Meeting Date: **DECEMBER 5, 2019**

Subject:

Disposition of Surplus Property

Recommendation:

Adopt Resolution No. 2019-0106, authorizing the disposition of surplus property (materials and/or equipment) by: (1) sale to the highest bidder; and, (2) donation to the County of San Diego.

Background/Justification:

Authority Policy 8.21, *Surplus Materials and Equipment*, requires that a listing of all surplus items be submitted to the Authority's Board for approval to dispose of items which are no longer needed by the Authority.

Surplus items in excess of the Authority's needs are sent to the Procurement Department for final disposition. The Authority has surplus property stored in various locations. The surplus property is listed in Exhibit A and B.

Exhibit A: Vehicles.

Exhibit B: Hygiene Kits (contain shampoo, toothpaste, toothbrushes, combs, bar soap, etc.).

These items occupy much-needed space and interfere with day-to-day operations. Items listed in Exhibits A *Surplus Items*, are in mostly fair condition, past their useful life, no longer required by the Authority and are occupying needed space. These items may contain some residual value and would be sold at auction to the highest bidder.

Items listed in Exhibit B, *Hygiene Kits*, are in fair condition but have been replaced and are occupying needed space. Staff requests approval to donate these kits to the County of San Diego – Health and Human Services Agency to benefit the region.

Fiscal Impact:

Fees and associated costs for the transportation and sale of miscellaneous surplus property will be paid from the gross sales received by the auction services contractors. There is no cost associated with the donation of surplus Hygiene Kits.

Authority Strategies/Focus Areas:

This item supports one or more of the following (*select at least one under each area*):

Strategies

- Community Strategy Customer Strategy Employee Strategy Financial Strategy Operations Strategy

Focus Areas

- Advance the Airport Development Plan Transform the Customer Journey Optimize Ongoing Business

Environmental Review:

- A. CEQA: This Board action is not a project that would have a significant effect on the environment as defined by the California Environmental Quality Act ("CEQA"), as amended. 14 Cal. Code Regs. §15378. This Board action is not a "project" subject to CEQA. Cal. Pub. Res. Code §21065.
- B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

The Authority has the following inclusionary programs/policy: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program, and Policy 5.12. These programs/policy are intended to promote the inclusion of small, local, veteran owned (including service-disabled veterans), historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs/policy named above can be used in any single contracting opportunity.

There is no cost to the Authority associated with the provision of this service; an informal selection process was used to identify the service provider.

December 2019 Legislative Report

State Legislation

New Assembly Bills

There are no new Assembly bills to report.

Assembly Bills from Previous Report

Legislation/Topic

AB 245 (Muratsuchi) – California Aerospace and Aviation Commission

Background/Summary

AB 245 would establish a 17-member California Aerospace and Aviation Commission (Commission) within the Governor’s Office of Business and Economic Development. The Commission would serve as a central point of contact for businesses engaged in the aerospace and aviation industries, and support the health and competitiveness of these industries in California. AB 245 would require the Commission to make recommendations on legislative and administration action that may be necessary or helpful to maintain or improve the state’s aerospace and aviation industries and would require the Commission to report and provide recommendations to the Governor and State Legislature.

Anticipated Impact/Discussion

Although this legislation is not expected to have any significant impact on the Airport Authority or San Diego International Airport (SDIA), if the bill were enacted, the Airport Authority’s legislative team would work with the California Airports Council to identify any potential opportunities to engage with the Commission on actions that could impact California airports.

Status: 06/19/19 – This bill passed the Senate Business, Professions and Economic Development Committee on an 8 – 0 vote and is now in the Senate Government Organization Committee. AB 245 is now a 2-year bill.

Position: Watch (03/14/19)

*Shaded text represents new or updated legislative information

Legislation/Topic

AB 1112 (Friedman) – Motorized Scooters

Background/Summary

AB 1112 would authorize a local agency, as defined, to regulate motorized scooters by assessing limited penalties for moving or parking violations involving the use of motorized scooters. This bill would also allow a local authority to regulate scooter share operators by requiring a scooter share operator to pay fees that do not exceed the reasonable cost to the local authority of regulating the scooter share operator. The local authority would also be authorized to require a scooter share company to provide the local authority with trip data for all trips starting or ending within the jurisdiction of the local authority and would prohibit the disclosure of the information pursuant to public records requests received by the local authority.

Anticipated Impact/Discussion

This bill could benefit San Diego International Airport (SDIA) by providing the Airport Authority with additional enforcement tools to deter unsafe motorized scooter operations at or near SDIA.

Status: 06/19/19 – Re-referred to the Senate Transportation Committee. AB 1112 is now a 2-year bill.

Position: Watch (05/02/19)

*Shaded text represents new or updated legislative information

Legislation/Topic

AB 1190 (Irwin) – Unmanned Aircraft: State and Local Regulations

Background/Summary

AB 1190 would prohibit a state or local agency from adopting any law or regulation that bans the operation of an unmanned aircraft system. This bill would also include the operation of small unmanned aircraft systems within the definition of hazardous recreational activity for purposes of public entity liability. Existing law provides a local public entity or employee immunity as to any person engaging in hazardous recreational activity and for damage to an unmanned aircraft while the local entity or employee is providing emergency services. Additionally, AB 1190 would authorize a state or local agency to adopt regulations to enforce a requirement that a small unmanned aircraft system be properly registered under existing federal regulations and authorize a state or local agency to require proof of such registration from an unmanned aircraft operator.

Anticipated Impact/Discussion

This bill could benefit San Diego International Airport (SDIA) by providing the Airport Authority with enforcement tools to deter unsafe unmanned aircraft system operations at or near SDIA. However, this bill would also prohibit the Airport Authority, the City of San Diego, or other governmental entities from banning the operation of unmanned aircraft on or near airport property or in the flight path.

Status: 06/19/19 – To the Senate Rules Committee for assignment. AB 1190 is now a 2-year bill.

Position: Watch (03/14/19)

*Shaded text represents new or updated legislative information

Legislation/Topic

AB 1263 (Low) – Peer-to-Peer Car Sharing

Background/Summary

As amended, AB 1263 would require specified disclosures to be made in a peer-to-peer car sharing contract. The bill would also authorize a peer-to-peer car sharing program to only enter into a contract with a licensed driver, as specified, and make such programs responsible for any equipment installed in participating vehicles for the purpose of facilitating car sharing transactions. AB 1263 would authorize airports to regulate access and use by peer-to-peer car sharing vehicles as well as requiring peer-to-peer car sharing programs and participants to be insured.

Anticipated Impact/Discussion

If enacted, the amended AB 1263 would allow the Airport Authority to regulate peer-to-peer car sharing programs doing business on Airport property. The Airport Authority's Ground Transportation Department would, therefore, need to update San Diego International Airport's (SDIA) permitting rules and regulations to incorporate the aforementioned programs. Further, SDIA's Airport Traffic Officers would need to be made aware of such programs and trained accordingly.

Status: 04/29/19 – This bill is now a 2-year bill and no further action will be taken during this legislative session.

Position: Watch (03/14/19)

*Shaded text represents new or updated legislative information

Legislation/Topic

AB 1277 (Oberholte) – Transportation Projects: Oversight Committees

Background/Summary

AB 1277 would require a public agency administering a transportation project with total estimated development and construction costs exceeding \$1 billion to take specified actions to manage the risks associated with the project. These actions include establishing a comprehensive risk management project, regularly assessing reserves for potential claims and unknown risks, and establishing a project oversight committee composed of specified individuals to review the project and perform other specified duties. The public agency would be required to provide annual reports to the oversight committee which would be required to provide annual reports to the California Transportation Commission until the year following the project's completion.

Anticipated Impact/Discussion

San Diego International Airport's (SDIA) Airport Development Plan (ADP) does not meet the project criteria set forth in this bill and thus this bill's risk management requirements would not apply to that project. The Airport Authority's legislative team will closely monitor the development of this bill language for any potential impact to SDIA or the Airport Authority.

Status: 03/20/19 – Re-referred to the Assembly Transportation Committee. AB 1277 is now a 2-year bill.

Position: Watch (05/02/19)

*Shaded text represents new or updated legislative information

Legislation/Topic

AB 1360 (Ting) – Food Retail Establishments: Third-Party Food Delivery

Background/Summary

AB 1360 would define a food delivery platform as a business engaged in the service of online food ordering and delivery from food retail establishments to a consumer, and would require a food delivery platform and food delivery driver to ensure that food is transported during delivery in a manner that meets specified food safety requirements. The bill would require a food delivery driver to obtain a food handler card, and would prohibit a food delivery driver from making any stops, except when necessary for rest, fuel, or vehicle repair, during the process of delivery, as defined.

AB 1360 would also prohibit a food retail establishment from selling or otherwise transferring any food for delivery to a consumer through the use of a food delivery platform unless it maintains liability insurance for all deliveries made by a food delivery platform through a food delivery driver or ensures that the food delivery platform assumes liability, has necessary liability insurance to protect against any liability to a consumer, and is in compliance with the requirements described above.

Anticipated Impact/Discussion

This bill was amended and no longer impacts San Diego International Airport or the Airport Authority.

Status: 09/14/19 – This bill was ordered to the inactive file on the Senate Floor and is now a 2 year bill.

Position: Watch (04/04/19)

*Shaded text represents new or updated legislative information

Legislation/Topic

AB 1433 (Diep) – Transportation Network Companies (TNC)

Background/Summary

AB 1433 is a placeholder (spot bill) making nonsubstantive changes to the Passenger Charter-party Carriers' Act, which provides regulation of charter-party carriers of passengers and includes requirements for liability insurance coverage, background checks, and other regulations pertaining to TNCs and their drivers.

Anticipated Impact/Discussion

The Airport Authority's legislative team will closely monitor the development of this bill language for any potential impact on San Diego International Airport (SDIA) and the Airport Authority's future ground transportation operations.

Status: 02/25/19 – Read first time.

Position: Watch (03/14/19)

*Shaded text represents new or updated legislative information

Legislation/Topic

AB 1782 (Chau) – Automated License Plate Recognition Systems

Background/Summary

Existing law requires an Automated License Plate Recognition (ALPR) end-user, as defined, to implement a usage and privacy policy regarding that ALPR information, as specified. Existing law requires that the privacy policy include the length of time ALPR information will be retained, and the process the ALPR end-user will utilize to determine if and when to destroy retained ALPR information. AB 1782, as amended, would require that the privacy policy include a procedure to ensure the destruction of all non-anonymized ALPR information no more than 60 days from the date of collection, except as provided. The bill would also require the privacy policy to include a procedure to ensure that all ALPR information that is shared with an outside entity be anonymized, as defined, to protect the privacy of the license plate holder.

Anticipated Impact/Discussion

As an ALPR end-user, as defined, the Airport Authority would need to incorporate these new requirements into its ALPR privacy policy.

Status: 06/12/19 – Referred to the Senate Judiciary Committee. AB 1782 is now a 2-year bill.

Position: Watch (03/14/19)

Legislation/Topic

SB 615 (Hueso) – Public Records Disclosure

Background/Summary

The California Public Records Act, when it appears to a superior court that certain public records are being improperly withheld from a member of the public, requires the court to order the officer or person charged with withholding the records to disclose the public record or show cause why they should not do so. The act requires the court to award court costs and reasonable attorney's fees to the requester if the requester prevails in litigation filed pursuant to these provisions, and requires the court to award court costs and reasonable attorney's fees to the public agency if the court finds that the requestor's case is clearly frivolous. SB 615 would require a person to meet and confer in good faith with the agency in an attempt to informally resolve each issue before instituting any proceeding for injunctive or declarative relief or writ of mandate.

The bill would require that in order for a requester to prevail in litigation related to the act, the trial court must find by a preponderance of the evidence that an agency knowingly, willfully, and without substantial justification failed to respond to a request for records, improperly withheld from a member of the public records that were clearly subject to public disclosure, unreasonably delayed providing the contents of a record subject to disclosure in part or in whole, improperly assessed a fee upon a requester that exceeded the direct cost of duplication, or otherwise did not act in good faith to comply with these provisions.

Anticipated Impact/Discussion

Because the bill would require a person or entity requesting public records to take measures to resolve a conflict informally before asking a court to intervene, the bill could have a positive impact on the Airport Authority.

Status: 03/13/19 – No further action is expected to be taken on this bill during the 2019 session.

Position: Watch (03/14/19)

*Shaded text represents new or updated legislative information

Legislation/Topic

SB 648 (Chang) – Unmanned Aircraft Systems: Accident Notification

Background/Summary

SB 648 would require, except as specified, the operator of an unmanned aircraft system (UAS) involved in an accident resulting in injury to an individual or damage to property to immediately land the UAS at the nearest location that will not jeopardize the safety of others and to provide certain information to the injured individual or the owner or person in charge of the damaged property, or place that information in a conspicuous place on the damaged property.

Anticipated Impact/Discussion

The bill is not expected to directly impact San Diego International Airport.

Status: 06/27/19 – Re-referred to the Senate Transportation Committee. SB 648 is now a 2-year bill.

Position: Watch (03/14/19)

H.R. 976 (Lynch) – Air Traffic Noise and Pollution Expert Consensus Act of 2019

Background/Summary

H.R. 976 would require the Federal Aviation Administration (FAA) to enter into arrangements with the National Academies of Sciences, Engineering, and Medicine to provide a report on the health impacts of air traffic noise and pollution caused by aircraft flying over residential areas.

Anticipated Impact/Discussion

This bill would not directly impact operations at San Diego International Airport (SDIA), however, the information collected by the study may be useful in helping the community and the Airport Authority assess any environmental and health impacts of air traffic noise and pollution.

Status: 02/07/19 – Referred to House Committee on Transportation & Infrastructure Subcommittee on Aviation

H.R. 1108 (DeFazio) – Aviation Funding Stability Act of 2019

Background/Summary

H.R. 1108 would provide funding from the Airport and Airway Trust Fund for all Federal Aviation Administration (FAA) activities in the event of a Government shutdown. This would only apply to funds not otherwise appropriated and would be available on the first day of a lapse in appropriations and end on the date that the regular appropriation bill for that fiscal year becomes law.

Anticipated Impact/Discussion

This bill would help minimize the impact of another government shutdown on the Airport Authority and San Diego International Airport by ensuring that there would be no disruption in FAA operations due to a lack of appropriations.

Status: 03/27/19 – The bill is before the full House for consideration.

Position: Support (03/14/19)

Legislation/Topic

H.R. 1171 (DeFazio) - Funding for Aviation Screeners and Threat Elimination Restoration (FASTER) Act

Background/Summary

In 2013, Congress started diverting one-third of the revenue collected from airline passenger security fees to be deposited into the general fund of the Treasury. In Fiscal Year 2019, an estimated \$1.36 billion will be diverted away from aviation security and used for unrelated government spending. H.R. 1171 would repeal the requirement to divert funds, and ensure that passenger security fees are used for aviation security purposes. H.R. 1171 would also give the Transportation Security Administration (TSA) access to September 11 Security Fee revenue in the event of a lapse in appropriations. This means that, in the event of another government shutdown, TSA would be able to continue paying its officers.

Anticipated Impact/Discussion

Giving TSA access to the full amount of airline passenger security fee revenue would allow TSA to invest in new equipment as well as hire additional staff to better serve passengers, airlines, and airports, including San Diego International Airport (SDIA). This bill would also help minimize the impact of another government shutdown on SDIA by ensuring that there would be no disruption in TSA operations due to a lack of appropriations.

Status: 03/04/19 Referred to the House Committee on Homeland Security's Subcommittee on Transportation and Maritime Security.

Legislation/Topic

H.R. 3791 (Massie) – Investing in America: Rebuilding America’s Airport Infrastructure Act

Background/Summary

H.R. 3791 would remove the federal cap on the Passenger Facility Charge (PFC), which is currently set at \$4.50. In exchange for removing the PFC cap, the bill proposes to reduce Airport Improvement Program funding by \$400 million annually and eliminate funding entitlements for large hub airports.

Anticipated Impact/Discussion

The Passenger Facility Charge Program allows commercial airports controlled by public agencies to collect up to \$4.50 for every eligible passenger. Airports use these fees to fund FAA-approved projects, including those that enhance safety, security or capacity; reduce noise; or increase air carrier completion. This bill would allow airports the flexibility to set the PFC and these fees could be used to fund FAA-approved projects, including infrastructure upgrades that improve the overall passenger experience. This bill could provide additional funding for San Diego International Airport infrastructure development projects.

Status: 07/18/19 – This bill was referred to the Subcommittee on Aviation.

Position: Support (03/14/19)

New Senate Bills

Senate Bills from Previous Report

Legislation/Topic

S. 563 (Duckworth) – Transportation Infrastructure Finance and Innovation Act (TIFIA) for Airports

Background/Summary

S. 563 would allow eligible airport-related projects to participate in the TIFIA program which provides credit assistance in the form of direct loans, loan guarantees, and standby lines of credit to projects of national or regional significance.

Anticipated Impact/Discussion

In enacted, the Airport Authority could apply for loans through the TIFIA program to pay for certain projects related to the Airport Development Plan (ADP). These loans would significantly decrease the Airport Authority's interest expenses and thus reduce the total cost of the ADP.

Status: 02/26/19 – Read twice and referred to the Committee on Environment and Public Works

Position: Support (05/02/19)

*Shaded text represents new or updated legislative information

Legislation/Topic

S. 1004 (Peters) – Securing America’s Ports of Entry Act of 2019

Background/Summary

S. 1004 would fully staff United States Ports of Entry by requiring Customs and Border Protection (CBP) to hire no less than 600 additional officers per year until CBP’s staffing needs are met. This bill also authorizes CBP to hire support staff to perform non-law enforcement administrative duties in support of CBP Officers.

Anticipated Impact/Discussion

If enacted, this bill would help ensure that the CBP Offices at San Diego International Airport (SDIA) are always fully staffed, and avoid potential reassignments to other ports of entry, thus allowing daily operations at SDIA to continue as normal.

Status: 06/19/19 – The bill is before the full Senate for consideration.

Position: Support (05/02/19)

Legislation/Topic

S. 1710 (Cornyn) – Airport Infrastructure Resources Security Act of 2019

Background/Summary

This bill would prohibit funds made available under the Federal Aviation Administration’s Airport Improvement Program from being provided to entities that have violated the intellectual property rights of United States entities.

Anticipated Impact/Discussion

While this bill is not anticipated to have a direct impact on operations at San Diego International Airport (SDIA), the Airport Authority’s legislative team will monitor the development of the bill language for any potential impacts to SDIA or the Airport Authority.

Status: 06/04/19 – Read twice and referred to the Senate Committee on Commerce, Science and Transportation Senate.

Dear. Ms. Boling:

This communication is the Audit Committee's Fiscal Year 2019 Annual Report detailing activities and duties performed by the Audit Committee for the period July 1, 2018, through June 30, 2019.

Six Audit Committee Meetings were held during Fiscal Year 2019. The meeting minutes for these public sessions are on file with the San Diego County Regional Airport Authority (Authority) Clerk's office and may also be found on the San Diego International Airport website www.san.org. The Audit Committee Meetings that took place in Fiscal Year 2019 are listed below.

- September 10, 2018 – *Regular Meeting*
- November 5, 2018 – *Regular Meeting*
- November 5, 2018 – *Special Meeting (Audit Committee Training)*
- February 11, 2019 – *Regular Meeting*
- March 25, 2019 – *Special Meeting (Process and Selection of the External Auditor)*
- May 13, 2019 – *Regular Meeting*

Fiscal Year 2019 began the first full year for Mr. Lee Parravano as the new Chief Auditor. Lee joined the Authority on April 4, 2018. During Fiscal Year 2019, an examination of adherence to Authority Codes and Policies, Charters, *IIA Standards*, regulations, and procedure manuals, etc., not only covered the Office of the Chief Auditor (OCA), but encompassed a thorough examination of the Charter of the Audit Committee. As a result, the Audit Committee performs its responsibilities with a renewed confidence that was provided as a result of this work, and the corresponding revisions to procedures, to align with best practices.

Of note, on November 5, 2018, the Audit Committee was provided with training presented by the accounting firm BKD, LLP, which was designed to increase the Audit Committee's knowledge on effective Audit Committee practices. Due to the significant role that the Audit Committee has in monitoring and reducing risk to the Authority, offering periodic training is a practice that will be made routine going forward.

A review of the Authority's audited financials is an important part of the Audit Committee's

responsibilities. The Authority's financial audit for Fiscal Year Ended June 30, 2018, was performed by BKD, LLP. The following audited financial reports were presented by BKD, LLP, on November 5, 2018, to the Audit Committee:

- Audited Financial Statements
- Compliance (single audit) Report
- Passenger Facility Charge (PFC) Compliance Report
- Customer Facility Charge (CFC) Compliance Report
- Report to the Audit Committee
- 2018 Comprehensive Annual Financial Report (CAFR)

The Audit Committee understands the execution of Authority operations, in part, through the audits performed by the OCA. During Audit Committee Meeting open discussions the Committee reviewed 29 audit reports issued by the OCA and 35 recommendations provided to Authority management in Fiscal Year 2019.

On May 13, 2019, the Audit Committee received the results of the Quality Assessment Review of the OCA for the five (5) year period from July 1, 2013, through June 30, 2018. This external quality assessment evaluated the OCAs conformance with internal audit *Standards*. The external quality assessment determined that the OCA is providing reasonable assurance of compliance with the *Standards*. This is the highest level of conformance an internal audit function can achieve.

The Audit Committee obtains assurance with respect to the adequacy and effectiveness of the Authority's internal controls, including the Authority's responsiveness to risks within its Information Technology (IT) system of networks and systems. The Audit Committee has received updates and information from the Chief Auditor, certain IT staff, and Authority management regarding IT related matters.

Additionally, the Audit Committee reviewed, approved, or received as information, the following reports and presentations during Fiscal Year 2019:

- Fiscal Year 2018 Annual Report of the OCA
- Fiscal Year 2019 Quarterly Reports and corresponding audit recommendations
- OCA Audit Reports issued during Fiscal Year 2019, totaling 29
- OCA Recommendations issued during Fiscal Year 2019, totaling 35
- Revisions to the Fiscal Year 2019 OCA Audit Plan
- Fiscal Year 2020 Risk Assessment, Audit Plan, and Proposed Budget for the OCA
- Cybersecurity Updates
- Ethics Program and Confidential Hotline Updates
- Public Employee Performance Evaluation Goal Setting for the Chief Auditor

Annual Report
from the Audit
Committee

The Audit Committee will continue to perform its responsibilities to obtain the greatest assurance that best practices are in place throughout the Authority and are being practiced.

Sincerely,

Audit Activities

Summary

The Office of the Chief Auditor's (OCA) Fiscal Year 2019 Audit Plan contained four (4) categories of audits: 1) Business Process Audits, 2) Expense Contract Audits, 3) Revenue Contract Audits, and 4) Annual Ongoing Audit Activities and Support. The Fiscal Year 2019 Audit Plan (see Appendix A) included a total of 38 audit activities: 36 planned audits and two (2) support duties consisting of managing the Ethics Program and monitoring Construction Activity at the San Diego International Airport.

In total, during Fiscal Year 2019, the OCA completed 29 audits and issued 35 recommendations. Additionally, the OCA had numerous audits that were nearing completion at the end of the fourth quarter, including two (2) draft audit reports sent to Authority management for review and comment, or that the OCA had completed fieldwork and the audit report was in draft form.

Although the OCA tried to maintain a steady pace of activity, we did not fully complete all planned audits for the fiscal year. Specifically, as of June 30, 2019, there were nine (9) planned audits that were not completed; seven (7) of which were in progress and two (2) had not been started. The OCA is carrying these nine (9) audits forward to the Fiscal Year 2020 Audit Plan.¹ Below are highlights from the OCA audits completed during Fiscal Year 2019.

Business Process Audits

The OCA issued three (3) business process audit reports during this fiscal year. This category included audits where the OCA reviews the operations of an entire Authority department, as well as conducts examinations of selected processes or projects that may span multiple Authority functions. Of particular note, the Concession Cost Recovery Program audit, report #18002, recommended that management develop a process to split the monthly trash removal services between the concessionaires in the terminals and the Authority; as the concessionaires did not pay for trash removal previously. This is estimated to save the Authority \$59,849, annually.

Expense Contract Audits

This category includes audits of consulting, service, and construction contracts. During Fiscal Year 2019, the OCA completed eight (8) expenditure contract audits. The OCA ensures that expenditure contracts adhere to Authority policies, follow industry best practices, and that internal controls are established and working properly. Generally, these audits examine the procurement process for the contracts, contract monitoring, and expenditures resulting from the contracted activities. Of note, the OCA completed an audit of Turner - PCL A Joint Venture, report #19012, which contained three (3) recommendations. Those recommendations were designed to enhance the management of Disadvantaged Business Enterprises and Small Business Enterprises.

¹ Subject to amendment.

Revenue Contract Audits

This category includes audits of entities that provide some form of revenue to the Authority, with the OCA completing a total of nine (9) revenue audits for the fiscal year. Revenue audits include reviews of airline services, car rental agencies, and concessions. Six (6) revenue contract audits completed this fiscal year identified underpayments to the Authority, and as a result, we recommended that the Authority collect \$430,697.

Annual Ongoing Audit Activities and Support

This category includes audit activities required in either the Authority's Policies/Codes or have been requested to be included in the Audit Plan by management or a member of the Board/Audit Committee. During Fiscal Year 2019, the OCA completed nine (9) ongoing audit activities that identified \$162,739 in savings to the Authority. Annual Ongoing Audit Activities and Support include examinations of San Diego Unified Port District billings for Harbor Police, aircraft rescue and firefighting billings, and the Authority's Procurement Card Program. In addition, the Ongoing Audit Activities included management of the Ethics Program and construction monitoring, which are detailed below.

Construction Activities

Throughout Fiscal Year 2019, the OCA continued monitoring the Authority's construction activity. The OCA Construction Auditor attended payment application meetings with Turner-PCL, A Joint Venture, and Sundt Construction, Inc., to maintain an understanding of the processes and internal controls over payments for the Federal Inspection Service Facility (FIS) and the Airport Support Facilities (ASF). The knowledge and understanding of the internal controls in place over the construction activities and the payment approval processes gained at these meetings will assist the OCA team in the Fiscal Year 2020 audit of Phase 2 of the FIS project and potential future audits of the ASF project.

Ethics Program Activities

The OCA continues to run the Authority Ethics Program and confidential hotline system. During Fiscal Year 2019, one (1) reported item warranted further investigation into a potential Ethics code violation; no fraud or code violation was found. The Ethics Officer continues to receive, and respond to, numerous employee-related concerns. The main area that continues to surface is workplace practices and behavior. See Appendix C, Ethics Hotline Call Summary, for a summary of reports received during Fiscal Year 2019.

A new ethics training program, concentrating on conflicts of interest, was presented to the Authority's employees over sixteen (16) sessions in the third and fourth quarters of Fiscal Year 2019. A total of three hundred seventy-one (371) employees received the training. Five (5) ethics questions regarding the potential ethics code violations and conflicts of interest were received by the Ethics Officer in the last quarter of Fiscal Year 2019. One (1) question regarding the ethics code was received in Fiscal Year 2019 prior to the training.

Quality Assurance and Improvement Program

Background

The Institute of Internal Auditors' (IIA) International Standards for the Professional Practice of Internal Auditing (*Standards*) require the OCA to maintain a Quality Assurance and Improvement Program that includes internal (self) assessments and external assessments.

- External assessments, known as a Quality Assessment Review (QAR), or peer review, must be conducted at least once every five (5) years by an independent assessor or assessment team from outside the organization that is qualified in the practice of internal auditing as well as the quality assessment process. QAR results are required to be reported to the Board.
- Internal assessments are comprised of two interrelated parts: 1) ongoing monitoring, and 2) periodic self-assessments. The results of a periodic self-assessment and the level of conformance to the *Standards* must be reported to the Board at the completion of the self-assessment. The results of ongoing monitoring are required to be reported to the Board at least annually. The *Standards* also contain other mandatory reporting requirements as documented in Appendix E.

External Assessment - Quality Assessment Review

In order to fully comply with the *Standards*, the OCA requested that a peer review by the Association of Local Government Auditors (ALGA) be completed for the five (5) year period from July 1, 2013, through June 30, 2018. The peer review of the OCA was performed in April 2019, and results were presented to the Audit Committee during its May 13, 2019, meeting. The peer review determined that the OCA is providing reasonable assurance of compliance with the *Standards*. This is the highest level of conformance an internal audit function can achieve.

In a companion letter, the peer review team identified areas where the OCA excels, and offered observations and suggestions to enhance the OCAs conformance with the *Standards*. The peer review team noted that the OCA has actively addressed and corrected the observations noted.

Internal Assessment - On-Going Monitoring

In July 2019, the OCA conducted an assessment of its audit activities and operations, as required by the *Standards* for on-going monitoring. The results of our assessment of the 2019 Fiscal Year are provided below.

Scope and Objectives of On-Going Monitoring

The objective of ongoing monitoring is to provide assurance that the processes in place are working effectively to ensure that quality is derived on an audit-by-audit basis. The scope included:

1. Performance Measures
2. General Audit Practices
3. Engagement Planning and Supervision
4. Standard Working Practices
5. Work paper Reviews and Sign-offs
6. Report Reviews
7. Feedback from Audit Clients
8. Prior Recommendations

Results of On-Going Monitoring

There are numerous processes in place to ensure that quality is consistently delivered on each audit engagement. There were no items identified that would impact audit report quality. However, we did identify some administrative items to improve our audit process and documentation. Detailed information on performance measures and recommendations identified by the OCA are provided below.

Performance Measures

Each fiscal year the OCA develops and tracks performance measures to gauge the progress and success of the OCA. For Fiscal Year 2019, the OCA tracked seven (7) separate measures that could be used to evaluate OCA performance. The Fiscal Year-end status is presented in Table 1 below, benchmarked against the Association of Local Government Auditors (ALGA) 2016 Survey results.

Table 1: Status of Performance Measures as of June 30, 2019

Performance Measure	Goal	Actual	Benchmark
Percentage of the Audit Plan Completed Annually	80%	76%	64%
Percentage of Audits Completed within Budgeted Time	80%	45%	67%
Customer Satisfaction Rating	4.0	4.6	n/a
Percentage of Audit Recommendations Accepted	95%	100%	92%
Percentage of Staff Meeting Education Requirements	100%	100%	n/a
Revenue/Cost Savings Identified	n/a	\$2,891,102	n/a
Percentage of Staff Time Spent on Audit Activities	70%	65% / 71% including /excluding Chief Auditor	68% ²

² Some audit shops track the Chief Auditor's time, while others do not. The Benchmark may include audit shops that track time and others that do not.

The Performance Measure results for Fiscal Year 2019 are detailed below. See Appendix D for a detailed listing of the OCA Performance Measures for the past five (5) fiscal years.

Percentage of the Audit Plan Completed Annually:

For the year, the OCA completed 76% of the Fiscal Year 2019 Audit Plan. The status of each audit is included in Appendix A. Additionally, seven (7) audits were in progress as of June 30, 2019.³

Percentage of Audits Completed within Budgeted Time:

This category monitors the efficiency of audit staff in performing audits. Specifically, audit staff is responsible for the internally prepared budget of audit hours for each project. In Fiscal Year 2019, the OCA completed 45% of its audits within the budgeted time, which is below the OCAs goal. During the year we encountered numerous projects that were more complicated than originally forecasted in allocated audit hours. Although 55% of audit activities were over budget, 27 of the 35 total recommendations issued during Fiscal Year 2019 were a result of these audit activities. The 35 recommendation issued in Fiscal Year 2019 exceeded the prior four year average of 22 recommendations per year. Additionally, there were five (5) audits, or 17% of the Audit Plan, that were only marginally over the budgeted time.⁴

Customer Satisfaction Rating:

Post audit surveys are sent to auditees after the completion of an engagement to obtain customer satisfaction data. The OCA received an aggregate score of 4.6, exceeding the goal of 4.0.

Percentage of Audit Recommendations Accepted:

This category helps to evaluate the quality of the findings and recommendations issued by the OCA. Additionally, it helps hold the OCA accountable for the quality of the recommendations issued. In Fiscal Year 2019, management accepted 100% of all audit recommendations.

Percentage of Staff Meeting Education Requirements:

During the year, 100% of staff met their education requirements. Additionally, the OCA began a tracking system to administer all continuing educational requirements.

Additional Revenue/Cost Savings Identified through Audit Activities:

While the value of an audit cannot be adequately assessed by this performance measure, it does provide quantifiable values for completed audits. For the fiscal year, the OCA identified \$2,891,102⁵ in cost savings/additional revenues.

Percentage of Staff Time Spent on Audit Activities:

This measure helps ensure that the OCA spends an adequate amount of time on audit activities rather than administrative activities. The OCAs goal for Fiscal year 2019 was 70%. The OCA actually spent 65% of time on audit activities, which includes the Chief Auditor's time (71% excluding the Chief Auditor's time). The Chief Auditor began tracking his time in Fiscal Year 2019.

³ However, an alternative method for calculating the percentage of the Audit Plan completed, using total hours expended and total audit hours budgeted to complete the Audit Plan, results in a completion percentage of 83% through June 30, 2019. Specifically, the OCA expended 8,107 hours through June 30, 2019, on audit projects, and estimates 9,714 total audit hours will be needed to complete the FY19 Audit Plan (8,107 / 9,714 = 83%). This alternate methodology takes into consideration audits in progress, but not yet completed.

⁴ These five (5) audits were over budget by an average of 26 hours.

⁵ \$2,891,102 is comprised of \$658,762 from Audit work as detailed in Appendix A and other work of \$2,232,340 related to the Amended and Restated San Diego County Regional Airport Authority Retirement Plan and Trust of 2013.

QAIP Recommendations Identified

As noted above, there were no items identified that would impact audit report quality. However, we did identify some administrative items for improvement as a result of the assessment.

1. Currently, the Audit Committee Charter and Authority Policy are silent on the number of terms that a Public Member of the Audit Committee may serve. The Audit Committee should consider recommending to the Authority Board amending Authority Policy 1.50 to include term limits for Public Members.
2. The OCA utilizes a Risk and Control Matrix on each audit engagement to link identified risks with a planned audit test step. The Risk and Control Matrix documentation could be improved by including the audit objective, budgeted audit hours, and scope on the workpaper.
3. During the audit process, the OCA may identify new risks or change existing audit procedures. Changes to risks or audit procedures are documented in the Risk and Control Matrix. Documentation of changes to the Risk and Control Matrix could be improved by retaining all versions of the Risk and Control Matrix in the electronic workpaper software utilized by the OCA.
4. The OCA is required to plan all audit engagements so that the staff assigned have the appropriate level of knowledge, skills, and experience needed to achieve the audit objectives. The OCA currently performs this; however, including staff's qualifications and experience as part of the electronic work paper files would improve audit documentation.
5. The OCA utilizes a Quality Assurance (QA) questionnaire for each audit to ensure each audit complies with the IIAs *Standards*. However, the IIA has published a new QA questionnaire, which should be utilized by OCA for future audit engagements.
6. Post audit surveys are sent to auditees after the completion of each engagement to obtain customer satisfaction data. Currently, several years of survey results are saved in one electronic workpaper. Documentation could be improved by separating and saving survey results by fiscal year.

OCA Response

As each of these items was identified through the ongoing monitoring process, we are able to immediately address and correct issues. The OCA will implement recommendations two (2) through six (6) in Fiscal Year 2020. Recommendation one (1) will be provided to the Audit Committee for consideration at its September 9, 2019, meeting.

General Audit Activities

The OCA has general audit activities that encompass essential work areas; a sampling of which are described below.

Audit Recommendation Follow up

The OCA is mandated by its Charter to track the recommendations issued in audit reports and to provide the implementation status for each to the Audit Committee on a periodic basis. The OCA tracks the status of recommendations through regular inquiries made to the audited departments or to the owners of a specific recommendation(s). These inquiries allow the OCA to determine how many recommendations have been completed, as well as to obtain the progress being made to implement the recommendations.

The OCA issued a total of 35 recommendations in Fiscal Year 2019. In addition to the recommendations issued in Fiscal Year 2019, the OCA continues tracking the status of any open recommendations issued in prior fiscal years. Appendix B contains a current status on recommendations completed or in progress during the 4th quarter of Fiscal Year 2019. The Audit Committee is updated quarterly on the status of recommendations. Recommendations issued in prior quarters, which have been remediated by management, were presented to the Audit Committee on November 5, 2018, February 11, 2019, and May 13, 2019.

Table 2 below shows the status of recommendations that were *Completed* or *In Progress* during the 4th quarter of Fiscal Year 2019, along with the estimated/actual implementation timeframe based on the audit report issue date.

Table 2: Recommendations with Estimated/Actual Implementation Timeframe

Recommendations	Zero to 7 Months	7 Months to 1 Year	Over 1 Year	Total
Completed	10	4	2	16
In Progress	10	5	-	15

Audit Committee Support

During Fiscal Year 2019, the Audit Committee met six (6) times, which occurred on:

- September 10, 2018
- November 5, 2018
- November 5, 2018 (Special Meeting - Training)
- February 11, 2019
- March 25, 2019 (Special Meeting - Process and Selection of the External Auditor)
- May 13, 2019

Before each regular meeting of the Audit Committee the OCA coordinated all activities relating to agenda preparation and materials required.

Charter Review

In Fiscal Year 2019, the OCA performed a thorough review of the OCA Charter and Charter of the Audit Committee. Revisions were provided to incorporate relevant sections of the Public Utilities Code, model Charter practices, and to reflect current operational practices.

Risk Assessment and Audit Plan Process

The OCA is required to submit a risk-based internal Audit Plan to the Audit Committee annually. The new Fiscal Year 2020 Risk Assessment and Audit Plan process included input from the Board, Audit Committee, Authority management, and staff. The OCA worked with Authority management to identify and rank the likelihood and impact of a risk event occurring for each Key Work Activity within the Authority. In total, 217 Key Work Activities were identified and included in the Risk Assessment. The resulting Fiscal Year 2020 Audit Plan was developed based on the results of the Risk Assessment and discussions with key stakeholders. The Fiscal Year 2020 Risk Assessment and Audit Plan was submitted to the Audit Committee on May 13, 2019.

Improvements to OCAs Policies and Procedures Manual

The OCA Policies and Procedures manual is designed to be utilized by staff to conduct audit and consulting engagements. Additionally, IIA *Standards* require the OCA to have current Policies and Procedures. In September 2018, the OCA updated all Policies and Procedures to align with the *Standards*.

Administrative

The activities that reside within this classification include meetings attended by the OCA, holiday and vacation time, and the fulfillment of Continuing Professional Education requirements.

Qualifications and Training

Proficiency and due care for the OCA are the responsibility of the Chief Auditor. Cumulatively, the OCA has over 96 years of auditing experience. OCA staff maintain various professional certifications. The types of professional certifications and number of staff with each certification are as follows:

- 5 - Certified Internal Auditors (CIA)
- 2 - Certified Public Accountants (CPA)
- 2 - Certified Construction Auditors (CCA)
- 1 - Certified Information Systems Auditor (CISA)
- 1 - Certified Government Auditing Professional (CGAP)
- 1 - Certification in Risk Management Assurance (CRMA)
- 1 - Chartered Global Management Accountant (CGMA)

Each of these certifications requires that the holder complete a specified number of hours of Continuing Professional Education (CPE). As noted above, all CPE requirements were met for all OCA staff during calendar year 2018.⁶

⁶ Some professional organizations track Continuing Professional Education (CPE) by calendar year, not fiscal year. As such, the OCA verifies CPE compliance on a calendar year basis.

Organization Chart

As of June 30, 2019, the OCA organizational structure was as follows.

Interns

During Fiscal Year 2019, the OCA continued to use graduate level interns to augment staff. At the close of the fiscal year the two (2) intern positions were open. Candidates have since been interviewed, offers were extended to two candidates, and we anticipate those positions will again be filled in the fall of 2019.

Appendix B – Status of OCA Recommendations

The following implementation report contains the status of recommendations from OCA audits that were deemed completed or remained unresolved as of the 4th Quarter of Fiscal Year 2019. In general, the OCA is satisfied with the progress that Authority departments are currently making with the implementation, as based upon our inquiries during the tracking process.

Within this report, the recommendations are classified in the following ways:

Completed: This designation is used for recommendations that the OCA has determined to be adequately implemented or for recommendations where alternate action is taken that adequately addresses the risk identified.

In Progress: These recommendations have been partially addressed or partial corrective action has been taken. This category also includes when there has not been adequate time between report issuance and recommendation follow-up. If adequate progress is not being made, it will be noted as such.

Not Accepted: This designation is used for recommendations that an auditee does not accept; and, therefore, will not implement. This category can represent a failing on the part of the OCA, as all recommendations should be workable and acceptable to the affected departments.

GT also worked with Finance to engage BKD on an audit of these expenses. Finance informed GT that this type of review is not currently in BKDs scope of work. GT is currently evaluating other options for a review of the Ace expenses submitted. Options being considered are 1) an external auditor review, or 2) the hiring of a temporary auditor to help to examine the last two years of invoices. GT will provide cost estimates for each to Finance and determine a cost/benefit for the exercise. Expected completion has been pushed back to Sept 30. In addition, Authority Management should also review the Policy; specifically, the requirements and eligibility for stakeholders to obtain a Courtesy Card. Management's policy review should consider: a) that the Authority does not have the mechanism to distinguish between official business or personal travel and that individuals travelling on official business are able to be reimbursed for parking expenses through their organization, and b) the annual cost of the Courtesy Cards.	4/30/2019	GT has reviewed Authority Policy 9.30. GT has developed a formal, documented SOP and standardized forms for parking card issuance. GT is developing an SOP to ensure 1) semi-annual review of all parking cards issued, and 2) de-activation of all unauthorized parking cards. Parking cards are issued through the DSX software. Currently, there is no software mechanism to de-activate a card after one year, however, any card that is not paid up current is automatically de-activated. There is also no software mechanism to ensure that a card be used only for business and not personal uses. GT is in the process of developing an additional SOP addressing the audit considerations that - 1) all cards are reviewed on a semi-annual basis, 2) cards remain valid for one year, 3) any newly invalid cards are deactivated immediately. The SOP will include the checklist for submission of all forms, Policy 9.30 language, and process definitions. All recommended considerations are currently being examined and addressed for operational oversight and policy implementation feasibility.	8/31/2019

Appendix E – Disclosures

The following items are being disclosed in conformance with the *Standards*.

Organizational Independence

The OCA must confirm to the Board, at least annually, the organizational independence of the internal audit activity. The OCA reports to the Audit Committee, which provides the independence necessary for the OCA to adequately perform its job function.

Impairments to Independence or Objectivity

If independence or objectivity is impaired in fact or appearance, the details of the impairment must be disclosed. During Fiscal Year 2019, Audit 18038 – San Diego Unified Port District Billings – Fiscal Year 2017 was completed and disclosed a *possible* impairment of the objectivity and independence of the auditor, based on the International Professional Practices Framework (IPPF) Standard 1130.

Disclosure of Nonconformance

Occasionally, circumstances require the completion of projects/engagements in a manner that is not consistent with applicable standards. When this occurs, the OCA must disclose the non-conformance and the impact to senior management and the Board. During the 2019 Fiscal Year, there were no instances in which projects were performed in a manner that did not comply with the *Standards*.

Resolution of Management's Acceptance of Risks

Each audit engagement can potentially identify items that may pose risks to the Authority's operations. Some items will require management's attention, while others may be situations in which management decides to accept the risk associated with continuing the current practice. The OCA is required to disclose (to senior management and the Board) any situations in which it is believed Authority personnel has accepted a level of residual risk that may not adequately reduce/mitigate the risk of loss. There have been no such instances during the 2019 Fiscal Year.

STAFF REPORT

Meeting Date: **DECEMBER 5, 2019**

Subject:

Revision to the Fiscal Year 2020 Audit Plan of the Office of the Chief Auditor

Recommendation:

The Audit Committee recommends that the Board adopt Resolution No. 2019-0109, approving the revision to the Fiscal Year 2020 Audit Plan of the Office of the Chief Auditor.

Background/Justification:

The Charter for the Office of the Chief Auditor, instituted by Board Resolution No. 2003-062 on October 2, 2003, and most recently amended on October 4, 2018, per Board Resolution No. 2018-0117, defines the role and requirements of the Office of the Chief Auditor (OCA).

As directed in the Charter, the Chief Auditor shall submit, at least annually, a risk-based Audit Plan to the Audit Committee and to Authority executive management, and shall review and adjust the Audit Plan, as necessary, responding to changes in business risks, operations, special requests, programs, systems, and controls. All changes to an Audit Plan shall be communicated to the Audit Committee prior to being submitted to the Board for approval.

Additionally, International Standards for the Professional Practice of Internal Auditing require that the Chief Auditor review and adjust the Audit Plan, as necessary.

The OCAs proposed Audit Plan for Fiscal Year 2020 was approved by the Audit Committee during its May 13, 2019, meeting and was subsequently approved on May 30, 2019, by Board Resolution No. 2019-0054. The Fiscal Year 2020 Audit Plan approved in May included the anticipated audit hours necessary to complete audits still in work from the Fiscal Year 2019 Audit Plan.

During the first quarter of Fiscal Year 2020 a review of the Audit Plan was undertaken by the OCA. A revision to adjust the allocation of audit hours to reflect the OCAs current operational requirements is required. The proposed changes include:

- 1) ADD audit hours required to finish the Fiscal Year 2019 Audit Plan.
- 2) REDUCE the hours allocated to the *Account Provisioning and De-Provisioning and Management* audit and to the Ethics Program, based on the level of effort needed.
- 3) REMOVE the following audits:
 - a. Other Post-Employment Benefits (OPEB)
 - b. Art Program
 - c. Project Closeout – Parking Plaza

The removal of three (3) audits was based on the following analysis:

Other Post-Employment Benefits (OPEB)

The Governmental Accounting Standards Board (GASB) issued Statement No. 75 *Accounting and Financial Reporting for Post-Employment Benefits Other than Pensions*, which became effective for the Authority on July 1, 2017. The Authority's external auditor, BKD, tested implementation of GASB Statement No. 75 and the OPEB benefit disclosures during their audit of the Authority's financial statements for Fiscal Year Ended June 30, 2018. For this reason, the OCA believes an audit of OPEB, at this time, would not provide value-added results/recommendations to the Audit Committee, Board, and management.

Art Program

In March 2019, the Authority approved a revised Arts Master Plan and a Policy for the Airport Art Program. The OCA believes an audit of the Art Program would not provide value-added results/recommendations to the Audit Committee, Board, and management until the new changes have been in place for an adequate period of time.

Project Closeout – Parking Plaza

On February 8, 2018, the OCA issued an audit of Swinerton Builders, Inc. (Swinerton) concerning the Design-Build Agreement with Swinerton for the Terminal 2 Parking Plaza. The report concluded that, "adequate internal controls were in place to manage and monitor the agreement and to ensure that the expenditure of Authority funds is in compliance with the agreement. Additionally, the agreement was awarded in accordance with Authority Policy."

Also, during Fiscal Year 2019 the OCAs construction auditor attended various construction related meetings, and the auditor did not note any material issues from those meetings related to the Parking Plaza. Based on those meetings, and the results of the Swinerton audit, the OCA believes this closeout audit would not provide value-added results/recommendations to the Audit Committee, Board, and management.

The proposed revision to the OCAs Fiscal Year 2020 Audit Plan (Attachment A) was provided to the Audit Committee for review during its November 4, 2019, meeting. The Audit Committee voted unanimously to accept the requested changes and to forward the revised Audit Plan to the Board for approval.

Fiscal Impact:

The Chief Auditor Department's adopted Operating Expense Budget for Fiscal Year 2020 and conceptually approved budget for Fiscal Year 2021 meet the allotted budget requirements for the proposed revision to the Fiscal Year 2020 Audit Plan.

Office of the Chief Auditor Fiscal Year 2020 First Quarter Report

Issue Date: October 25, 2019

SAN DIEGO
COUNTY
REGIONAL
AIRPORT
AUTHORITY

First Quarter Summary

The Fiscal Year 2020 Audit Plan identified 22 audits, seven (7) general audit activities, and administrative activities to be completed (See Appendix A). The Office of the Chief Auditor (OCA) tracks its progress relative to the Audit Plan and several key performance measures to gauge the success of the office.

Performance Measures

For Fiscal Year 2020 seven (7) major performance measures were developed to evaluate the OCA.¹ The OCAs performance against the selected performance measures is displayed in Figure 1 below.

Figure 1: Status of Performance Measures as of September 30, 2019

Performance Measure	Goal	Actual	Benchmark
Percentage of Audits Completed	20%	14%	15%
Number of Recommendations	6	7	6
Revenue/Cost Savings Identified	\$158,195	\$35,174	\$146,690
Percentage of Staff Time Spent on Audit Activities	70%	69% / 73% including/ excluding Chief Auditor	70%
Percentage of Audits Completed within Budget	80%	67%	75%
Percentage of Recommendations Accepted	95%	100%	83%
Auditee Satisfaction Rating	4.0	5.0	4.0

Each performance measure is detailed below along with supplemented explanation.

Percentage of Audits Completed:

As of the first quarter, the OCA completed, and issued, three (3) audit reports or 14% of the audits included in the Audit Plan (3/22=14%). In addition to the three (3) audits completed, the OCA had seven (7) audits in progress as of the end of the first quarter. A summary of the completed audits is provided in the *Audits* section below.

An alternative way to calculate the OCAs progress is to account for the audit hours spent on the seven (7) audits in progress, but not yet completed. This method uses the total hours expended on audit work to date and the total audit hours expected to complete all audits in the Fiscal Year 2020 Audit Plan. The calculation results in a completion percentage of 21% through September 30, 2019. Specifically, the OCA expended 1,753 hours through September 30, 2019, conducting audit work, and estimates 8,292 total audit hours will be needed to complete all Fiscal Year 2020 audits (1,753/8,292=21%).

The status of all audits in the Fiscal Year 2020 Audit Plan is included in Appendix A.

Number of Recommendations:

One of the OCAs primary objectives is to identify risks that could pose a threat to the Authority. To date the OCA provided seven (7) recommendations to management to remediate a risk identified.

¹ The OCA tracks additional performance measures that are not shown above. Their results are compiled and shared with the Audit Committee annually.

Revenue/Cost Savings Identified:

While the value of an audit cannot be adequately assessed by this performance measure it does provide quantifiable values for completed audit activities. In the first quarter of Fiscal Year 2020 the OCA identified \$35,174 in cost savings/additional revenues as detailed in Appendix A.

Percentage of Staff Time Spent on Audit Activities:

This measure helps ensure that the OCA spends an adequate amount of time on audit activities² rather than administrative activities. The OCAs goal for Fiscal Year 2020 is 70%. The OCA actually spent 69% of time on audit activities, which includes the Chief Auditor's time (73% excluding the Chief Auditor's time).

Percentage of Audits Completed within Budget:

This category monitors the efficiency of audit staff in performing audits. Every audit has an internally prepared budget that the audit staff is held accountable to uphold. However, we recognize that budgets may need adjustment(s) as additional facts become known during an audit. In Fiscal Year 2020, the OCA completed 2 out of 3 audits under budget, or 67%. The one (1) audit completed over budget was slightly over the allotted time by 13 hours. While over budget, this is considered by the OCA to be an acceptable minor amount due to the complexity of the audit.

Percentage of Recommendations Accepted:

This category helps to evaluate the quality of the findings and recommendations issued by the OCA. Additionally, it helps hold the OCA accountable for the quality of the recommendations provided to management. As of the end of the first quarter, management accepted 100% of all audit recommendations.

Auditee Satisfaction Rating:

Post audit surveys are sent to auditees after the completion of an audit to obtain customer satisfaction data. The OCAs goal for auditee satisfaction is 4.0, on a 1 to 5 scale (with 1 being very dissatisfied and 5 being very satisfied). To date we have achieved a score of 5.0.

² Audit activity time consists of hours spent on Audit Reports and General Audit Activities. See Appendix A for detailed information of all planned Audit Reports and General Audit Activities.

Audits

Issued

During the first quarter, the Office of the Chief Auditor (OCA) issued a total of three (3) audit reports, as described below.

Capital Improvement Program (CIP) Evaluation and Selection: This audit examined the Authority's capital and maintenance project selection and planning process to determine if the procedures used to accept or reject proposed projects are followed. The audit concluded that the Authority has developed a process for evaluating and approving or rejecting proposed construction projects, and that the process to accept or reject proposed CIP projects is functioning properly. No findings were identified and, therefore, no recommendations were provided. The OCA did provide one observation.

Automated License Plate Recognition (ALPR) System – Ace Parking: The objective of this audit was to evaluate the privacy and personal information security procedures and practices related to the ALPR system to determine if they comply with California regulations. Additionally, the audit evaluated the ALPR environment to determine if best practices have been implemented for access and security. The audit concluded that both the Authority and Ace have written policies to ensure compliance with the requirements in the California Civil Codes that address ALPR-obtained data, and both entities actively strive for compliance to, and generally comply with, the requirements. However, the audit identified five recommendations directed to improve monitoring security protocols, training, retention policy information, limiting access to data, and information in the incident response plan.

LeighFisher, Inc.: The objective of this audit was to determine if LeighFisher, Inc. (LeighFisher) complied with applicable Authority policies throughout the audit period. Additionally, the audit evaluated the effectiveness of the Planning & Environmental Affairs Department's (Planning) internal controls and processes over contract monitoring, compliance, and expenditures. The audit determined that both Planning and LeighFisher complied with applicable Authority policies and procedures throughout the audit period. However, we determined that LeighFisher was improperly billing the Authority for activities related to invoicing, in violation of the Agreement. The audit also determined that Planning established adequate internal controls to properly monitor LeighFisher and safeguard Authority funds. The audit provided two recommendations.

In Progress

At the close of the first quarter there were a total of seven (7) audits in progress, representing 32% of the audits on the Fiscal Year 2020 Audit Plan. Of those, one (1) audit was in the reporting/review stage and six (6) were in the fieldwork stage or the preliminary survey stage.

See Appendix A for a complete detailed list of our Fiscal Year 2020 Audit Plan progress.

General Audit Activities

In addition to performing audits, the OCA is involved in other audit activities that will not result in a formal audit report/opinion being issued. The OCA is either required³ to perform these activities or believes completion of these activities to be in the best interest of the Authority. A summary of the *General Audit Activities* is presented below:

Risk Assessment & Audit Plan

The Risk Assessment & Audit Plan is presented in May of each year to the Audit Committee and includes the proposed Audit Plan for the coming fiscal year. It is the result of data gathering, management discussions, surveys, and data analysis. Information gathering occurs throughout the year; however, the majority of the hours executing this activity take place January through May.

Construction Meeting Attendance

Construction audit activity for the first quarter of Fiscal Year 2020 consisted of attending meetings and reading contract documents regarding the Federal Inspection Service project, the airport support facilities, the Airport Development Program, and other airport construction projects. The OCA remains involved with issues identified by the Airport Design and Construction team and Authority management, providing assistance and attending meetings specific to the aspects of the Authority's construction activity.

Information Technology Meeting Attendance

Information technology activity for the first quarter of Fiscal Year 2020 consisted of attending meetings, reading contract documents, and providing updates when appropriate, regarding information technology risk assessments and the National Institute of Standards and Technology (NIST) cybersecurity framework.

Development of Data Analytics

The OCA is determining the feasibility of developing a data analytics program for rental car concessions. If successful, the data analytics program would provide real-time insightful information regarding rental car companies operating at the San Diego International Airport. The OCA would utilize this information to identify possible risks, and to determine if an audit should be initiated. This would reduce staff hours spent on non-value-added audits. Additionally, data analytic information could be shared with Authority Management for their reference and use.

During the first quarter, the OCA collaborated with the Revenue Generation & Partnership Development Department, Information & Technology Services, Data Analytics team, and other Authority staff to determine the feasibility of the program. These meetings have provided valuable insight and we are optimistic about the success of a data analytics program for rental car concessions.

Ethics Program

The OCA continues to run the Authority's Ethics Program and confidential reporting hotline. During the first quarter of Fiscal Year 2020, eleven (11) reports were received, none of which were a potential code violation. Tips/reports that are not investigated by the OCA, such as workplace concerns, are forwarded to management, as appropriate. A summary of the tip(s)/report(s) received during the first quarter of Fiscal Year 2020 is shown in Figure 2 below.

³ Requirements are dictated by the Office of the Chief Auditor Charter, Charter for the Audit Committee, or the International Standards for the Professional Practice of Internal Auditing (*Standards*).

Figure 2: Ethics Hotline

	Number of Tips / Reports Received	Preliminary Investigation Required	Full Investigation Initiated	Investigation Results Supported Code Violation (Ethics or Workplace)	Response (email or phone to non-anonymous reports)

TSA Practices and Behavior	1	0	0	n/a	1
General Workplace Concerns					
Workplace Equitability	1	0	0	n/a	0

Number of Tips / Reports Received: The total number of tips or reports received through the confidential hotline, direct phone line, e-mail, inter-office mail, or direct contact.

Preliminary Investigation Required: The number of tips or reports that required a preliminary investigation.

Full Investigation Initiated: Following a preliminary investigation, we determined that the tip necessitated a full investigation. As a result, the tip/report received was forwarded to the Ethics Committee for a determination on how to proceed.

Investigation Results Supported Coded Violation: Based on an investigation, these are the tips/reports that were found to have been a Code violation.

Response: This column represents the number of responses back to the original non-anonymous tipper/reporter.

Recommendation Follow-up

The OCA tracks the status of its recommendations on an on-going basis in order to determine the progress of their implementation. Appendix B contains a detailed list of each recommendation and its status as of September 30, 2019. Figure 3 below shows the status of recommendations that were *Completed* or *In Progress* during the first quarter of Fiscal Year 2020. The estimated/actual implementation timeframes are based on the audit report issue date.

Figure 3: Recommendations with Estimated/Actual Implementation Timeframe

Recommendations	Zero to 7 Months	7 Months to 1 Year	Over 1 Year	Total
Completed	11	3	-	14
In Progress	5	3	-	8

Completed: This designation is used for recommendations that the OCA determined to be adequately implemented or for recommendations where alternate action is taken that adequately addresses the risk identified. Of the completed recommendations, nine (9) or 64% were completed within the initial timeframe identified when the recommendations were issued.

In Progress: These recommendations have been partially addressed or partial corrective action has been taken. This category also includes recommendations from newly issued audit reports, when there has not been adequate time between report issuance and follow-up.

The non-completion of the In Progress recommendations should not have a material adverse effect on the Authority, and adequate progress is being made with all of the tracked recommendations.

Quality Assurance & Improvement Program

The International Standards for the Professional Practice of Internal Auditing (*Standards*) require the OCA to maintain a Quality Assurance and Improvement Program that includes internal (self) assessments, on-going monitoring, and external assessments. During the first quarter of Fiscal Year 2020, the OCA completed on-going monitoring of its audit activities and operations performed during Fiscal Year 2019. The objective of ongoing monitoring is to provide assurance that the processes in place are working effectively to ensure that quality is derived on an audit-by-audit basis. The results are presented in the Fiscal Year 2019 OCA Annual Report.

Administrative Activities

Tracking Budget and Expenses

The OCA expenses totaled \$287,627 through the end of the first quarter, which represents 23% of the Fiscal Year 2020 budget. No unexpected or large outlays occurred within the department during the quarter, and we expect to remain on budget through the fiscal year end.

Continuing Professional Development

Staff continues to obtain Continuing Professional Education credits as required by their various certifications. During the first quarter, staff attended training on topics that included fraud prevention and ethics, privacy, data performance, risk, and machine intelligence.

Procedural/Supervisory

One Audit Committee Meeting was originally scheduled for September 9, 2019. This meeting was rescheduled, and then subsequently cancelled due to a lack of a quorum. The agenda items and materials prepared for the September Audit Committee Meeting will be on the November 4, 2019, Audit Committee Meeting agenda.

During the first quarter, two Audit Interns, James “Kip” Eischen and Mario Massoud, came on board. The interns have been trained and are being mentored. As of the end of the first quarter, the OCA was fully staffed.

The agents were installed on 13 servers as the 14 th server was not needed and decommissioned
19-07	Audit Report 18017 Issued: Dec. 14, 2018 Title: Nevada Lease and Rentals, Inc. dba Payless Car Rental System Department: REVENUE MANAGEMENT	Medium	The Revenue Management Department should request that the Accounting Department issue an invoice to Nevada in the amount of \$78,063 for the net underpayment of concession fees.	5/31/2019	Nevada paid all outstanding amounts owed.
19-15	Audit Report 18038 Issued: Feb. 26, 2019 Title: San Diego Unified Port District Harbor Police Billings - FY2017 Department: AVIATION SECURITY AND PUBLIC SAFETY (AVSEC) and ACCOUNTING DEPARTMENT	Medium	We recommend that AVSEC and the Accounting Department require the Port to provide detailed supporting documents pertaining to all direct and indirect costs associated to the Airport and to create and maintain a tracking mechanism for HPD costs billed to the Authority, to ensure that all expenses billed are in compliance with the agreements and are related to HPD services provided to the Airport.	6/30/2019	HPD currently provides detailed supporting documentation regarding hours billed. The role of AVSEC/PS is determine, to its satisfaction, that the operational requirements of the Service Level Agreement (SLA) are met; and that should there be a question of hours worked, the Department has the ability to verify that information. 19-21	Audit Report 18010R Issued: March 11, 2019 Title: Ace Parking Management, Inc. - Expenditures for Parking Management and Airport Shuttle Services Agreements, and Ground Transportation's Administration of the Parking Card Program Department: GROUND TRANSPORTATION (GT)	Medium	We recommend that GT review Authority Policy 9.30 that governs the Parking Card Program and create a department management process that complies with the administration requirements of the Policy. In addition, Authority Management should also review the Policy; specifically, the requirements and eligibility for stakeholders to obtain a Courtesy Card. Management's policy review should consider: a) that the Authority does not have the mechanism to distinguish between official business or personal travel and that individuals travelling on official business are able to be reimbursed for parking expenses through their organization, and b) the annual cost of the Courtesy Cards.	4/30/2019	GT has reviewed Authority Policy 9.30. GT has developed a formal, documented SOP and standardized forms for parking card issuance. GT has developed an SOP to ensure 1) semi-annual review of all parking cards issued, and 2) de-activation of all unauthorized parking cards. GT has developed an additional SOP addressing the audit considerations that - 1) all cards are reviewed on a semi-annual basis, 2) cards are cards remain valid for one year, 3) any newly invalid cards are deactivated immediately. The SOP includes the checklist for submission of all forms, Policy 9.30 language, and process definitions.

As part of that reconciliation, RGM should develop and document a formal evaluation process to identify new or changing expenses.	10/31/2019	Effective July 1, 2019, tenants were charged for trash disposal, actual FMD charges for CAM and CAM materials as received.

19-33	Audit Report 19017 Issued: June 27, 2019 Title: Ace Parking Management Department: GROUND TRANSPORTATION	Medium	The Ground Transportation Department should demand repayment of the Note and the interest due. Should Ground Transportation determine that Ace should have a change fund for parking operations, Ground Transportation should determine a new amount that is appropriate and warranted for the change fund and issue a promissory note.	8/31/2019	On June 27th, 2019, Ground Transportation Management responded to Audits recommendation of handling an outstanding promissory note. The note was for \$50,000, at an interest rate of 0% to fund the daily cash needs of the Authority's parking operations currently operated by Ace Parking. Per Ground Transportations Management's response to the audit, the following actions have been taken. Ground Transportation Staff have evaluated and negotiated the responsibility of funding operations to be the responsibility of Ace Parking and Ace Parking to immediately pay off the note of \$50,000. On August 22, 2019, the Authority received a check from Ace Parking for \$50,000 as repayment of the note. Ground Transportation Staff considers this recommendation completed as specified by Management's response attached to audit report and has implemented before the estimated time of August 31, 2019.

Additionally, Ace's Incident Response Plan should contain a requirement to notify the Authority if ALPR data was accidentally/erroneously released.	9/30/2019	I&TS has added the ALPR Civil Code 1798.29 data breach requirements to the I&TS Cybersecurity Incident Response Plan. The plan is reviewed annually and tabletop exercises conducted with I&TS staff.

19-16	Audit Report 18038 Issued: Feb. 26, 2019 Title: San Diego Unified Port District Harbor Police Billings - FY2017 Department: AVIATION SECURITY AND PUBLIC SAFETY (AVSEC)	Medium	We recommend that Authority Management, together with the Port, review and decide on the criteria and process of the classification of Workers' Compensation claims by considering the location, type of loss, and the labor hours the employee worked. In addition, Authority Management should request the Port to provide the Authority with a list of claims that include their pertinent information and their corresponding classification, as soon as the claims are reported by HPD Officers/staff, for the Authority to have a better understanding of the nature of the claims and how they should be classified.	6/30/2019	12/31/2019	Risk Management is currently working with the Port to develop a process for classifying Workers' Comp claims
19-19	Audit Report 18010R Issued: March 11, 2019 Title: Ace Parking Management, Inc. - Expenditures for Parking Management and Airport Shuttle Services Agreements, and Ground Transportation's Administration of the Parking Card Program Department: GROUND TRANSPORTATION (GT)	Medium	We recommended that GT consider reviewing the expenses submitted by Ace for reimbursement during the audit period January 1, 2016, to December 31, 2017, in order to verify that all expenses submitted for reimbursement are allowable per the agreements and have the appropriate supporting documentation. GT should consider the level of effort, cost of the review, and the monetary value of any potential disallowed expenses. GT should request Ace to refund any disallowed expenses as a result of the review.	6/30/2019	12/31/2019	GT is currently evaluating other options for a review of the Ace expenses submitted. Options being considered are 1) an external auditor review, 2) the hiring of a temporary auditor to help to examine the last two years of invoices. GT will provide cost estimates for each to Finance and determine a cost/benefit for the exercise. Expected completion has been pushed back to December 31, 2019. GT will keep the Audit team apprised as we move forward.

19-27	Audit Report 19019 Issued: March 27, 2019 Title: NewZoom, Inc. dba ZoomSystems Department: REVENUE GENERATION & BUSINESS DEVELOPMENT	Medium	Internal controls over the monitoring of the requirements of the Lease agreement needs to be strengthened, and the penalties for failure to follow the requirements of the Lease should be assessed to ensure continued compliance by the concessionaire.	6/30/2019	10/31/2019	Both missing Annual Reports have been received as of 8/14/19. Requested confirmation on 8/26 whether or not Midterm Refurbishment Capex info can be provided; Dept. has discussed previously waiving this requirement due to the non-applicability of requirements for this type of operation. Will follow up with alternate contact on tenant side.
20-02	Audit Report 19023 Issued: August 22, 2019 Title: Automated License Plate Recognition (ALPR) System - Ace Parking Department: GROUND TRANSPORTATION	Medium	Annual ALPR specific training should be provided to all staff with access to the ALPR information. Evidence of this training should be maintained.	10/31/2019	12/31/2019	Ace already provides periodic ALPR training to its employees with access to ALPR data. Ace maintains records of this training. Ace has performed a review of any Ace employees with access to ALPR. All Ace employees with access to ALPR have attended training and Ace has documented the training completion. Any Ace employees who have not received ALPR training have had their access to ALPR data revoked. Ace will provide training to any Authority personnel with access to ALPR data. GT will attend the ACE ALPR training and sign the training roster. Authority personnel will attend the next regularly scheduled Ace provided ALPR training. Records of all Authority personnel trained will be provided to the Authority by Ace and saved in ECMS. Any Authority personnel who have not received the ALPR training will have their access to ALPR data revoked. Ace and the Authority will each review users with ALPR database access and training records in June and December each year, to ensure that ONLY users who have received training will have access to ALPR data. Both Ace and the Authority will continue to provide training semi-annually, as well as to any new users requiring access to ALPR data. GT will develop a formal, documented SOP to ensure compliance with both Ace and Authority ALPR Policy requirements.

20-03	Audit Report 19023 Issued: August 22, 2019 Title: Automated License Plate Recognition (ALPR) System - Ace Parking Department: GROUND TRANSPORTATION	Medium	ALPR data should be retained for the length of time indicated on the Authority's Data Retention Schedule.	10/31/2019	12/31/2019	Retention of ALPR data on a 2 year schedule at this time is not feasible given current Skidata software configuration and server capacity requirements. Additionally, there is no operational need to store ALPR data for more than 6 months. GT is examining two options - 1) adjusting the Authority policy on retention of ALPR data down to 6 months; or 2) re-configuring the current software configuration and server capacity to store ALPR for the 2 year period. Option 1 is the preferred option due to cost and capacity constraints, and operational need. GT will develop a formal, documented SOP to ensure compliance with both Ace and Authority ALPR Policy requirements.

20-04	Audit Report 19023 Issued: August 22, 2019 Title: Automated License Plate Recognition (ALPR) System - Ace Parking Department: GROUND TRANSPORTATION	Medium	Management should review on a periodic basis the list of users with access to ALPR data to determine if the listing is correct, and to ensure that all staff with access meet the requirements of either Authority or Ace policy, depending on the individual user. Additionally, this review of approved users should contain analysis to determine if they have utilized the system and if their access is still needed. Furthermore, having an accurate list of users will help ensure that all users will receive the required training.	9/30/2019	12/31/2019	Ace is responsible for Ace employees with access to the ALPR database. The Ace administrator ensures that only users who require access to the database have active login credentials. An active list of users is maintained and verified against training records. Only those users who have been trained, and require access have active credentials. Sentry/Skidata automatically inactivates users who have not accessed the system within the past ninety days. The Ace administrator will review User Access Lists quarterly. Any users who no longer require access will be positively inactivated. Ace employees who no longer require access are inactivated and marked with a "Z" next to their names in the system - signifying their inactive status. Deleting users from the system deletes their history and is a violation of the record retention policy. The Authority Administrator is responsible for Authority employees with access to the ALPR database. The Authority administrator will ensure only users who require access to the database have active login credentials. An active list of users is retained and compared against training records. 20-07	Audit Report 18015 Issued: September 4, 2019 Title: LeighFisher, Inc. Department: PLANNING & ENVIRONMENTAL AFFAIRS	Medium	Planning & Environmental Affairs should require that LeighFisher provide detailed support for each of the charges that were for invoicing and another activity. Upon receipt of that support, Planning should evaluate and determine if the activities charged were allowed under the Agreement. If the charges are impermissible, Planning should request that the Accounting Department bill LeighFisher for those activities.	12/30/2019	11/30/2019	Planning & Environmental Affairs drafted a letter to LeighFisher requiring substantiation of potentially-impermissible reimbursements. The letter was mailed to LeighFisher on September 30, 2019 with a deadline of November 30, 2019 by which to provide detailed substantiation of \$123,322.00 in payments previously made by the Authority for what appear to be time spent preparing, reviewing, and submitting invoices to the Authority along with other activities. Prior to December 30, 2019, Planning & Environmental will review information provided by LeighFisher with the Office of the Chief Auditor resulting in a potential future invoice for any items identified as impermissible based on our findings.

STAFF REPORT

Meeting Date: **DECEMBER 5, 2019**

Subject:

Amend Authority Policy 1.50 – Governance and Committees

Recommendation:

Adopt Resolution No. 2019-0110, amending Policy 1.50 – Governance and Committees to specify the number of terms that public members may serve on the Audit Committee to two full terms, and that the current Audit Committee Public Members are allowed to serve out their current terms through to completion.

Background/Justification:

The California Public Utilities sections 170000 through 170084 legislated the creation of the Airport Authority and outlined the foundation from which the Authority Codes and Policies were initially adopted by the Interim Authority Board of Directors on September 20, 2002.

The Authority has a responsibility to promote public policies consistent with the Authority's mandates and objectives and, as such, has performed numerous reviews and updates to its Codes and Policies.

Authority Policy 1.50 – Governance and Committees - establishes the principles and practices for the governance of the Authority.

Section 170018 of the Public Utilities Code and Authority Policy 1.50 (5)(c)(ii) describe the Audit Committee, its composition, function, oversight responsibilities, meeting administration, and appointment procedures, including the requirements for the appointment of public members to the Audit Committee.

Additionally, Authority Policy 1.20 – Formation of Board Committees - establishes the policy for the formation of committees of and for the Authority Board, including the Board's power to create committees and to determine their purpose, duties, frequency of meetings, adherence with Roberts Rules of Order and applicable laws.

Upon a policy review by the Office of the Chief Auditor (OCA) of Policy 1.20, Policy 1.50, and the Charter of the Audit Committee, it was noted that there is no directive on the length of time that a public member may serve on the Audit Committee.

Best practice favors a recurring change of all committee members. Establishing a term limit for public members will align Authority Policy with best practices and will allow for revolving membership similar to Authority Board Members that serve on the Audit Committee.

Page 2 of 2

At its November 4, 2019, meeting, the Audit Committee voted unanimously to forward the amendments to Policy 1.50 – Governance and Committees - to the Board with a recommendation for approval specifying the number of terms that a public member may serve on the Audit Committee. STAFF REPORT

Meeting Date: **DECEMBER 5, 2019**

Subject:

Amend the Business Terms of the Previously-Awarded Concession Lease to TAV-America to Design, Build and Operate a Common Use Lounge within Terminal 2 West

Recommendation:

Rescind Resolution No. 2018-0076 and adopt Resolution No. 2019-0111, updating the business terms of the non-exclusive concession lease previously awarded by the Board to TAV-America, to Design, Build and Operate a Common Use Lounge within Terminal 2 West at San Diego International Airport, and authorize the President/CEO to take all necessary actions to execute the concession lease.

Background/Justification:

On April 5, 2018, the Authority Board awarded a non-exclusive concession lease for a new Common Use Lounge (“Lounge”) in Terminal 2 West (“T2W”) to TAV-America (“TAV”) [Resolution No. 2018-0037]. TAV was unanimously selected by the Authority’s evaluation panel. Staff returned to the Board on July 12, 2018, to update and receive authorization from the Board to revise, correct and clarify several business terms that required negotiation, correction and clarification after the initial Board action. [Resolution No. 2018-0076]. Over the course of the past year, Authority staff has been engaged with TAV in advancing the contractual documents for execution and advancing TAV’s Tenant Improvement submittals and corresponding permitting for the potential development work contemplated. Several items have arisen and presented themselves as hurdles which were not anticipated through the initial RFP and Tenant Improvement Process contemplated in the prior Staff reports to the Board. (Specific items posing challenges are listed, discussed and recommended solutions are identified in the table below).

Staff seeks Board authorization to provide clarifications and changes to address the following issues:

These items are located outside of the TAV leased premises and would frequently be completed by the Building owner</p>	<p>TAV as part of their development will complete several non-premises related improvements to include:</p> <ol style="list-style-type: none"> 1. Stairway from the terminal passenger level to the TAV Lounge Level and vacant neighboring space to allow for back-up ingress and egress for existing elevator 2. Install and emergency exit door on the third level to allow the TAV lounge space and vacant neighboring space to be occupied 3. Buildout of a common lobby and demising walls on the third level to visually differentiate and shield the vacant space from visual clutter when entering the TAV Premises 	<p>None</p>
<p>Rent Credit Granted for Non-Premises Related Work to be completed by TAV</p>	<p>TAV will be granted a rent credit for the amount of the actual cost for TAV to complete the Non-Premises Related Work that the Authority would have otherwise been obligated to complete. The rent credit will be for the actual expenses documented by TAV and will be credited against the rent payments due until such time the full credit is fully exhausted and recovered by TAV.</p>	<p>No rent credit identified</p>

The proposed Resolution provides clarity and enabling actions that are consistent with TAV's initial proposal while contemplating and addressing hurdles and unexpected issues (as identified in the table above) that arose during the negotiation and initial plan submittal phase of the project. Approval of the attached resolution will enable staff to finalize negotiations with TAV and advance execution of a formal lease agreement with TAV to move forward with its proposed development.

Fiscal Impact:

The Fiscal Impact of TAV's project remains consistent with the Staff Report and Board actions from the April 5, 2018, and July 12, 2018 Board meetings with two exceptions: 1) timing of rent is delayed comensurate with project delays; and 2) recognition of rent credits for non-premises related work by TAV.

TAV continues to be responsible for build-out costs directly associated with the new Lounge location in T2W. The minimum initial investment require by TAV is \$5,439,510.

The Minimum Annual Guarantee will be \$448,000.00, commencing no later than November 1, 2020, with annual adjustments starting on July 1, 2022.

TAV's projected sales are \$3.6 million for the first year of the lease and increasing to \$5.9 million by the last year of the lease term. Per TAV's estimates, the projected revenues from percentage rents to the Authority will start at \$540,000 in the first year and increase to over \$1.3 million by the last year.

The non-premises related work eligible for commensurate rent credit is anticipated to total approximately \$695,000. The credit will be issued against rent due and will match the documented actual expenses incurred by TAV when completing the non-premises related work.

Authority Strategies/Focus Areas:

This item supports one or more of the following (*select at least one under each area*):

Strategies

- Community Strategy X Customer Strategy Employee Strategy X Financial Strategy Operations Strategy

Focus Areas

- Advance the Airport Development Plan X Transform the Customer Journey X Optimize Ongoing Business

Environmental Review:

The Environmental Review of TAV's project, as outlined below, remains consistent with the Staff Report and Board action from the April 5, 2018, Board meeting and July 12, 2018 Board Meeting:

- A. CEQA: This Board action is not a project that would have a significant effect on the environment as defined by the California Environmental Quality Act ("CEQA"), as amended. 14 Cal. Code Regs. §15378. This Board action is not a "project" subject to CEQA. Cal. Pub. Res. Code §21065.
- B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

The Authority has the following inclusionary programs/policies: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program, Policy 5.12 and Policy 5.14. These programs/policies are intended to promote the inclusion of small, local, service disabled/ veteran owned small business, historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs/policies named above can be used in any single contracting opportunity.

The Authority has an Airport Concession Disadvantaged Business Enterprise ("ACDBE") Plan as required by the U.S. Department of Transportation, 49 Code of Federal Regulations (CFR) Part 23. The ACDBE Plan calls for the Authority to submit a triennial overall goal for ACDBE participation on all concession projects.

This is an airport concession opportunity that will be applied toward the Authority's overall ACDBE goal. TAV proposed 20-24% ACDBE participation by intending to use two ACDBE management contractors (First Class Concessions & Airport Field Services).

Additionally, TAV supports the Authority's inclusionary program, is committed to small and local business participation, and will provide a small business participation plan which delineates their engagement with the local contracting community.

A RESOLUTION OF THE BOARD OF THE SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY, RESCINDING RESOLUTION NO. 2018-0076 AND UPDATING THE BUSINESS TERMS OF THE NON-EXCLUSIVE CONCESSION LEASE PREVIOUSLY AWARDED BY THE BOARD TO TAV-AMERICA, TO DESIGN, BUILD AND OPERATE A COMMON USE LOUNGE WITHIN TERMINAL 2 WEST AT SAN DIEGO INTERNATIONAL AIRPORT, AND AUTHORIZE THE PRESIDENT/CEO TO TAKE ALL NECESSARY ACTIONS TO EXECUTE THE CONCESSION LEASE

WHEREAS, at the April 5, 2018 Board meeting, the Board awarded a nonexclusive concession lease for a Common Use Lounge (“Lounge”) in Terminal 2 West to TAV-America (“TAV-A”), the firm that was unanimously selected by the Authority’s evaluation panel [Resolution No. 2018-0037]; and

WHEREAS, Authority Staff returned to the Board on July 12, 2018, to update and receive authorization from the Board to revise, correct and clarify several business terms that required negotiation, correction and clarification after the initial Board action; and

WHEREAS, TAV-A has established a domestic California Limited Liability Company, TAV California Operation Services, LLC (“TAV-C”) to enable it to enter into contracts and efficiently receive permits and other licenses to conduct business as a domestic corporation rather than a foreign corporation; and

WHEREAS, TAV-A will serve as a guarantor of all obligations under the Lease between the Authority and TAV-C.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby updates the business terms of the non-exclusive concession lease previously awarded by the Board to TAV-America, to Design, Build and Operate a Common Use Lounge within Terminal 2 West at San Diego International Airport, pursuant to the terms set forth in the table below

	related Work that the Authority would have otherwise been obligated to complete. The rent credit will be for the actual expenses documented by TAV-C and will be credited against the rent payments due until such time the full credit is fully exhausted and recovered by TAV-C
--	---

BE IT FURTHER RESOLVED that the Board authorizes the President/CEO to take all necessary actions to execute the concession lease with TAV-C; and

BE IT FURTHER RESOLVED that the Board rescinds Resolution No. 2018-0076; and

This tool is ideal for auditors, CPAs, tax professionals, and anyone who needs accurate and authoritative foreign exchange data for spot checking, analysis, and reporting. Currency data can be displayed in a graph or table view with up to 10 currencies at a time.

Our [Historical Currency Converter](#) is an easy to use, cloud-based solution and requires no installation, while being accessible from anywhere.

OANDA Rates® are calculated daily (Monday through Friday) and represent the previous 24 hour period aligned to UTC-midnight (8:00 PM Eastern Time). Bid, ask, and midpoint rates for the day are published and available no later than 10:00 PM Eastern Time.

Subject: RE: Request for Travel Arrangements - SDCRAA Employee Lee Parravano, Las Vegas - Oct. 18-23, 2019

Hi Suzanne!

Lee's preferred flights on Delta would be \$249.60 for a standard fare...the basic economy fare is less at \$209 but it doesn't allow for changes or seat assignments. The only other carrier that would be less is Spirit at \$120 but they are a disaster!

A similar flight on Sunday the 20th would be \$193.60 on Delta (basic economy is \$123.60) or \$92.56 on Spirit.

We would need a credit card as the MGM Grand requires a deposit.

Thanks,
Scott
