Item No.
2

Meeting Date: **January 4, 2018**

Pursuant to Airport Authority Policy 8.30, and acting in its delegated capacity as the Airport Land Use Commission (ALUC) for San Diego County, Airport Authority staff has issued the following determinations of consistency for land use actions with their respective ALUCPs in the preceding month:

Gillespie Field ALUCP

Deemed Complete & Consistent on December 12, 2017

Description of Project: The proposed project involves the construction of an eating and drinking establishment.

Noise Contours: The proposed project is located outside the 60 dB CNEL noise contour. The ALUCP identifies all uses located outside the 60 dB CNEL noise contour as compatible with airport uses.

Airspace Protection Surfaces: The proposed project is in compliance with the ALUCP airspace protection surfaces because a determination of no hazard to air navigation has been issued by the Federal Aviation Administration.

Safety Zones: The proposed project is located within Safety Zone 6. The ALUCP identifies eating and drinking establishment uses located within Safety Zone 6 as compatible with airport uses.

Overflight Notification: The proposed project is located within the overflight notification area but does not contain any new residential use subject to overflight notification requirements.

San Diego International Airport (SDIA) ALUCP

Airspace Protection Surfaces: The proposed project is located outside the Threshold Siting Surface (TSS) and is in compliance with the ALUCP airspace protection surfaces because there is no change in height to the existing building.

Safety Zones: The proposed project is located outside all Safety Zones.

Overflight Notification: The proposed project is located within the overflight notification area but does not contain any new residential use subject to overflight notification requirements.
