four voting members was established to review the SOQ:

1. Vice President, Development
2. Vice President, Operations
3. Vice President, Finance
4. Director, Airport Design and Construction

The SOQ Scoring Criteria considered the Respondents' proposed cost, airport experience, proposed executive program manager and work plan.

The Panel conducted a thorough review of the SOQ and prepared the following shortlist rankings and scores:

Shortlist Rankings	Panelist 1	Panelist 2	Panelist 3	Panelist 4	Total	Rank
Brush Consulting	1	2	1	1	5	1
R.W. Block	2	1	2	2	7	2
Zenith	3	3	3	3	12	3

Combined Shortlist Scores	Cost	Firm's Airport Experience	Executive Program Manager	Work Plan	Total
Brush Consulting	420	1295	1480	380	3575
R.W. Block	480	1225	1320	320	3345
Zenith	600	0	920	240	1760

The two highest ranked firms were invited to interview on July 23, 2019. The Respondents were asked to provide responses to a specific list of questions, prepared by the evaluation panel, which targeted the evaluation criteria presented in the solicitation.

The panelist's final rankings are presented below:

Final Rankings	Panelist 1	Panelist 2	Panelist 3	Panelist 4	Total	Rank
Brush Consulting	1	1	1	1	4	1
R W Block	2	2	2	2	8	2

The Panel's combined scores for the SOQ are as follows:

Combined Final Scores	Cost	Firm's Airport Experience	Executive Program Manager	Work Plan	Total
Brush Consulting	560	950	1520	450	3480
R W Block	640	775	1000	375	2790

Based on the rankings, the Panel recommended that David Brush Consulting be selected.

David Brush Consulting

David Brush Consulting is a sole proprietorship with one employee, David Brush, whose airport experience began in 1978. In the last 15 years, Brush Consulting has led the implementation of many large capital programs at airports throughout the country. In 2006, Brush Consulting was selected as the owner's representative for San Jose Norman Y. Mineta International Airport's Terminal Area Improvement Program. Following the completion of that program, Brush Consulting served as the program director for the Authority's Terminal Development Program and Rental Car Center from 2010-2015. From 2015 to 2018, Brush Consulting led the implementation of the International Arrivals Facility program at Seattle-Tacoma International Airport.

Recommendation:

Authority staff recommends that the President/CEO be authorized to negotiate and execute an Executive Program Manager Services Agreement ("Agreement") with David Brush Consulting for a term of three (3) years with an option for four (4) one-year extensions, to be exercised at the sole discretion of the President/CEO, for Executive Program Manager Services in an amount not-to-exceed \$1,890,000, in support of the ADP and related projects

Fiscal Impact:

Adequate funds for the Executive Program Manager Consulting Services Agreement are included within the approved FY2020-FY2024 Capital Program Budget in Project No. 400003 ADP Procurement & Logistics. Sources of funding for this project include Airport Revenue Bonds, Short Term Debt (Commercial Paper and/or Revolving Lines of Credit), Passenger Facility Charges, Airport Cash, Federal Entitlements, and Discretionary Grants.

WHEREAS, should the Board authorize the implementation of the ADP, Authority staff expects to bring a recommended design-build team for the Terminal and Roadways package to the Board in spring of 2020 and construction of ADP components would then begin in 2021; and

WHEREAS, the Authority will require a high caliber executive program manager (“EPM”) consultant with unique experience and expertise in advising and assisting airports with large-scale, complex design and construction projects to assist the Authority in ensuring the timely execution of the ADP; and

WHEREAS, the EPM consultant will be able to provide immediate guidance related to the procurement of ADP components and in the structuring of the overall program; and

WHEREAS, the EPM consultant will work collaborative with Authority staff and the Authority’s Program Management/Construction Management (“PM/CM”) consultant team led by AECOM; and

WHEREAS, Authority staff and the AECOM team will be responsible for implementation of the various components of the ADP; and

WHEREAS, the EPM consultant will be responsible for oversight of the ADP through the life of the program and shall provide program-level leadership and effective executive program management of the ADP, advise the Authority’s executive management team, and discuss the ADP at outreach events throughout the community; and

WHEREAS, on April 17, 2019, a Request for Qualifications (“RFQ”) was issued to obtain Statements of Qualifications (“SOQ”) from qualified firms to provide comprehensive executive program management services for the ADP; and

WHEREAS, on May 20, 2019, the Authority received SOQ from three prospective consultant firms as follows:

1. David Brush Consulting (“Brush Consulting”)
2. R.W. Block Consulting, LLC (“R.W. Block”)
3. Zenith Consultants (“Zenith”); and

WHEREAS, an Evaluation Panel (“Panel”) was established to evaluate the three responsive SOQs; and

WHEREAS, the SOQ Scoring Criteria used to short-list qualified firms considered the Respondents’ proposed cost, airport experience, proposed executive program manager and work plan; and

WHEREAS, the Panel also evaluated the Respondents’ responses to a specific list of questions, prepared by the evaluation panel, which targeted the evaluation criteria presented in the solicitation; and

WHEREAS, the Panel conducted a thorough review of the SOQ and determined that David Brush Consulting and R W Block were uniquely qualified to perform the requested executive program manager services; and

WHEREAS, on July 23, 2019, the Panel interviewed the two firms; and

WHEREAS, David Brush Consulting was the highest-ranked firm.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby approves and authorizes the President/CEO to negotiate and execute an Executive Program Manager Services Agreement with David Brush Consulting for a term of three (3) years, with the option for four (4), one-year extensions, to be exercised at the sole discretion of the President/CEO, in an amount not-to-exceed \$1,890,000, in support of the Airport Development Program and related projects at San Diego International Airport; and

BE IT FURTHER RESOLVED that the Authority and its officers, employees, and agents hereby are authorized, empowered, and directed to do and perform all such acts as may be necessary or appropriate in order to effectuate fully the foregoing resolution; and

BE IT FURTHER RESOLVED that the Board finds that this action is not a “project” as defined by the California Environmental Quality Act (“CEQA”) (California Public Resources Code §21065); and is not a “development” as defined by the California Coastal Act (California Public Resources Code §30106).

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Award a Contract to Siemens Logistics, LLC for Replace Baggage Screening Equipment – Terminal 2 East at San Diego International Airport

Recommendation:

Adopt Resolution No. 2019-0083, awarding a contract to Siemens Logistics, LLC, in the amount of \$7,360,860 for Project No. 104235, Replace Baggage Screening Equipment – Terminal 2 East at San Diego International Airport.

Background/Justification:

Project No. 104235, Replace Baggage Screening Equipment – Terminal 2 East (“T2E”) is a San Diego County Regional Airport (“Airport”) Authority (“Authority”) Board (“Board”) approved project in the FY2020 Capital Improvement Program (“CIP”).

In December 2016, the Transportation Security Administration (TSA), requested the Authority perform an alternatives study to determine the scope of work necessary to replace outdated Explosive Detection System (EDS) machines, including optimization of the Baggage Handling System (BHS). The preferred alternatives study, identifying scope of work and associated costs, was finalized in June 2017.

This project will support the TSA mandate for replacement of outdated baggage screening equipment capable of higher throughput and more effective detection technology. The scope of work includes replacement of three EDS machines, optimization of associated BHS, and construction of a new Checked Baggage Resolution Area (CBRA) enclosure and incidental related items of work.

Construction will be phased in such a way as to support airline and TSA uninterrupted operations and meet the technical requirements for the project. (Attachment A).

This contract was advertised on May 17, 2019, and sealed bids were opened on July 2, 2019. The following bids were received: (Attachment B)

Company	Total Bid
Siemens Logistics, LLC	\$7,360,860
G&S Mechanical USA, Inc.	\$9,984,873

The Engineer’s estimate was \$5,500,000, while the lowest bid proposal was \$7,360,860.

Page 2 of 3

Approximately \$500,000 of the additional construction costs can be associated with the new vertical sorters and baggage conveyer control optimization work scope, required in order to improve system performance in the baggage inspection area, to support Alaska Airlines' move to T2E earlier this year.

In addition, from the many established and qualified bidders nationwide for this type of BHS specialty trade work, only two responded to the bid solicitation. The low response rate and higher bid amounts reflect current market trends associated with high demand for BHS work nationwide, thereby driving up prices on equipment, materials and labor.

Despite the current unfavorable market conditions, staff recommends this project proceed forward in order to address increase demand and TSA security concerns related to extended use of outdated EDS equipment, improve reliability and increase throughput rate of the BHS.

The low bid of \$7,360,860, is responsive, and Siemens Logistics, LLC is considered responsible. Staff recommends award to Siemens Logistics, LLC in the amount of \$7,360,860.

Fiscal Impact:

Adequate funds for Replace Baggage Screening Equipment – T2 East are included within the Board adopted FY2020-FY2024 Capital Program Budget in Project No. 104235. Source of funding for this project include Airport Bonds and Cash.

Authority Strategies/Focus Areas:

This item supports one or more of the following (*select at least one under each area*):

Strategies

Environmental Review:

A. CEQA: This Board action is not a project that would have a significant effect on the environment as defined by the California Environmental Quality Act ("CEQA"), as amended. 14 Cal. Code Regs. §15378. This Board action is not a "project" subject to CEQA. Cal. Pub. Res. Code §21065.

B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

The Authority has the following inclusionary programs and policy: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program and Policy 5.12. These programs and policy are intended to promote the inclusion of small, local, service disabled/veteran owned small businesses (SD/VOSB), historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs or policy named above can be used in any single contracting opportunity.

This contract does not utilize federal funds and provides opportunities for sub-contractor participation; therefore, at the option of the Authority, Policy 5.12 was applied. Policy 5.12 establishes separate goals for the participation of: (1) small businesses; (2) local businesses; and, (3) service disabled/veteran owned small businesses (SD/VOSB). The maximum preference applied under Policy 5.14 is seven percent (7%): three percent (3%) for small business participation; two percent (2%) for local business participation; and, two percent (2%) for SD/VOSB participation. When bid price is the primary selection criteria, the maximum amount of the preference cannot exceed \$200,000. The preference is only applied in measuring the bid. The final contract award is based on the amount of the original bid. When bid price is not the primary selection criteria, the preference is only applied to determine which proposers are interviewed for final consideration. Per Policy 5.12, the preference is not applied in the final selection.

In accordance with Policy 5.12, Siemens Logistics, LLC did not meet the SBE goal of 34% with 13% certified small business participation for 0% small business preference, did not meet the SD/VOSB goal of 3% for 0% SD/VOSB preference, and did not meet the 63% certified local business goal for 0% local business preference.

The low response rate and higher bid amounts reflect current market trends associated with high demand for BHS specialty services nationwide, driving up prices on equipment, materials and labor. Overhead costs are relatively higher than estimated. Contractor is distributing more costs on overhead and less on direct costs. Costs were either missed or included under other bid items. No significant impact to the bid.

Recommendation:

Siemens' bid amount received is 34% higher than the Engineer's estimate. This is in line with current market trends as explained above. The project was already value engineered to help minimize adverse impacts due to anticipated market driven cost escalations. Accordingly, there are no viable options to change the design approach or scope without significantly compromising original design intent and integrity and quality of the Work.

Given the urgency to execute this project due to peak demands potentially impacting TSA and airline operations, it is recommended to provide the additional funding needed to execute the project. The Authority is engaging with TSA to negotiate additional reimbursement to cover some of the costs associated with the new CBRA enclosure under Bid Item 2 and cost escalations due to current market trends.

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Approve and Authorize the President/CEO to Execute an Agreement with Velocity Technology Solutions, Inc. for Oracle JD Edwards EnterpriseOne (JDE E-1) Hosting and Management Services

Recommendation:

Adopt Resolution No. 2019-0084, approving and authorizing the President/CEO to execute an agreement with Velocity Technology Solutions, Inc., for a three-year term with an option for 2 one-year extensions in an amount not-to-exceed \$2,450,000, to host, manage and provide functional support services for Oracle JD Edwards EnterpriseOne software.

Background/Justification:

The Authority currently has an agreement with Velocity Technology Solutions, Inc. to provide functional support and hosting of the Authority's Enterprise Resource Planning software Oracle JD Edwards EnterpriseOne. Oracle JD Edwards EnterpriseOne is the software the Authority uses to manage its financials, payroll, procurement, human resources, real estate and capital assets. The current agreement has a term of five years, ending on November 30, 2019.

Hosting is the provision of computing services on the hosting firm's remote computer systems. A hosting firm has computing centers that are certified to withstand major catastrophic events (e.g., earthquakes, floods, other natural disasters) by having specially built facilities, redundant power sources, very strict security and access controls, and redundant computing centers. This relieves the need for the Authority to construct similar expensive facilities and hire additional personnel solely dedicated to operating and maintaining the Authority's Enterprise Resource Planning system. In addition to the added reliability of a hosted environment, the Authority gains the benefit of having a disaster recovery site to support business continuity in the event of a major disaster.

Velocity Technology Solutions, Inc will also provide functional support services for the Oracle JD Edwards EnterpriseOne system. This support includes problem resolution, code creation, and report customization.

Background: On June 7, 2019 the Authority issued a Request for Proposals seeking a firm to provide Oracle JD Edwards EnterpriseOne v9.2 hosting and management services. Notice of the solicitation was advertised in the San Diego Daily Transcript and on the Authority's Website.

Small Business Preference: In accordance with Policy 5.12, the following recommended firm received a small business preference: None

Business Type Participation –

Prospective Firms: 19 firms viewed the opportunity.

Submitted Proposals: The Authority received 2 proposals on July 11, 2019. Both firms were invited to interview on August 1, 2019. The Respondents were asked to provide responses to a specific list of questions, prepared by the evaluation panel, which targeted the evaluation criteria presented in the solicitation. The panelist’s final rankings are presented below:

Shortlist Rankings	Panelist 1	Panelist 2	Panelist 3	Total	Rank
Syntax USA Acquisition Company	2	2	1	5	2
Velocity Technology Solutions, Inc.	1	1	2	4	1

Combined Shortlist Scores	SB	Local	Vet.	Cost	Sustain.	Co. Exper.	Staff	Work Plan	Total
Syntax USA Acquisition Company	0	0	0	540	50	770	330	525	2215
Velocity Technology Solutions, Inc.	0	0	0	600	50	945	390	575	2560

Fees: The Procurement department staff reached out to Velocity Technology Solutions, Inc., requesting a concession on their rates. The Respondent provided a 16.93% discount on their monthly service rate resulting in a savings of \$201,720 over the term of the agreement.

Recommendation: Award an agreement to Velocity Technology Solutions, Inc. for an amount not to exceed \$2,450,000 for a 3-year term with an option for 2 one-year extensions exercisable at the sole discretion of the President/CEO

Fiscal Impact:

Adequate funding for a Managed Hosting Service Agreement with Velocity Technology Solutions, Inc. is included in the adopted FY 2020 and conceptually approved FY 2021 Operating Expenses Budgets within the Services-Other line item. Expenses that will impact budget years that have not been adopted/approved by the Board will be included in future year budget requests.

- B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

The Authority has the following inclusionary programs and policy: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program and Policy 5.12. These programs and policy are intended to promote the inclusion of small, local, service disabled/veteran owned small businesses, historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs or policy named above can be used in any single contracting opportunity.

This contract does not utilize federal funds and provides limited opportunities for sub-contractor participation; therefore; at the option of the Authority, Policy 5.12 was applied to promote the participation of qualified small businesses, service disabled/veteran owned small businesses, and local businesses. Policy 5.12 provides a preference of up to seven percent (7%) in the award of selected Authority contracts. When bid price is the primary selection criteria, the maximum amount of the preference cannot exceed \$200,000. The preference is only applied in measuring the bid. The final contract award is based on the amount of the original bid.

In accordance to Policy 5.12, the recommended firm Velocity Technology Solutions, Inc. did not receive small business, local business, and service disabled/veteran owned small business preference.

STAFF REPORT

Meeting Date: **SEPTEMBER 5, 2019**

Subject:

Accept the Carbon Neutrality Plan and Clean Transportation Plan for San Diego International Airport.

Recommendation:

Adopt Resolution No. 2019-0085, accepting the Carbon Neutrality Plan and Clean Transportation Plan prepared for San Diego International Airport.

Background/Justification

The San Diego County Regional Airport Authority (Authority), which owns and operates the San Diego International Airport (SAN), has been proactively addressing greenhouse gas (GHG) emissions for over a decade. Starting with its 2008 Memorandum of Understanding with the State Attorney General, the Authority has been implementing projects to reduce greenhouse gases under its direct control (known as Scope 1 & 2 emissions), which are mainly associated with the agency's fleet, building energy use, and emergency generators. These projects have included pursuing more energy efficient building design and operations, installing 5.5 MW of onsite solar photovoltaic arrays, and converting 100% of its shuttles to alternative fuels. The Authority has also been working with its business partners to reduce emissions associated with their activities at SAN (known as Scope 3 emissions). These initiatives have included launching "The Good Traveler" carbon offset program, incentivizing low-carbon taxis and Transportation Network Companies (TNCs) operations, and ground power and pre-conditioned air units for aircraft at all 51 terminal gates.

In 2016, the SAN was officially certified through the Airport Council International's Airport Carbon Accreditation (ACA) program. The third-party verified program is a framework that helps airports identify, manage, and reduce their carbon emissions. Currently, SAN is one of only 15 airports in North America that are certified at Level 3 or above, demonstrating that the Authority has gone beyond implementing a carbon management plan that reduces emissions under its control; and is now effectively partnering with airlines, concessions, and ground transportation operators to help them lower their emissions at SAN. As part of its 5-Year Organizational Strategic Plan, the Board adopted a goal of achieving the top level of the ACA program - Level 3+ Certification "Carbon Neutrality" - by 2022.

Carbon Neutrality Plan

To support this goal, staff has prepared a Carbon Neutrality Plan (CNP). The CNP provides a strategic framework to track the Authority's activities and leadership in climate change mitigation through GHG emission reductions, as well as local air pollution reductions. In addition to inventorying baseline conditions, the CNP summarizes a variety of potential initiatives and tactics within five primary focus areas:

A. Airlines & Aircraft

Potential action items include forming a biofuel task force to engage airlines about options to increase onsite biofuel use; leveraging gate optimization software; and installing an underground fuel hydrant system at all aircraft gates.

B. Transportation

Potential action items include reducing emissions from construction equipment; converting Authority fleet and encouraging third parties to use zero or low emission vehicles; and strengthening inter-agency collaboration regarding regional transit and ground access to the Airport.

C. Energy

Potential action items include participating in direct access or community choice energy programs; installing renewable energy systems in a cost-effective manner; and evaluating alternative fuel options for stationary sources.

D. Other Emissions

Potential action items include updating Tenant Improvement guidelines to emphasize water conservation and resilient design; applying best practices for preventing refrigerant leaks; and expanding the food recovery program to include all applicable tenants and airlines.

E. Carbon Leadership

Potential action items include prioritizing LEED/Envision credits related to carbon and air emissions; expanding passenger participation in The Good Traveler carbon offset program; and leveraging the implementation of aviation-specific offset programs (such as CORSIA).

It is important to note that the CNP also leverages the Authority's other sustainability management planning documents, since they contain actions that additionally address GHG emission reductions. These other documents include the Strategic Energy Plan (final), Water Stewardship Plan (final), Zero Waste Plan (in development), and Clean Transportation Plan (draft). Ultimately, the CNP will support the Airport Authority in reaching the following long-term goals at SAN:

SAN Carbon Neutrality Plan Goals

Goal	Metric	Aspirational Target	Target Timeframe
<i>Authority - Climate Change</i> 1. Minimize the Authority's direct operational impact on climate change	Operationally-controlled GHG emissions including Scope 1, 2, and Authority staff business travel	80% below 2015 levels	By 2035
<i>Authority - Air Quality</i> 2. Minimize the Authority's direct operational impact on local air quality	Conversion of stationary combustion equipment to electric or alternative energy sources	100%	By 2035

<p><i>Airport-Wide Emissions</i> 3. Help airport partners minimize their impact on climate change</p>	<p>GHG intensity, measured by Scope 1, 2, & 3 emissions per passenger</p>	<p>30% below 2015 levels</p>	<p>By 2035</p>
<p><i>Climate Leadership</i> 4. Provide regional and industry leadership and collaboration in climate change solutions</p>	<p>ACA Certification</p>	<p>Level 3+ "Carbon Neutrality"</p>	<p>By 2022</p>
<p><i>Airport Plan Integration</i> 5. Achieve GHG reductions from other Airport plans</p>	<p>GHG-reducing metrics from other sustainability management plans</p>	<p>-----</p>	<p>-----</p>

Clean Transportation Plan

The Authority has developed a detailed Clean Transportation Plan (CTP) to effectively manage emissions from the transportation sector. The CTP covers all related vehicles and equipment accessing and operating at SAN, whether owned and operated by the Authority or by third parties. In addition to inventorying baseline conditions, the CTP summarizes a variety of potential initiatives and tactics within six primary focus areas:

- A. Alternative Fuels & Vehicle Efficiency
Potential action items include adopting the use of renewable diesel for ground support equipment; providing preferred passenger parking locations for alternative fuel vehicles; and training staff on new transportation pollution control technologies.
- B. Efficient & Sustainable Transportation Infrastructure
Potential action items include providing safe bicycle lanes and walking paths to and from the Airport; installing "smart park" systems to efficiently utilize garage capacity; and expanding covered bicycle storage.
- C. Employee Transportation
Potential action items include developing an Authority employee parking cash-out program; creating an employee ride matching program to support carpooling; and encouraging telecommuting and alternative work schedules.
- D. Congestion & Emissions
Potential action items include strengthening enforcement of existing anti-idling policies; developing a program that requires off-peak delivery schedules when possible; and monitoring advancements in autonomous vehicle technology to proactively prepare SAN.

E. Construction

Potential action items include shuttling workers into the construction site from consolidated parking areas; requiring use of alternatively-fueled construction vehicles; and rewarding proposals that prioritize methods and technologies to minimize vehicle use.

F. Public Transit

Potential action items include launching a new shuttle service between the Old Town Transit Center and SAN; working with MTS to improve the branding and frequency of Bus Route 992; and preserving a transit station area that could directly serve the terminals and connect to the regional transportation network in the future.

Ultimately, the CTP will support the Authority in reaching the following long-term goals at SAN:

SAN Clean Transportation Plan Goals

Goal	Metric(s)	Aspirational Target(s)	Target Timeframe
<i>Zero-Emission Fleet</i> 1. Minimize the Authority's reliance on fossil fuels for its fleet	Conversion of Authority-owned vehicles and equipment to alternative fuels	100%	By 2035
<i>Alternative Fuel Infrastructure</i> 2. Provide enabling infrastructure for passengers, tenants, and employees	Airport-wide parking designated for clean air vehicles and/or electric vehicle-ready	50%	By 2035
<i>Ground Transportation Ops.</i> 3. Incentivize adoption of low carbon strategies by permitted operators	Use GHG rating (GGR) to measure ground transportation providers	GGR of 10	By 2030
<i>Public Transit</i> 4. Provide leadership and collaboration to increase use of transit and other sustainable transportation options	Passenger and employee use of transit, TNC pooling, bicycling, and other sustainable modes	15%	By 2035
<i>Third Party Emissions</i> 5. Encourage emissions reductions from business partners	Conversion of non-Authority vehicles to alternative fuels	100%	By 2035

The CNP and CTP were funded through a grant provided by the Federal Aviation Administration that is specific to assisting airports with comprehensive sustainability

planning. Both draft plans were developed in close coordination with multiple Airport Authority departments, and presented to key external stakeholders for input. The draft plans were also made available on the Authority's website for the general public. The only comment letter received on the draft plans was from Airlines for America, which is a trade association and lobbying group for North American airlines (see Attachment A). As a result, the draft plans were updated to incorporate their suggestions and to address their feedback (see Attachment B). The final draft versions of both plans are currently available for review at www.san.org/green.

Fiscal Impact:

There is no direct fiscal impact with acceptance of the Carbon Neutrality Plan and Clean Transportation Plan. While both the CNP and CTP identify potential strategies to reduce greenhouse gas emissions and to improve local air quality, it does not commit the Airport Authority to funding specific projects or initiatives. Any future projects, policies, and/or programs recommended to the Board to reduce emissions will be evaluated for their fiscal impact on a case-by-case basis and will need to be justified through a benefit-cost-analysis.

Re: Airlines for America Comments on *San Diego International Airport's Public Draft Versions of Clean Transportation and Carbon Neutrality Plans*

Dear Mr. Reed and Mr. Reese:

Airlines for America ("A4A") appreciates this opportunity to comment on the Public Draft Versions of two documents under consideration by the San Diego International Airport ("SAN": or the "Airport"), its *Clean Transportation Plan* (the "CTP") and *Carbon Neutrality Plan* (the "CNP") (together the "Plans"). A4A is the principal trade and service organization of the U.S. airline industry.¹ Together with our members we are pleased to support the development of these plans, which the Airport describes as "part of a suite of plans that comprise [its] overarching Sustainability Management Plan," although we do offer suggestions for improving the drafts.

A4A's members have a strong environmental record and demonstrated commitment to sustainable aviation growth. In fact, although the U.S. airlines contribute less than two percent to our nation's greenhouse gas emissions ("GHG") inventory, we take our role in controlling GHG emissions very seriously. Between 1978 and year-end 2018, the U.S. airlines improved their fuel efficiency by more than 130 percent, saving nearly 5 billion metric tons of carbon dioxide ("CO₂"), equivalent to taking 26 million cars off the road each of those years. And, they carried 42 percent more passengers and cargo in 2018 than they did in 2000, while emitting just 3 percent more CO₂.

At the same time, commercial aviation drives our national, state and local economies. At the national level, the commercial aviation industry drives more than \$1.5 trillion in economic activity and 10 million jobs. The Federal Aviation Administration ("FAA") determined that in 2014, civil aviation contributed 4.2 percent to the State of California's gross domestic product, with commercial airlines directly employing over 130,000 people with a payroll of over \$7.8 billion.² A more recent study completed on behalf of the San Diego County Regional Airport Authority found that in 2017, San Diego International Airport supported more than 117,000 jobs (\$3.9 billion in payroll) and \$11.9 billion in economic output, with commercial airlines and other aviation tenants alone providing over 9,300 jobs with a total payroll of over \$350 million and driving over \$800 million in economic output.³ The report rightly concludes the Airport is "far more than a vital transportation resource for the San Diego Region. The airport is also a critical catalyst for the regional economy."⁴

The U.S. airlines have achieved this level of simultaneous economic and environmental performance through relentless pursuit and implementation of technology, operational, and infrastructure measures to minimize our environmental impact. And we are committed to accelerating the pace of progress. U.S. commercial airlines are active participants in a global aviation coalition that has committed to 1.5 percent annual average fuel efficiency improvements through 2020 and carbon neutral growth from 2020, subject

to critical aviation infrastructure and technology advances achieved by government and industry, with an aspirational goal of a 50 percent reduction in CO₂ by 2050 relative to 2005 levels.

Our primary focus is on getting further fuel efficiency and emissions savings through new aircraft technology, sustainable aviation fuels (“SAF”) and air traffic management and other operational and infrastructure improvements. For example, we initiated and have long supported the development and deployment of SAF through our Commercial Aviation Alternative Fuels Initiative[®] (CAAFI), which A4A co-founded in 2006 with FAA, the Aerospace Industries Association (AIA) and Airports Council International-North America (ACI-NA) to serve as the driving and coordinating force for the industry’s efforts. Through CAAFI, we have continually worked to address and overcome the challenges to commercial-scale deployment of SAF – ensuring safety and environmental benefit while working to achieve SAF supply reliability and cost-competitiveness.

In addition, for decades we have devoted significant time and resources supporting International Civil Aviation Organization (“ICAO”) efforts to develop emissions standards for aircraft and aircraft engines (including for oxides of nitrogen, particulate matter and CO₂) and to get those standards incorporated into domestic law. Similarly, A4A leadership was instrumental in the effort that culminated in ICAO’s adoption of the Carbon Offsetting and Reduction Scheme for International Aviation (“CORSIA”) late last year and A4A and our members have led efforts for implementation of CORSIA by the U.S. government.⁵

In this context, our industry’s record and approach align with the Airport Authority’s Sustainability Policy, which emphasizes that “[s]ustainability is consistent with and vigorously reinforces the Authority’s Mission Statement: to operate San Diego’s air transportation gateways in a manner that promotes the region’s prosperity and protects its quality of life” and “endorses the three pillars of sustainability (environmental, social, and economic) to guide and implement the Authority’s practices.”⁶ As such, A4A and its members are pleased to strongly support the CTP and CNP insofar as they set ambitious environmental goals without compromising the Airport’s “crucial role as a major economic engine of employment and economic activity for the San Diego Region.”⁷

It is in this spirit that we offer the following comments on the Plans.

Comments

As an initial matter, we note that these comments do not address each and every aspect of the CTP and CNP, but rather address certain major aspects and features of the Plans. Accordingly, where these comments do not address a particular aspect of either Plan, this should not be interpreted to mean that we agree with that aspect and A4A and/or its members expressly reserve the right to comment on and, if necessary, object to any particular goal, policy, measure or other mechanism to implement the Plans in the future. In this connection, we strongly support the Airport’s “commitment to continued and expanded collaboration to achieve GHG reductions with external stakeholders (Figure 4)” (CNP at 23; CTP at 21). However, as A4A currently is not included in the list of industry organizations identified in Figure 4, we respectfully request that A4A be added to that list.

With respect to funding, we urge the Airport to more explicitly note that much of the funding for the development of the Plans and for the initiatives under them come from the aviation industry itself and work to ensure such funding is appropriately shepherded. For example, we note the observation included

⁵ CORSIA, which was designed to support the achievement of carbon neutral growth in international aviation from 2020 onward, has two parts. First, beginning on January 1, 2019, it required that all aircraft operators with international flights emitting more than 10,000 metric tons of CO₂ monitor and report their emissions under a common set of rules. (Although U.S. aircraft operators have reported fuel burn and emissions to our government for many years, the ICAO agreement spread such a requirement worldwide). Second, CORSIA includes a carbon offsetting obligation, which will commence in 2021 and continue through 2035. This obligation will ensure that should international aviation emissions increase over 2020 levels, those increases will be offset by investment in emissions reductions achieved elsewhere.

in both the CTP and CNP documents that the Plans “like other sustainability-focused plans ha[ve] been developed through a grant provided by the [FAA], under their Airport Improvement Program.”⁸ The Airport should expand upon this observation by explaining that the Airport Improvement Program is funded (via the Airport and Airway Trust Fund) by revenues generated by taxes and fees imposed on the aviation industry, the predominate share of which is borne by commercial airlines and our passengers. So too, where programs outlined in the Plans will rely on substantial investments in airport infrastructure (e.g., airside infrastructure to support electrification of airport ground support equipment (“GSE”)), the Airport should highlight that this infrastructure will be paid for using revenues generated by the aviation industry itself. This is an important consideration when evaluating the total costs and sustainability of any such program at the outset. In addition, the Airport needs to consider the availability of AIP and any other funds for the full array of programs it is considering to prioritize among resources and ensure that such expenditures adhere to the FAA’s Revenue Diversion Policy. (For example, looking at the CTP at 50, which speaks to subsidizing train and/or bus passes for employees and construction workers; providing incentives such as rebates and/or preferred parking for staff /vanpools/carpools, there could be real issues about whether such measures would constitute revenue diversion).

Revenue diversion limitations and other considerations also come into play with respect to the appropriate structure of any program designed to offset carbon emissions or to establish “an industry-wide GHG Reduction Fund” that would rely on off-airport/non-aviation emissions reductions as suggested in the CNP. In addition to the question of funding sources for such emissions-reducing projects, there are real questions about how such a program might relate to the CORSIA program. Because the international agreement for CORSIA stipulates that CORSIA is to be the single market-based measure applying to carbon emissions from international aviation, any program the Airport might pursue cannot run counter to that.

Finally, many funding sources identified by the Airport, such as FAA’s Voluntary Airport Low Emission program and CARB’s Carl Moyer program (CTP at 62; CNG at 60), depend on maintaining the voluntary nature of the emissions reductions achieved. We strongly support the use of such funds where available and strongly urge the Airport to establish voluntary emission reduction programs to maintain access to such funds.

There are several aspects of the Plans, particularly with respect to many of the initiatives aimed airlines and aircraft in the CNP, that need to be reconsidered in light of the Airport’s limited authority to act in certain circumstances. Most importantly, FAA exercises exclusive and plenary authority over aircraft operations and supporting functions and State and local governments are precluded from regulating such operations.⁹ For example, FAA regulations unequivocally provide, that “[t]he pilot in command of an aircraft is directly responsible for, and is the final authority as to, the operation of that aircraft.” 14 C.F.R. §91.3. This pervasive federal regulatory scheme extends to both aircraft in flight and aircraft-related operations on the ground.¹⁰ In this context, the Airport should consider its characterization of its “level of control” over “aircraft”, “aircraft auxiliary power unit” and “GSE” as “influential” (CNP at 48). It is particularly problematic that the Airport uses precisely the same term to characterize its “level of control” over other types of vehicles such as “public access vehicles” such as “cars”, “taxis” “shuttles” etc. In

⁸ CNP at 7. While the CTP affirms the plan has “been developed through a grant by the [FAA]” without specifically identifying the source of funding as AIP, we assume the source of funding for the CTP and CNP are the same.

⁹ The Federal Aviation Act establishes “a uniform and exclusive system of federal regulation” of aircraft operations to be administered by the FAA. *Burbank v. Lockheed Air Terminal, Inc.*, 411 U.S. 624, 639 (1973). See also *Abdullah v. American Airlines, Inc.*, 181 F.3d 363, 370 n.10 (3d Cir. 1999) (aviation regulation is an area where “[f]ederal control is intensive and exclusive”) (quoting *Northwest Airlines, Inc. v. Minnesota*, 322 U.S. 292, 303 (1944)). In addition, the Airline Deregulation Act (“ADA”) expressly preempts any state regulation “related to a price, route or service of any air carrier.” 49 U.S.C. § 41713(b)(1). The Supreme Court has interpreted the phrase “relat[ed] to” in the ADA preemption provision as preempting any state rule having either “[1] a connection with or [2] reference to” airline rates, routes, or services. *Morales v. Trans World Airlines, Inc.*, 504 U.S. 374, 383-384 (1992). According to the *Morales* Court, the phrase “relat[ed] to” in this provision “express[es] a broad pre-emptive purpose,” and thus ADA preemption has a “broad scope” and an “expansive sweep.” *Id.* at 384.

¹⁰ See, e.g., 49 U.S.C. § 40103(b)(2)(B)-(C); *Burbank-Glendale-Pasadena Airport Authority v. City of Los Angeles*, 979 F.2d 1338, 1341 (9th Cir. 1992) (Federal Aviation Act preempts any regulatory “interference” with the operations of aircraft on the ground); *City of Houston v. FAA*, 679 F.2d 1184, 1195 (5th Cir. 1982) (FAA has regulatory authority “not only [over] the corridors of air traffic, but the use of airports as well”).

reality, the constraints on the legal authority of the Airport and other local entities over aircraft and GSE in relation to aircraft operations are of a wholly different nature. For example, the Airport cannot mandate that “aircrafts use fossil fueled Ground Power Units quickly to reduce engine exhaust” as the pilot in command has final and exclusive authority as to how and when to switch from aircraft- to ground-supplied power.¹¹

In addition, we urge the Airport to reconsider a number of the goals set forth in the Plans - most importantly, the Airport’s goal of reducing “GHG intensity, measured by . . . emissions per passenger” to “30% below 2015 levels” by 2035. (CNP at 32). First, this goal appears to include aircraft, implying Airport authority over the aircraft itself, which, as noted above, is not subject to local regulation or authority. Second, the metric ignores the fact that a significant portion of aircraft operations are all-cargo, and that passenger aircraft often carry significant (non-passenger) cargo loads. Third, there needs to be more clarity regarding how any such metric would be applied at SAN (e.g., what emissions would be counted? If aircraft emissions are to be included, would the emissions potentially be counted by other airports?, etc.) Fourth, the Airport must recognize that airport-specific goals have limited reach and effect given that aircraft emissions make up a majority of airport-wide emissions and the Airport does not have authority to affect factors such as demand for air transportation services that will drive the emissions from the array of emissions sources at the airport needed to support operations. As stated above, we are proud of our environmental record and our very significant progress to date in reducing emissions on a per-RTM¹² basis and we have every intention of building on and continuing this progress. Accordingly, as our own ambitious CO₂-reduction goals establish, we support the establishment of emissions goals including those that are intensity-based. However, we would need to engage with the Airport extensively to ensure that the GHG intensity goal it articulates here makes sense and aligns with our own ambitious goals. We urge the Airport to reconsider setting public expectations before providing the opportunity for such engagement.

The Plans also need to be revised to address a significant disconnect in the CTP between the goal Airport sets for itself in “converting Authority-owned equipment to hybrid, electric, or alternative fuels” (CTP at 24) and the goal the Authority proposes for “conversion of non-Authority vehicles to hybrid, electric or alternative fuels” (CTP at 25). Specifically, the Authority sets a goal of converting 80% of its equipment by 2035, while setting a goal of converting 100% of non-authority owned equipment by 2035. The Authority is correct to highlight the challenges attending the conversion of vehicles:

the variability of the functions performed by the fleet vehicles, especially larger horsepower, multi-function vehicles such as pickup trucks, may require the use of other [than electric] alternative fuels. . . . The issues described for traditional vehicles are even more relevant for the mobile equipment fleet owned by the Authority. Currently, alternative to traditional fossil-fueled trailers, tractors, and some other GSE used at the airport are not commercially available or are in initial stages of development. CTP at 26.

We respectfully point out that commercial airlines own and operate the large majority of the GSE fleet at SAN, including many “larger horsepower, multi-function vehicles” for which alternatively-fueled models, including electric GSE, are not commercially available (such as large cargo loaders, air starts, deicers, tractors for large twin-aisle aircraft, etc.). The divergence between the goals for conversion of Authority-owned and non-Authority owned equipment should be addressed.

More importantly, the Airport needs to consider the wisdom of setting goals as aggressive as 100% conversion for any category of equipment. This will create an expectation among the public that such a goal necessarily can be reached. We recognize that there likely is some inherent flexibility in that the proposed targets appear to allow for a mixed fleet relying on “hybrid, electric or alternative fuels” and that “alternative fuels” itself appears intended to refer to a number of fuel types (the CTP at 25 refers to

¹¹ In addition, we note that if gate power is available (where a pilot orders its use) GPUs need not be used.

¹² “Revenue Ton Mile,” which accounts for transportation of both passengers and cargo (in all-cargo aircraft and the belly of passenger aircraft).

alternatives as including “e.g., propane, renewable natural gas, renewable diesel, biodiesel”). We welcome such flexibility.¹³ There are, however, factors that likely make 100% conversion of many equipment categories potentially unrealistic. First, maintaining the safety of aircraft operations is and must remain an imperative for both the Airport and its tenants. Some vehicles (e.g., fire/emergency response) must be capable of performing their required tasks in all circumstances with the minimum risk of failure possible. Thus, the Airport should not articulate a “100%” goal or otherwise should make it clear that safety imperatives may render its achievement impossible. Moreover, many vehicles (including GSE) are essential to maintaining aircraft operations. In the event of power failures (resulting, e.g., from natural disasters such as earthquakes), where there is heavy reliance on electric vehicles aircraft operations would come to a halt unless there is sufficient, reliable back-up generation capacity and/or essential non-electric vehicles are on hand to service aircraft. Airports and aircraft operations are critically important to facilitating emergency response in the wake of such disasters. The Airport needs to consider this important factor in setting goals and public expectations.

Also, the Airport needs to acknowledge that the fact that certain alternative vehicles are “commercially available” is not sufficient to justify their deployment. Even if alternatively-fueled vehicles are ostensibly available on the market, there is no guarantee that the vehicles will be capable of performing the tasks required of them at any given airport (distances, grades or other site-specific factors may preclude their deployment). In addition, deployment of any alternatively-fueled vehicle requires that the infrastructure required to support the deployment already exists at the Airport. For example, deployment of electric equipment requires sufficient off-airport infrastructure (e.g., electric generation capacity) and on-airport infrastructure (substations, conduits, chargers, space required to charge/park the equipment etc.). The Airport should consider these factors in assessing whether it needs to reconsider its targets for conversion of vehicles and equipment (particularly in light of the commitments it is making to provide infrastructure necessary to support deployment of alternatively-fueled landside vehicles). At a minimum, the Airport needs to make it clear to the public that the achievement of any such target will be contingent upon these factors and not merely whether alternatives are generally deemed to be “commercially available.”

These considerations also should be reflected in certain initiatives articulated in the CNP (e.g., Initiative AA-2 of the CNP - “Enhance policies and contract terms for sustainability and air quality”) and associated “tactics” related to equipment and vehicles. In addition, it is unclear how and whether the goals identified in the CNP relate to the goals articulated in the CTP. For example, it is unclear whether the “Authority – Climate Change” goal, which targets reducing emissions from “operationally controlled GHG emissions included in Scope 1,2, and Airport Staff business travel” to 80% below 2015 levels by 2035 (CNP at 32), is intended to correspond or relate to the CTP goal of converting 80% of “authority-owned equipment to hybrid, electric, or alternative fuels” by 2035 (CTP at 24). We urge the Airport to explain the interrelationships between the goals in the CNP and CTP and to review the goals in light of these interrelationships to ensure that they are consistent.

We are also concerned that the Airport repeatedly suggests that it envisions incorporation of requirements in contracts with its tenants as one means of implementing certain goals. In our view, the Airport should express that a preferred approach would be to implement goals through voluntary measures established after extensive consultation with relevant tenants. Importantly, this (as noted above) will preserve tenant access to funds like VALE and Carl Moyer. As a concrete example, it would be impractical and unreasonable to “[i]ntroduce a permitting requirement for all airside vehicles to be able to track emissions performance before they start operating at the Airport” (CTP at 41). First, airlines do not manufacture the equipment and vehicles they operate – any such requirement, therefore, would depend on the ability of original equipment manufacturers to provide equipment enabling such tracking at a reasonable cost. Second, we note that to date emissions modeling has proven sufficient to evaluate and implement measures designed to control emissions, such that the permitting requirement suggested in the CTP is unnecessary.

¹³ Recent “Alternative Fuel Vehicles Agreements” between air carriers and the Airport Authority reflect such flexibility.

We welcome the Airport's support for the deployment of "sustainable aviation fuel usage or other aircraft fuel efficient technologies." CNP at 48. However, we note that the "tactics" for this initiative refer only to "biofuels," which are only a subset of SAF and urge that they be rephrased to refer to SAF. In addition, while we welcome support for development and deployment of SAF, the Airport must recognize that it is without authority to require the use of SAF.

The development and deployment of SAF is very complicated and its feasibility depends heavily on a variety of factors, including feedstock availability and cost, siting of SAF refining facilities, transportation of feedstocks and resulting SAF, among others. Given that the jet fuel airlines use is critical to safe and reliable flight operations and that fuel is one of the highest cost centers for airlines, the airlines must be the decision makers in fuel supply decisions, including regarding SAF purchase and deployment. In addition, regional characteristics and economic indicators can greatly affect whether SAF production in a particular region makes sense. Such factors may make SAF more viable at some airports than others and, as such, any Airport programs aimed at supporting the development and potential deployment of SAF should reflect this reality. To the extent an airline does seek or identifies SAF supply to bring to SAN, however, the Airport can play an important role in ensuring success of the airline's SAF deployment. For example, SAF providers may not have the same familiarity with airport operations that traditional fuel providers have and support from the Airport can be helpful to facilitating a smooth start.

Similarly, while we welcome the Airport's suggestion that it "collaborate with airlines on carbon offsetting programs" (CNP at 48), we note that airlines are working tirelessly to identify viable offsetting strategies and opportunities to facilitate their compliance with CORSIA. Like SAF projects, viable carbon offsetting programs must meet strict requirements and can be very complicated to implement properly. Accordingly, we urge the Airport to recognize that airlines need to be the ultimate decision-makers with respect to which offsetting programs and opportunities make sense for them relative to their overall compliance strategies.

A4A and its airline members are grateful for the opportunity to provide these comments. We will be very pleased to work with the Airport to refine these Plans.

Please do not hesitate to contact us should you have questions or wish to discuss our comments in greater detail.

Re: **Response to A4A's Comments on Draft Carbon Neutrality Plan & Draft Clean Transportation Plan for San Diego International Airport**

Dear Mr. Pohle:

The San Diego County Regional Airport Authority (Airport Authority), which operates San Diego International Airport (SAN) and is responsible for air transportation planning in the San Diego region, appreciates the comments submitted by Airlines for America (A4A) in regards to the Draft Carbon Neutrality Plan and Draft Clean Transportation Plan for SAN. The Authority also recognizes the strong environmental record and demonstrated commitment to sustainable aviation growth from A4A's members.

In regards to A4A's comments on the two draft plans (paraphrased in *italics* below), the Authority has carefully reviewed and considered each one and will be making revisions to the documents in some cases, based on the helpful feedback:

1. *The Airport Improvement Program (AIP) is funded through taxes and fees on the aviation industry.*

The Airport Authority will be adding language in both plans to explain that U.S. airports (such as SAN) do not receive revenue from local taxes, but rather are financially self-sufficient enterprises relying on user fees. It will also be noted that there are federal restrictions on using this revenue for non-airport purposes.

2. *Only voluntary emission reduction programs should be established to maintain access to grant funding.*

The Airport Authority will be adding language in both plans that voluntary programs will be prioritized, when possible, in order to facilitate access to federal, state, and regional grant funding.

3. *The Authority has very limited "influence" over aircraft operations and supporting functions.*

The Airport Authority will be adding language to both plans that explains its levels of "influence" vary depending on the emissions source. For example,

airports cannot mandate that pilots use 400 Hz ground power and pre-conditioned air to help reduce engine exhaust when their aircraft are at gates, because the pilots in command have final decision-making authority over aircraft operations.

4. *The Airport should reconsider setting specific GHG intensity emissions goals, especially since it has no authority over aircraft (which constitute the majority of emissions) and a “per passenger” emissions goal doesn’t take into consideration the influence of cargo operations.*

The Airport Authority concurs that it has no direct control over aircraft operations, as well as many other emission sources at SAN. As such, the GHG emissions per passenger goal was established mainly by forecasting the benefits from three existing external policies: (1) ICAO commitment for carbon neutral aviation growth, (2) Federal/CA Vehicle Efficiency Standards, and (3) California Renewable Portfolio Standard. Another influencing factor is that SAN’s passenger growth is forecasted to continue to outpace passenger and cargo operational growth (i.e. there will be more passengers per aircraft operations on average, thus helping to reduce per passenger emission intensities). All goals, tactics, and initiatives are also presented in the Carbon Neutrality Plan and Clean Transportation Plan as being aspirational and do not commit the Airport Authority to implementing any specific projects, programs, and/or policies (please note legal language at bottom of inside cover within both plans). The Airport Authority will be looking for additional opportunities to stress these points in both plans.

5. *Within the Clean Transportation Plan, there is a disconnect between the conversion goals for Authority-owned equipment versus tenant-owned equipment.*

The Airport Authority acknowledges this disconnect and will be updating the goal for Authority-owned equipment to match the tenant goal.

6. *Even if certain alternative vehicles are “commercially available,” other factors – such as safety concerns, operational characteristics, and fueling infrastructure availability – must be taken into consideration in order to justify their deployment.*

The Airport Authority will be adding language in both plans recognizing the importance of multiple factors in determining the appropriate location and timing of alternative fuel vehicle deployment.

7. *The Airport Authority should explain the interrelationships between the goals in the Carbon Neutrality Plan and Clean Transportation Plan.*

Because carbon is a common performance metric for numerous sustainability topics (electricity/natural gas, transportation, and waste), the Carbon Neutrality Plan serves as the overarching document in regards to the Airport Authority's carbon management strategy at SAN (typically called a "Climate Action Plan" by municipalities and other public agencies). As such, the overarching goals presented in the Carbon Neutrality Plan take into consideration the goals in the Strategic Energy Plan (transition to renewable electricity), Clean Transportation Plan (transition to alternative fuels), and Zero Waste Plan (diversion of waste from landfills). This is described in more detail on pages 17-18 of the Carbon Neutrality Plan.

8. *The Airport must recognize that it is without authority to require the use of SAF. The Airport Authority concurs that it has no direct control over aircraft operations, including the use of sustainable aviation fuels (SAF) at SAN. As such, the Airport Authority will be adding language in the Carbon Neutrality Plan further noting this limited authority.*
9. *The Airport must recognize that airlines need to be the ultimate decision-makers on their participation in specific offsetting programs and that CORSIA will be the single market-based measure applying to international aviation's carbon emissions.*

The Airport Authority will be adding language in the Carbon Neutrality Plan that airlines will be independently deciding on their preferred offsetting program and compliance strategy under CORSIA.

Again, the Airport Authority appreciates Airlines for America's review of the draft plans and its submitted suggestions. We look forward to continuing our productive communication and collaboration with airline environmental representatives as SAN's sustainability management initiatives are further developed, implemented, and refined. Please feel free to contact me at (619) 400-2785 or breed@san.org if you have any questions or would like to discuss this letter further.

RESOLUTION NO. 2019-0085

A RESOLUTION OF THE BOARD OF THE
SAN DIEGO COUNTY REGIONAL AIRPORT
AUTHORITY, ACCEPTING THE CARBON
NEUTRALITY PLAN AND CLEAN
TRANSPORTATION PLAN PREPARED FOR SAN
DIEGO INTERNATIONAL AIRPORT

WHEREAS, the San Diego County Regional Airport Authority (Authority), which owns and operates the San Diego International Airport, has been proactively addressing greenhouse gas (GHG) emissions for over a decade; and

WHEREAS, the Authority has been implementing projects to reduce greenhouse gases under its direct control as well as been working with its business partners to reduce emissions associated with their activities at the Airport; and

WHEREAS, the San Diego International Airport is one of only 15 airports in North America that are currently certified through the Airport Carbon Accreditation program at Level 3 or above, and the Authority Board has established a goal to reach the top level of the program – Level 3+ “Carbon Neutrality” – by 2022; and

WHEREAS, staff has prepared a Carbon Neutrality Plan to provide a strategic framework to track the Authority’s activities and leadership in climate change mitigation through GHG emission reductions, as well as local air pollution reductions; and

WHEREAS, staff has also developed a detailed Clean Transportation Plan to effectively manage emissions from the transportation sector; and

WHEREAS, both Plans include inventories of baseline conditions, potential initiatives and tactics within primary focus areas, and long-term aspirational goals; and

WHEREAS, the Carbon Neutrality Plan and Clean Transportation Plan, which were funded through a grant provided by the Federal Aviation Administration, were developed in close coordination with multiple Authority departments and incorporate feedback from key external stakeholders.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby accepts the Carbon Neutrality Plan and Clean Transportation Plan prepared for San Diego International Airport; and

BE IT FURTHER RESOLVED that the Board finds that this action is not a “project” as defined by the California Environmental Quality Act (“CEQA”) (California Public Resources Code §21065); and is not a “development” as defined by the California Coastal Act (California Public Resources Code §30106).

PASSED, ADOPTED, AND APPROVED by the Board of the San Diego County Regional Airport Authority at a regular meeting this 5th day of September, 2019, by the following vote:

Subject: Register Now: WTCSD Trade Mission to Germany

Dear #SDinGermany delegates,

Thank you confirming your participation in WTC San Diego's 2019 trade mission to Frankfurt and Munich **October 21st - 25th 2019**. You will be joining a cross-sector group of approximately 25 academic, industry and public sector leaders—including Congressman Scott Peters—for an action packed four days. We will be exploring existing partnerships and new opportunities in fintech, intelligent mobility, and precision health.

Many thanks to **Cubic Transportation Systems** and **Lufthansa** for partnering with us as underwriters of this effort to tell the region's innovation story in a market that is increasingly vital to San Diego's competitiveness. For those of you who have requested sponsorship information, please find that attached, and note that *all sponsorships include a discounted registration rate*.

Please complete your registration by August 5th, and mark your calendars for a trade mission kickoff event here in San Diego on Monday Sept 16th. Don't hesitate to reach out with any questions, and we will be in touch with additional updates as we get closer.

We are looking forward very much to welcoming you to Germany for what promises to be another productive and impactful journey.

All my best,
Nikia

Registration Information

We have set up a registration portal through Eventbrite that we will need each of you to complete by **August 5th**. Once we receive payment, your spot is officially reserved.

To register, click [here](#).

Access code for non-EDC Investors (\$3,650): **EDCINVESTOR**

**Cancellation Policy: Partial refund of 75%, up until September 1. No refunds will be issued after August 20.*

The registration fee does not include lodging and air travel, but does include transportation within Germany, meals and all programming. We have negotiated discounted room blocks and have secured discounted nonstop flights with our program sponsor Lufthansa. More information will be provided via the registration portal, but once you complete your registration, a representative from Lufthansa will reach out directly to secure your flight. Lodging will need to be booked directly at the following two hotels.

Lodging Information

We have secured a room block at the Villa Kennedy (Frankfurt) and The Charles Hotel (Munich). Please make your reservations **no later than Monday, September 9 to guarantee a spot in the room block.**

Happy new year to you! I just returned to the office yesterday, so my apologies for the belated reply.

I have tentative dates for 2019. We had to wait until ACI-NA/AAAE rescheduled the Washington, DC trip that's normally in mid-March, and the dates below haven't been reviewed by the Executive Committee. But please let me know if there are any conflicts:

Wednesday and Thursday, April 3-4 (Sacramento) *BOARD mtg*

Thursday and Friday, August 8-9 (location tbd) *ok*

Wednesday and Thursday, November ~~13-14~~ (location tbd) *ok*

14-15 SFO

Thanks, and have a great weekend!

WHY ATTEND?

Not sure if the D.C. delegation is right for you? Read what our past delegates had to say about the trip's impact on their business:

"Effective communication is key to successfully delivering a unique binational project like Cross Border Xpress – the only border crossing of its kind in the world.

During the Chamber's delegation trips to Washington D.C., we were able to meet directly with leadership of several federal agencies that all had a role in the project, bringing the Cali-Baja perspective to decision makers 3,000 miles away.

It was great to have the backing of the Chamber and a unified voice of business leaders supporting the CBX and standing with us."

Stephanie Saathoff
President, The Clay Company
CBX Consulting Team Member

"The decisions made in Washington D.C. have a big impact on Baja economic dynamics. Joining the Chamber's delegation trip gives us the opportunity to make face-to-face connections with the policy makers influencing those decisions and remind them what's important to advancing our binational region's economic potential.

Being able to discuss issues directly with leadership is extremely valuable in ensuring the Baja business community's voice is heard."

Gabriel Camarena Salinas
Executive President, Consejo de Desarrollo Económico de Tijuana

"The Chamber's delegation trips to D.C. provide 2-1-1 San Diego, along with our partners throughout the region, the platform to have a collective voice on national issues that have an impact at a local level.

For us at 2-1-1, we've had the opportunity to sit face-to-face with leaders from various Congressional offices and agencies to talk about issues facing our sector and those we serve, in areas such as the military and veteran landscape, workforce development, housing, health and social services, and technology. This results in a unique opportunity to bring together our social and government sectors and provide collective solutions to systematic issues.

Understanding the importance of the whole community working together locally and nationally to solve important issues, it was priceless to have the support and guidance from the Chamber, its board, and members."

Meg Storer
Vice President of Community & Government Relations
2-1-1 San Diego

TRIP ITINERARY

We are still in the process of developing the agenda. For your traveling purposes, please plan to arrive in D.C. before the Welcome Reception on Sunday, 09/22 at 7:00 PM. The last meeting will end at around 10:00 AM on Wednesday, 9/25.

Subject: Out of Town Travel Request

April,
Good afternoon.

An internal audit conference being held in October is providing for an early registration discount of \$200 if paid by August 26th. Because of time constraints, in order to attend at the reduced rate, I am requesting approval from you. Waiting until the next Executive Committee meeting would not allow for the reduced registration rate. Per Authority Policy, my pre-approval and reimbursement requests, if approved by you, would also be submitted to the Board Executive Committee at its next meeting. A determination to attend was not possible at the time of the last Executive Meeting July 1, 2019, because the full agenda was not yet available.

Attached are the relevant documents for your review. If you approve of this travel can you please sign the Out of Town Travel Request, at the bottom of the form, on the Administrator's Signature line and send it back to me.

Subject: Register Now: WTCSD Trade Mission to Germany

Dear #SDinGermany delegates,

Thank you confirming your participation in WTC San Diego's 2019 trade mission to Frankfurt and Munich **October 21st - 25th 2019**. You will be joining a cross-sector group of approximately 25 academic, industry and public sector leaders—including Congressman Scott Peters—for an action packed four days. We will be exploring existing partnerships and new opportunities in fintech, intelligent mobility, and precision health.

Many thanks to **Cubic Transportation Systems** and **Lufthansa** for partnering with us as underwriters of this effort to tell the region's innovation story in a market that is increasingly vital to San Diego's competitiveness. For those of you who have requested sponsorship information, please find that attached, and note that *all sponsorships include a discounted registration rate*.

Please complete your registration by August 5th, and mark your calendars for a trade mission kickoff event here in San Diego on Monday Sept 16th. Don't hesitate to reach out with any questions, and we will be in touch with additional updates as we get closer.

We are looking forward very much to welcoming you to Germany for what promises to be another productive and impactful journey.

All my best,
Nikia

Registration Information

We have set up a registration portal through Eventbrite that we will need each of you to complete by **August 5th**. Once we receive payment, your spot is officially reserved.

WHY ATTEND?

Not sure if the D.C. delegation is right for you? Read what our past delegates had to say about the trip's impact on their business:

"Effective communication is key to successfully delivering a unique binational project like Cross Border Xpress – the only border crossing of its kind in the world.

During the Chamber's delegation trips to Washington D.C., we were able to meet directly with leadership of several federal agencies that all had a role in the project, bringing the Cali-Baja perspective to decision makers 3,000 miles away.

It was great to have the backing of the Chamber and a unified voice of business leaders supporting the CBX and standing with us."

Stephanie Saathoff
President, The Clay Company
CBX Consulting Team Member

"The decisions made in Washington D.C. have a big impact on Baja economic dynamics. Joining the Chamber's delegation trip gives us the opportunity to make face-to-face connections with the policy makers influencing those decisions and remind them what's important to advancing our binational region's economic potential.

Being able to discuss issues directly with leadership is extremely valuable in ensuring the Baja business community's voice is heard."

Gabriel Camarena Salinas
Executive President, Consejo de Desarrollo Económico de Tijuana

"The Chamber's delegation trips to D.C. provide 2-1-1 San Diego, along with our partners throughout the region, the platform to have a collective voice on national issues that have an impact at a local level.

For us at 2-1-1, we've had the opportunity to sit face-to-face with leaders from various Congressional offices and agencies to talk about issues facing our sector and those we serve, in areas such as the military and veteran landscape, workforce development, housing, health and social services, and technology. This results in a unique opportunity to bring together our social and government sectors and provide collective solutions to systematic issues.

Understanding the importance of the whole community working together locally and nationally to solve important issues, it was priceless to have the support and guidance from the Chamber, its board, and members."

Meg Storer
Vice President of Community & Government Relations
2-1-1 San Diego

- eTickets for **Reserved** services are valid only for the specific train number, date and accommodation type booked.
- When should you arrive at the station? Check the recommended arrival times for your departure station at Amtrak.com/stations. Allow additional time if you require ticketing/baggage services or boarding assistance, or if you are boarding at a Canadian station.
- Tickets are non-transferable. They are valid only for the personal use of the passenger(s) named on the ticket.
- For Amtrak travel information, or to make adjustments to your travel plans, please visit Amtrak.com, or call 1-800-USA-RAIL (1-800-872-7245).
- Your printed eTicket travel document shows the services you booked. If you change your booking but do not reprint the document, it will not reflect your current itinerary. You may obtain an updated copy of your eTicket at Amtrak.com. At some stations, a gate agent may need to view your eTicket prior to boarding (learn more at Amtrak.com/boarding).
- Changes to your itinerary may affect your fare. Refund and exchange restrictions and penalties for failure to cancel unwanted travel may apply. For more information please visit Amtrak.com/changes.
- Carry-on baggage is limited to 2 personal items, 14x11x7" / 25lbs per item, and 2 bags, 28x22x14" / 50lbs per bag, per passenger. **You may be charged a baggage fee or denied boarding if your items exceed these limitations.** See the baggage policy at Amtrak.com/baggage.
- Check the departure board or ask a uniformed Amtrak employee to find out where to board your train.

- **7:00 pm – Dinner at Basile, 162 Columbus Avenue (short walk from the hotel).** (Arranged by TJ Roskelley). Cost per person \$99 (includes tax and tip) and restaurant can charge each person separately. Menu attached.

Friday, July 26,

9:00 am – Steering Committee Meeting at Offices of Saul Ewing, 131 Dartmouth Street, Suite 501

9:00 am – Continental Breakfast provided by Saul Ewing.

I. Welcome, Introductory Remarks by Leadership:

Chair: Debra Braga

Vice Chair: Peter Pierotti

Immediate Past Chair: Ann Morgan

II. Consideration of Current and Upcoming Vacancies on Steering Group and Potential New Members.

Link to Steering Group Standards:

http://aci-na.org/sites/default/files/2015_legal_committee_steering_group_participation_plan.pdf

1. Vacancies –

- a. Mark Gardner
- b. Any potential retirements?
- c. Associate Position, when Steve Osit's term expires

III. Upcoming Conference Locations

A. Fall 2018, Tampa, FL

B. Spring 2020, Chicago, IL <https://www.theblackstonehotel.com/>

C. Fall 2020 -- Grand Rapids

A. Spring 2021 – Tucson <https://www.loewshotels.com/ventana-canyon>

8:00 – 9:00 AM Continental Breakfast
9:00 AM -- Noon Morning Session
10:00-10:15 Morning Break (ACI-NA General Break is from 10:00 to 10:30)
Noon – 1:00 PM Lunch
1:00 PM – 2:30 PM Session
2:30 PM – 2:45 PM Afternoon Break
2:45 PM – 4:45 PM Session

B. Potential Sessions

- a. TSA Update
- b. FAA Update (Potentially FAA Chief Counsel 7 Charles Trippe, former Chief Counsel)
- c. Litigation Update
- d. Roundtable
- e. Paine Field. Issues that arose standing up a new passenger terminal from scratch. Dave Bannard can talk about the thinking that went into drafting the policies and regulations from scratch. While other airports don't have that luxury, it could be instructive in terms of what policies make sense from an airport perspective (as opposed to "we've always done it that way"), and it may help guide other airports' thinking in terms of the direction they may want to consider moving towards, even if they can only do it incrementally.
- f. Allocation of common use gates. Recent traffic spikes are getting operations levels back to late 1990s levels, with more flights than available gates. The issue is popping up now or in the horizon at medium and large airports (and perhaps, a few small airports).
- g. "Sec. 163 lessons learned thus far." What does Sec. 163 mean, and how can airports take advantage of the new statutory text in the planning process and for actual projects? The changes to 47107(a)(16) (e.g., not altering the airport without approval "unless the alteration is outside the scope of [FAA's] review and approval authority") is pushing airport managers to take some risks and not wait for FAA's determination that it lacks authority. What advice can airport lawyers provide?
- h. Biometrics and data privacy.
- i. UAS detection and mitigation (FAA's May 2019 guidance, Blue Ribbon Task Force interim report).
- j. Trends in non-aeronautical development (Section 163, land releases, etc.)

2019 ACI-NA Business of Airports Conference Agenda (Human Resource Track)

Monday, June 10, 2019

- 8:00am – 4:30pm **Registration**
- 8:00am – 9:00am **Networking Breakfast**
- 9:00am – 2:00pm **HR Steering Group Meeting – Open**
- 9:00am – 10:30am **Welcome and Opening Remarks**
Rosa Beckett, Chief Administrative Officer, Jacksonville Aviation Authority and Chair, Human Resources Committee
- Introduction of the ACI-NA Human Resources Steering Group Members**
- HR Working Group Updates**
- Compensation and Benefits Benchmarking Survey**
Inaugurated in 2008, the ACI-NA Compensation and Benefits Benchmarking survey was a response to requests from Airport Directors for a credible, reliable, and legally compliant source of market compensation data. 2018 represents the tenth annual survey conducted by Western Management Group. The latest survey encompassed data on over 13,000 employees in 111 different industry specific jobs. Survey released in August of each year and the survey results are made available the following February.
- Workforce Planning Working Group**
The working group continues to concentrate in the area of developing executive level leadership and succession planning strategies through creating predictable pipelines of trained, qualified, and motivated airport professionals.
- Executive Leadership Exchange Program
 - Edge4Vets
 - Aviation Awareness Campaign
- Sustainability Integration Council**
- 10:30am – 11am **AM Networking Break**
- 11am – 12pm **Human Resources Committee Workshop**
- Rotating Roundtables (1.25 PDC)**
Discuss, brainstorm, and come up with potential solutions and uncover industry best practices with fellow colleagues on current hot topics that human resources professionals are facing at their airports. The focus sessions are open to every participant and led by an industry leader who has experience with the challenge. Share with your peers Success Stories, BIG WINS and A HA Moments.

Concurrent - Canadian Airports HR Roundtable (1.25 PDC)

A forum to network with your Canadian airport peers; this interactive roundtable discussion will focus of relevant human resources topics facing Canadian airports. Bring along a topic that is important to you, share it, and hear the perspective of other human resources professionals. Topics may include, but are not limited to, collective bargaining outcomes or strategies, grievances and arbitration decisions, changes to employment laws, and human resources programs.

12:15pm to 1:30pm **Joint Buffet Lunch**

1:30pm – 5:00pm **Human Resources Committee Workshop (Continued)**

1:30 – 2:45pm **Building an Inclusive Culture (1.25 PDC)**

Joint Session with Business Diversity Committee

Research shows that diverse teams perform better because of the differing perspectives brought to the table. Companies with higher levels of diversity in employment and contracting are also more likely to have better financial results, showing that inclusion can be a competitive differentiator. Learn how successful organizations coordinate a culture of diversity across the entire operation and avoid siloed programs in individual departments.

2:45pm-3:15pm **Network Break**

3:30pm-4:45pm **Multi-Generational Workforce-Interaction and Knowledge Transition (1.25 PDC)**

As Millennials become the largest workforce and I Gen enters the workplace, developing strategy to understand the new generations and to transfer the lifelong knowledge from Baby Boomers and Gen X would be the key path to a successful workforce planning. The Multi-Generational Sub-WG will demonstrate the discussion on this issue they will have had and present a user guild/toolkit to the audience.

5:00pm – 6:30pm **Networking Lounge Grand Opening and Welcome Reception**

Tuesday, June 11, 2019

8:00am – 4:30pm **Registration**

8:00am – 9:00am **Breakfast in Networking Lounge**

9:00am – 9:30am **Welcome and Opening Remarks**

9:30am – 10:45am **General Session 1: Insight From the Airport C-Suite**

Managing airports can be a challenging job, especially with a more concentrated airline industry and the difficulty of adding air service. Airports must continue to creatively reinvent their passenger services to improve the travel experience and remain competitive. There is also a need to manage their infrastructure and community expectations, while addressing new business models and exploring additional revenue streams. This session explores the successes and challenges airport CEOs face in developing strategies, which create economic benefits and increase passenger satisfaction.

10:45am – 11:15am **Networking Break**

11:15am-12:30pm **Session 1D: How to Harness Creativity and Innovation From Within Airports (1.25 PDC)**

As the power of innovation is now widely recognized, finding ways to achieve repeat success by stimulating and cultivating the creativity and innovation from within is a challenge faced each organization. What is the role of Human Resources in this process? What are the unique

challenges of encouraging creativity and innovation at airports? How do airports identify the innovators in the workforce? And How do airports adopt the innovation and make it a success? You will find the answer to all the questions in this session.

12:30pm – 2:00pm **Lunch in Networking Lounge**

2:00pm – 3:15pm **Session 2D: Respect at Work in the Era of #MeToo (1.25 PDC)**
#Metoo Movement has brought to light numerous new allegations of behaviors that many thought were long gone. Given the nature of long operating hours at airports, it's extremely crucial to build a culture of respect in order to eliminate sexual harassment and discrimination. Join us in the conversation on how airports pursue the process of building respect at workplace and how to further engage the employees including helping them understand the policies and protecting both males and females from any types of harassments at workplace in the era of #MeToo.

3:15pm – 3:45pm **Networking Break**

3:45pm – 5:00pm **Session 3D: Support from HR-Crisis and Crisis Recovery (1.25 PDC)**

Learn how HR professionals have supported their or other airport employees and their family to recover from recent crisis events (Hurricane Florence, Hurricane Michael, and the fires of Northern California) at their respective organizations and ensured business continuity. More importantly, how HR prepares their employees in advance to endure and recover from these catastrophes.

Wednesday, June 12, 2019

8:00am – 1:30pm **Registration**

8:00am – 9:00am **Breakfast in Networking Lounge**

9:00am – 10:00am **General Session 2: Keynote (1 PDC)**

10:00am – 10:30am **Networking Break**

10:30am-11:30am **Session 4D: Building a Sustainable Airport Brand by Engaging the Airport Community (1.25 PDC)**

As the pressure to build sustainable commercial airport enterprises continues, the importance of managing the airport brand increases. Our panel of experts share perspectives on the role HR can play in effectively engaging all the people that work within the airport ecosystem (vendors, airlines, TSA, CBP officers, etc.) to align everyone around a common customer experience vision at the airport.

11:30am-12:30pm **Session 5D: Employee Wellness and Resilience in a High-Growth Environment (1.25 PDC)**

Air traffic has seen stable increase within the past decade, helping the employees at the airport to maintain health and well is vital to the successful operation of the airport to facilitate even more air traffic in the future. Learn how to keep airport employees engaged and well through this significant growth and how to provide them with self-adapting strategies to maintain their wellness.

12:30pm – 1:30pm **Networking Lunch**

1:30pm – 2:45pm **General Session 3**

2:45 – 3:15pm **Network Break**

3:15 – 4:30pm **Session 6D: Talent Review/Succession Planning (1.25 PDC)**

Joint Session with Finance Committee

A process to understand our team members (particularly managers and up), reviewing their; backgrounds, performance, strengths, and opportunities, and determining development opportunities and next career steps for each of them. This process naturally leads to succession planning discussions, as well as identifying High-Performers and High-Potential employees and having a plan for each of them

The booking deadline is **Friday, May 17, 2019**.

Please note that the discounted ACT-NA rate may sell out before the booking deadline. We recommend you book as soon as possible to secure your accommodations.

Note: All guests that reserve rooms in the ACT-NA block will NOT be charged a \$35 resort fee. If you would like to take advantage of the resort amenities, you will need to opt-in at the time of your check-in, and at that time you will be charged the \$35 daily resort fee.

Registration and Cancellation Policies

Registration

- Only individuals who register and present badges and/or tickets may attend conference events. A badge is required for all conference sessions and events. For security reasons, badge swapping is not permitted. Anyone found wearing a badge that does not match his/her identification will be removed from the conference without a refund. In addition, the badge/name will be cancelled without a refund.
- Additional event tickets are not available for purchase in lieu of a registration. Only registered delegates may purchase additional tickets for their non-registered spouse or guest. A guest is defined as a person who does not work in the aviation industry. Non-registered guests will not receive a badge and may only attend events for which they have a ticket.
- By registering for the conference you are providing permission to receive emails, mailings and faxes related to the conference. If you do not wish to receive any further emails from ACI-NA, please send a reply email to: MemberServices@aci-na.org with the words "OPT-OUT" in the subject line with the original email in the body. You may notify us with your decision to opt-out within 30 days of receiving this email. Please note, if you choose to opt out of receiving email from ACI-NA, you will no longer receive ACI-NA e-newsletters, notices of upcoming meetings, sponsorship opportunities, etc. If you prefer to unsubscribe from certain electronic publications rather than opt-out from email communications entirely, please email such request to communications@aci-na.org. It may take up to 10 days to process your request. The postal address for ACI-NA is 1615 L Street, N.W., Suite 300, Washington, DC 20036.
- Full payment must accompany your registration. Credit card payment must be included for online and faxed registrations. Check payment will only be accepted with mailed forms and onsite registration forms. Your signature authorizes ACI-NA to charge your credit card the total correct amount due and acknowledges there are no refunds after. (a specific date depending on each conference)

Cancellations

- Cancellations must be received in writing to ACI-NA at meetings@airportscouncil.org no later than the date specified in your conference registration confirmation.
- Registration fees, minus a \$100 per person processing fee, will be refunded after the conference has concluded if the cancellation notice is received by the deadline date.
- No refunds will be issued for any reason for cancellations received after the date specified in your registration confirmation.
- Substitutions are honored at any time. No shows are not eligible for refunds.
- These policies apply to all types of registrations including Guest Registrations. Non-receipt of a confirmation notice before the meeting is not justification for seeking a refund. ACI-NA reserves the right to cancel this conference. In this event, we will notify all registrants and refund registration fees in full.
- Any costs incurred by the registrant, such as note cancellation, airline penalties, etc. are the responsibility of the registrant.

Photo/Video Disclaimer

By registering for and attending any event, you agree that your image may be used at any time, without further notification, for printed materials, web sites, social media and other marketing purposes.

Children

- ACI-NA meetings and events are intended for adults only and no children under the age of 16 are permitted to register or attend.
- Children under the age of 16 are not permitted on the trade show floor at anytime. Anyone under the age of 18 must be accompanied by a parent or legal guardian while on the trade show floor.

Alcohol Policy

ACI-NA will not serve alcoholic beverages to anyone under the age of 21 and we reserve the right to refuse the service of alcohol to anyone who appears intoxicated.

Attendee Rosters

Attendees agree not to copy or permit to be copied, in any form or format, without the express written permission of ACI-NA, any of the contents of the ACI-NA attendee roster. Attendees also agree not to use the roster contents for any commercial, marketing, promotional, or political purposes. No solicitation is permitted by anyone except by exhibitors within the confinement of their booth.

Conflicting Events

Promotional, social and/or education events, meetings, receptions, workshops, etc. may not be held during dates/times that conflict with official ACI-NA conference times and/or educational sessions. Educational events may not be conducted at official venues without prior approval from ACI-NA.
