Background

The Valuation Process

from Harvard Business Review 1965

Timing

June 30, 2017 valuation results determine the FY 2019 Actuarially Determined Contribution (ADC)

SDCERS Board's normal process is to consider the January valuation results as preliminary and then vote at the March meeting

Plan Effective Dates

Assumption Changes

- In September 2017, the SDCERS Board voted to reduce the discount rate to 6.75% for the 2017 valuation and 6.50% for the 2018 valuation

National Trend

Member Contribution Rates

- PEPRA generally requires 50/50 sharing of the Normal Cost
- Once established, subsequent adjustments needed only when the normal cost rate changes by more than 1%
 - Airport General require adjustment
 - Average increase of approximately 0.4% of pay for Airport General PEPRA
- All revised rates are in the Appendix (Airport General effective 7/1/2018)

STAFF REPORT

Meeting Date: **FEBURARY 1, 2018**

Subject:

Awarded Contracts, Approved Change Orders from December 11, 2017 through January 7, 2018 and Real Property Agreements Granted and Accepted from December 11, 2017 through January 7, 2018

Recommendation:

Receive the Report.

Background/Justification:

Policy Section Nos. 5.01, Procurement of Services, Consulting, Materials, and Equipment, 5.02, Procurement of Contracts for Public Works, and 6.01, Leasing Policy, require staff to provide a list of contracts, change orders, and real property agreements that were awarded and approved by the President/CEO or her designee. Staff has compiled a list of all contracts, change orders (Attachment A) and real property agreements (Attachment B) that were awarded, granted, accepted, or approved by the President/CEO or her designee since the previous Board meeting.

Fiscal Impact:

The fiscal impact of these contracts and change orders are reflected in the individual program budget for the execution year and on the next fiscal year budget submission. Amount to vary depending upon the following factors:

1. Contracts issued on a multi-year basis; and
2. Contracts issued on a Not-to-Exceed basis.
3. General fiscal impact of lease agreements reflects market conditions.

The fiscal impact of each reported real property agreement is identified for consideration on Attachment B.

STAFF REPORT

Meeting Date: **FEBRUARY 1, 2018**

Subject:

February 2018 Legislative Report

Recommendation:

Adopt Resolution No. 2018-0005, approving the February 2018 Legislative Report.

Background/Justification:

The Authority's Legislative Advocacy Program Policy requires that staff present the Board with monthly reports concerning the status of legislation with potential impact to the Authority. The Authority Board provides direction to staff on legislative issues by adoption of a monthly Legislative Report (Attachment A). The February 2018 Legislative Report updates Board members on legislative activities that have taken place since the previous Board meeting. In directing staff, the Authority Board may take a position on pending or proposed legislation that has been determined to have a potential impact on the Authority's operations and functions.

State Legislative Action

The Authority's legislative team does not recommend that the Board adopt any new positions on state legislation.

The State Legislature reconvened on January 3, 2018. State Legislators have until February 16th to introduce bills for consideration by the Legislature in 2018.

Federal Legislative Action

The Authority's legislative team recommends that the Board adopt a Support position on S. 2314, the "Border and Port Security Act," a Watch position on H.R. 4737, the "Airport Advanced Logistics, Emergency Response and Training (ALERT) Act" and a Watch position on H.R. 4760, the "Securing America's Future Act."

S. 2314 would require the Commissioner of U.S. Customs and Border Protection (CBP) to hire, train, and assign at least 500 new CBP officers annually until the number of officers employed by CBP equals the number of CBP officers needed under the CBP's Workload Staffing Model.

H.R. 4737 would require airports to provide operation centers for law enforcement, airport operators, airline representatives and others to closely coordinate activities and responses to airport emergencies and require airports to submit security plans to the U.S. Department of Transportation.

H.R. 4760 is a comprehensive immigration bill proposing to enhance enforcement of immigration law, reform legal immigration programs, secure the border and resolve issues related to the Deferred Action for Childhood Arrivals program. Provisions in this

bill would provide 5,000 new Customs and Border Protection officers and require full implementation of biometric entry and exit systems at all air, land and sea ports of entry.

The legislative team also recommends that the Board adopt Watch positions on the following four aviation security-related bills recently approved by the House of Representatives: H.R. 4559, the "Global Aviation System Security Reform Act;" H.R. 4561, the "Security Assessment Feasibility for Equipment Testing and Evaluation of Capabilities for Our Homeland (SAFE TECH) Act;" H.R. 4577, the "Domestic Explosives Detection Canine Capability Building Act;" and H.R. 4581, the "Screening and Vetting Passenger Exchange Act."

On January 5th, Dan Elwell, Deputy Administrator for the Federal Aviation Administration (FAA), was named FAA Acting Administrator, following the expiration of Michael Huerta's term as Administrator.

Fiscal Impact:

Not applicable.

State Legislation

New Assembly Bills

There are no new Assembly Bills to report.

Assembly Bills from Previous Report

Legislation/Topic

AB 302 (Gipson) – South Coast Air Quality Management District: fleets

Background/Summary

AB 302 would authorize the governing board of the South Coast Air Quality Management District (SCAQMD) to adopt rules and regulations that require specified operators of public and commercial fleet vehicles consisting of one or more vehicles to purchase zero emission and near-zero emission vehicles, and further require that those zero-emission and near-zero emission vehicles to be operated to the fullest extent possible in the south coast district.

Anticipated Impact/Discussion

San Diego International Airport (SDIA), is not within the jurisdiction of the SCAQMD, therefore this bill would not directly impact our operations. However, the Authority's legislative team is concerned that if enacted, AB 302 could create difficult and costly requirements for fleet operators because there are no zero or near-zero emission versions for some airport off-road equipment.

Status: 5/8/17 – Re-referred to Assembly Committee on Transportation. This bill is expected to be considered by the State Legislature in 2018.

Position: Watch (6/1/17)

Federal Legislation

New House Bills

Legislation/Topic

H.R. 4559 (Estes) – Global Aviation System Security Reform Act

Background/Summary

This legislation would require that the Transportation Security Administration undertake several actions, including the following:

- Conduct a coordinated global aviation security review within 180 days to address ways to improve aviation security standards across the globe, including cybersecurity threats
- Establish best practices based on this review and report to Congress on the actions that the TSA Administrator has taken to implement these practices

Anticipated Impact/Discussion

This legislation is not expected to have any significant impact on the Airport Authority or San Diego International Airport if enacted.

Status: 1/9/18 – Approved by the House of Representatives by voice vote

Position: Watch

Legislation/Topic

H.R. 4561 (Bilirakis) – Security Assessment Feasibility for Equipment Testing and Evaluation of Capabilities for Our Homeland (SAFE TECH) Act

Background/Summary

This legislation would authorize third-party testing of transportation security screening technology and ensure that third-party entities do not have a financial stake in vendor technology being tested. The bill would also require that any entity providing third-party testing be owned and controlled by U.S. citizens and require TSA to establish a coordinated program for detection testing within a year.

Anticipated Impact/Discussion

This legislation is not expected to have any significant impact on the Airport Authority or San Diego International Airport if enacted.

Status: 1/9/18 – Approved by the House of Representatives by voice vote

Position: Watch

Legislation/Topic

H.R. 4577 (Rogers) – Domestic Explosives Detection Canine Capability Building Act

Background/Summary

H.R. 4577 would establish a working group to determine ways to develop a domestic canine breeding network to procure high-quality explosive detection canines. This bill would also require that TSA consult with other federal relevant agencies, including Customs and Border Protection and the Secret Service, in developing its canine program.

Anticipated Impact/Discussion

This legislation is not expected to have any significant impact on the Airport Authority or San Diego International Airport if enacted.

Status: 1/9/18 – Approved by the House of Representatives by voice vote

Position: Watch

Legislation/Topic

H.R. 4581 (Fitzpatrick) – Screening and Vetting Passenger Exchange Act

Background/Summary

This legislation would require the Secretary of the Department of Homeland Security to develop best practices for utilizing advanced passenger information and passenger name record data for counterterrorism screening and vetting operations.

Anticipated Impact/Discussion

This legislation is not expected to have any significant impact on the Airport Authority or San Diego International Airport if enacted.

Status: 1/9/18 – Approved by the House of Representatives by vote of 415 to 1

Position: Watch

Legislation/Topic

H.R. 4737 (Wasserman-Schultz) – Airport Advanced Logistics, Emergency Response and Training (Airport ALERT) Act

Background/Summary

This legislation would require all Category X airports to establish integrated Airport Operations Centers. It would also require airports to include security and emergency preparedness training requirements in their Airport Security Plan (ASP), including mass evacuation plans, risk communication plans, continuity of operations plans and airport family assistance and customer care plans.

**Shaded text represents new or updated legislative information*

Anticipated Impact/Discussion

As San Diego International Airport (SDIA) is currently classified as a Category 1 airport, the requirement in H.R. 4737 for Category X airports to have an integrated and unified operations center would not currently apply to SDIA. Additionally, although this legislation does not provide adequate details concerning the specific mandates in the bill, H.R. 4737 is expected to require the Airport Authority to undertake several unfunded actions that would be duplicative of security-related activities currently conducted by Authority staff. Authority staff will work with airport advocacy associations who plan to discuss their concerns with this bill with the author in an effort to improve this legislation.

Status: 1/8/18 – Introduced and Referred to the House Committee on Homeland Security

Position: Watch

Legislation/Topic

H.R. 4760 (Goodlatte) – Securing America’s Future Act of 2018

Background/Summary

This comprehensive immigration bill was introduced with the purpose of enhancing enforcement of immigration law, reforming legal immigration programs, securing the international border and resolving issues related to the Deferred Action for Childhood Arrivals program. This bill would also add 5,000 new Customs and Border Protection officers and require full implementation of biometric entry and exit systems at all air, land and sea ports of entry.

Anticipated Impact/Discussion

The addition of new Customs and Protection (CBP) officers could potentially result in additional CBP staffing resources for San Diego International Airport (SDIA). In regard to the requirement for full implementation of biometric entry and exit systems at all ports of entry, such technology is already in the process of being implemented at SDIA.

Status: 1/10/18 – Introduced and Referred to the following House Committees: Judiciary, Education and the Workforce, Homeland Security, Foreign Affairs, Ways and Means, Armed Services, Oversight and Government, Agriculture, Transportation and Infrastructure, and Natural Resources

Position: Watch

House Bills from Previous Report

Legislation/Topic

H.R. 1 (Brady) – Tax Cuts and Jobs Act

Background/Summary

The final version of H.R. 1 preserves the tax exempt status of private activity bonds – an important financing tool for airports – and eliminates the alternative minimum tax for corporations. However, this bill also eliminates the advance refunding of bonds, which will no longer be a refinancing option for the Airport Authority.

Anticipated Impact/Discussion

Since 2010, the Airport Authority has issued over \$637 million in private activity bonds (PABs) to finance airport improvement projects. Maintaining the tax exempt status of PABs will allow the Airport Authority to continue to issue bonds with favorable interest rates.

Status: 12/20/17 – Signed into law by the President

Position: Oppose (12/7/17)

Legislation/Topic

H.R. 598 (Lynch) – Airplane Impacts Mitigation Act of 2017

Background/Summary

H.R. 598, the “Airplane Impacts Mitigation Act of 2017”, would require the Federal Aviation Administration (FAA) to enter into an agreement with an eligible institution of higher education to conduct a study of the health impacts of airplane flights on residents exposed to a range of noise and air pollution levels from flights. The study is directed to:

- Focus on residents in Boston, Chicago, New York, the northern California Metroplex, Phoenix, and not more than three additional metropolitan areas each containing an international airport.
- Consider the health impacts on residents living partly, or entirely within the land underneath the flight paths most frequently used by aircraft flying below 10,000 feet.
- Consider only the health impacts that manifest during the physical implementation of the NextGen program on flights departing from or arriving to an international airport located in one of the designated metropolitan areas.

Anticipated Impact/Discussion

Although this bill is not expected to directly impact operations at San Diego International Airport (SDIA), the information collected by the study may be useful in helping the Authority accurately describe any environmental and health impacts of the FAA’s recently implemented NextGen program.

**Shaded text represents new or updated legislative information*

Status: 1/20/17 – Introduced in the House and referred to the House Committee on Transportation and Infrastructure

Position: Support (3/2/17)

Legislation/Topic

H.R. 665 (Keating) – Airport Perimeter and Access Control Security Act of 2017

Background/Summary

H.R. 665, the “Airport Perimeter and Access Control Security Act of 2017,” would direct the Transportation Security Administration (TSA) to update:

- The Transportation Sector Security Risk Assessment for the aviation sector
- The Comprehensive Risk Assessment of Perimeter and Access Control Security for airports (as well as conduct a system-wide assessment of airport access control points and airport perimeter security)
- The 2012 National Strategy for Airport Perimeter and Access Control Security

Anticipated Impact/Discussion

Although this bill is not expected to impact operations at San Diego International Airport (SDIA), the updating of assessments by the TSA may lead to the future implementation of new security requirements. The Authority’s legislative team will identify any unfunded mandates resulting from these proposed actions.

Status: 1/31/17 – Approved by the House on a voice vote and Referred to the Senate Committee on Commerce, Science and Transportation

Position: Watch (3/2/17)

Legislation/Topic

H.R. 678 (McSally) – Department of Homeland Security Support to Fusion Centers Act of 2017

Background/Summary

Fusion centers were created to promote information sharing at the federal level between agencies such as the Central Intelligence Agency, the U.S. Department of Justice, the U.S. military and state and local governments. H.R. 678, the “Department of Homeland Security Support to Fusion Centers Act of 2017” would:

- Direct the Comptroller General to conduct an assessment of Department of Homeland Security (DHS) personnel assigned to fusion centers
- Direct the Under Secretary of Intelligence and Analysis of the Department of Homeland Security to provide eligibility for access to information classified as Top Secret for analysts at fusion centers, and submit a report to the Committee on Homeland Security, Permanent House Select Committee on Intelligence,

**Shaded text represents new or updated legislative information*

Committee on Homeland Security and Government Affairs and Senate Select Committee on Intelligence

- Direct the Chief Information officer of the Department of Homeland Security to conduct an assessment of information systems used to share homeland security information between fusion centers and the Department.

Anticipated Impact/Discussion

Although this bill is not expected to impact operations at San Diego International Airport (SDIA), it will be monitored closely for any potential impact to Department of Homeland Security or Customs and Border Protection procedures.

Status: 1/31/17 – Approved by the House on a voice vote and Referred to Senate Committee on Homeland Security and Governmental Affairs

Position: Watch (3/2/17)

Legislation/Topic

H.R. 1265 (DeFazio) – Investing in America: Rebuilding America’s Airport Infrastructure Act

Background/Summary

H.R. 1265, the “Investing in America: Rebuilding America’s Airport Infrastructure Act”, would provide airports the Authority to establish a passenger facility charge (PFC) of their choosing by eliminating the current \$4.50 Congressionally-set PFC limit. This bill would also reduce Airport Improvement Program (AIP) funding by \$400 million annually and eliminate large hub airports’ entitlement to AIP grants if those airports collect PFCs greater than \$4.50.

Anticipated Impact/Discussion

H.R. 1265 would provide the Airport Authority with the ability to establish a PFC based on San Diego International Airport funding needs rather than relying on the current PFC limit of \$4.50 per passenger established by Congress in 2000.

Status: 3/2/17 – Referred to House Committee on Transportation and Infrastructure

Position: Support (4/6/17)

Legislation/Topic

H.R. 2514 (DeFazio) – Funding for Aviation Screeners and Threat Elimination Restoration Act

Background/Summary

H.R. 2514 would ensure that revenues collected from passengers as aviation security fees are used to help finance the costs of aviation security screening by repealing a

**Shaded text represents new or updated legislative information*

requirement that a portion of these fees be deposited in the federal government's general fund.

Anticipated Impact/Discussion

Enactment of this legislation would ensure that aviation security fees are used for their stated purpose, and help to ensure that funding is available to provide an adequate level of screening at the nation's airports.

Status: 5/18/17 – Referred to House Committee on Homeland Security

Position: Support (1/4/18)

Legislation/Topic

H.R. 2800 (DeFazio) – Aviation Funding Stability Act

Background/Summary

This legislation would take the Airport and Airway Trust Fund off budget in an effort to protect Trust Fund revenue from sequestration and potential budget cuts. This bill would also require the Federal Aviation Administration (FAA) to develop a streamlined procurement system for the acquisition of NextGen technology and update its personnel management system. In addition, H.R. 2800 would elevate the role of the Management Advisory Council and authorize funds to rebuild and modernize U.S. air traffic control facilities.

Anticipated Impact/Discussion

Enactment of H.R. 2800 might benefit the Airport Authority by insulating the Airport and Airway Trust fund from potential reductions in funding for FAA-related operations. In addition, this legislation could expedite the modernization of the national air traffic control system.

Status: 6/7/17 – Introduced and Referred to the House Committees on Transportation and Infrastructure, Armed Services, the Budget, and Appropriations

H.R. 2997 (Shuster) – 21st Century Aviation Innovation, Reform, & Reauthorization Act

- Transfer air traffic control functions from the FAA to a new not-for-profit corporation

**Shaded text represents new or updated legislative information*

- Include one airport representative to serve on the 13-member board of directors for the new ATC corporation
- Increase annual Airport Improvement Program (AIP) funding to a level of \$3.8 billion in Fiscal Year 2023
- Retain the current \$4.50 Passenger Facility Charge (PFC) cap
- Streamline and expedite the PFC reporting and review process
- Eliminate the PFC significant contribution test for large and medium hub airports

Anticipated Impact/Discussion

Although San Diego International Airport (SDIA) might potentially benefit from the AIP increases included in H.R. 2997, this bill does not include any adjustment to the current \$4.50 PFC limit established by Congress in 2000. As a result, this legislation would essentially maintain the status quo for the financing of airport infrastructure projects instead of providing new funding opportunities for SDIA improvement projects. In addition, this bill does not include any provision that could position SDIA to compete for nonstop service to Ronald Reagan Washington National Airport.

Position: Oppose Unless Amended (7/6/17)

New Senate Bills

Legislation/Topic

S. 2314 (McCaskill) – The Border and Port Security Act

Background/Summary

This bill would require the Commissioner of Customs and Border Protection (CBP) to hire, train, and assign at least 500 new CBP officers annually until the number of CBP officers equals the number of CBP officers needed under the CBP’s Workload Staffing Model.

Anticipated Impact/Discussion

If enacted, this bill could potentially result in additional CBP officers at SDIA depending on the allocation of the additional CBP officers that would be hired pursuant to this bill. California Senator Kamala Harris is a cosponsor of S. 2314.

Status: 1/10/18 – Introduced and Referred to the Senate Committee on Homeland Security and Governmental Affairs

Position: Support

Senate Bills from Previous Report

Legislation/Topic

S. 1 (Enzi) – Tax Cuts and Jobs Act

Background/Summary

Following the conferencing of this bill with the House version, H.R. 1, the final version of this legislation would preserve the tax exemption for private activity bonds and eliminate the alternative minimum tax for corporations. However, this bill would eliminate the advance refunding of bonds.

Anticipated Impact/Discussion

Since 2010, the Airport Authority has issued over \$637 million in private activity bonds (PABs) to finance airport improvement projects. Maintaining the tax exempt status of PABs will allow the Airport Authority to continue to issue bonds with favorable interest rates.

Status: 11/28/17 – Approved by Senate Budget Committee

Position: Watch (12/7/17)

Legislation/Topic

S. 271 (Fischer) – Build USA Infrastructure Act

Background/Summary

S. 271, the “Build USA Infrastructure Act” would divert \$21.4 billion annually in Customs and Border Protection (CBP) passenger and freight user fees to the Highway Trust Fund. This funding would be diverted for a five-year period, beginning October 1, 2020.

Anticipated Impact/Discussion

Airports Council International – North America (ACI-NA) strongly opposes this bill. User fees should be applied for their intended use, not diverted to subsidize other programs, especially as CBP continues to face significant staffing shortfalls and technological challenges. As San Diego International Airport (SDIA) continues to expand international air service, this bill could have a negative impact on CBP’s ability to effectively process international passengers.

Status: 2/1/17 – Introduced and Referred to Senate Committee on Homeland Security and Governmental Affairs

Position: Oppose (3/2/17)

**Shaded text represents new or updated legislative information*

Legislation/Topic

S. 1405 (Thune) – Federal Aviation Administration Reauthorization Act of 2017

Background/Summary

This legislation would authorize FAA operations and related programs for the next four years. Specifically, this bill would:

- Increase annual Airport Improvement Program (AIP) funding to a level of \$3.75 billion in Fiscal Years 2019-2021
- Retain the current \$4.50 Passenger Facility Charge (PFC) cap
- Streamline and expedite the PFC reporting and review process
- Eliminate the PFC significant contribution test for large and medium hub airports
- Require the Department of Transportation to hire an independent organization to conduct a study on upgrading and restoring the nation's airport infrastructure

Anticipated Impact/Discussion

Although San Diego International Airport (SDIA) might potentially benefit from the AIP increases included in S. 1405, this bill does not include any adjustment to the current \$4.50 PFC limit established by Congress in 2000. As a result, this legislation would essentially maintain the status quo for the financing of airport infrastructure projects instead of providing new funding opportunities for SDIA improvement projects. In addition, this bill does not include any provision that could position SDIA to compete for nonstop service to Ronald Reagan Washington National Airport.

Status: 6/29/17 – Approved by Senate Committee on Commerce, Science and Transportation by voice vote

Position: Oppose Unless Amended (7/6/17)

Legislation/Topic

S. 1655 (Collins) – Fiscal Year 2018 Transportation and Housing and Development Appropriations Act

Background/Summary

This bill would provide annual funding for federal transportation programs including Federal Aviation Administration activities and programs. The bill would increase the Passenger Facility Charge (PFC) limit from the current level of \$4.50 to a new level of \$8.50 for originating passengers. This bill would also increase Airport Improvement Program (AIP) funding by \$250 million to a new level of \$3.6 billion in FY 2018.

Anticipated Impact/Discussion

Passage of an annual spending bill would provide airports certainty concerning the annual funding levels for FAA and its programs. While the proposed increase in the AIP could result in some additional revenue to the Airport Authority, the proposed \$4 increase in the PFC limit could result in a significant increase in revenue for San Diego

International Airport improvement projects, including funding for the Airport Development Program.

Status: 7/27/17 – Approved by Senate Committee on Appropriations on a vote of 31 to 0

Position: Support (9/7/17)

Legislation/Topic

S. 1757 (Cornyn) – Building America’s Trust Act

Background/Summary

S. 1757 would authorize approximately \$15 billion over four years for border security and enforcement activities. Specific actions include:

- Requires the deployment of multi-layered tactical infrastructure across the southern U.S. border which, at the Secretary of DHS’s discretion, could include a wall system, fencing. Levees, technology, or other physical barriers
- Increases the number of Border Patrol agents, Customs and Border Protection (CBP) Officers at ports, agricultural inspectors, Immigration and Customs Enforcement officers, immigration judges and federal prosecutors
- Streamline the CBP hiring process for military veterans and law enforcement personnel
- Requires CBP to deploy a biometric entry system at fifteen U.S. airports within 18 months and at all U.S. airports within five years

Anticipated Impact/Discussion

While several provisions in S. 1757 could provide additional CBP staffing resources at CBP’s San Diego port, some elements of this bill may be considered by community leaders to be a deterrent to the cross-border trade and tourism that currently benefits the regional economy.

Status: 8/3/17 – Introduced in the Senate

Position: Watch (9/7/17)

Legislation/Topic

S. 1733 (Van Hollen) – Customers Not Cargo Act

Background/Summary

This proposed legislation would prohibit airlines from forcibly removing passengers after they have already boarded the plane due to overbooking or airline staff seeking to fly as passengers. It would also require the establishment of standards to resolve oversales once an aircraft has been boarded.

**Shaded text represents new or updated legislative information*

Anticipated Impact/Discussion

This bill is not expected to directly impact operations at San Diego International Airport (SDIA).

Status: 4/12/17 – Introduced and Referred to Senate Committee on Commerce, Science and Transportation

Position: Watch (5/4/17)

Legislation/Topic

S. 1872 (Thune) – TSA Modernization Act

Background/Summary

This legislation would reauthorize Transportation Security Administration (TSA) programs for three years. The bill includes several provisions that would benefit airports, including \$55 million in additional funding for the law enforcement officer (LEO) reimbursement program and continued funding that would allow TSA officers to continue to staff airport exit lanes instead of shifting that responsibility to airports as proposed by the Trump Administration. The bill would also establish a five-year term for the TSA Administrator, similar to the FAA Administrator's term and requires TSA to significantly expand the PreCheck program.

Anticipated Impact/Discussion

Enactment of this legislation would ensure the availability of federal funding for several programs of importance to SDIA and while enhancing the development and acquisition of new security technologies which could be incorporated into the SDIA security process.

Status: 10/4/17 – Approved by Senate Commerce Committee

Position: Support (11/2/17)

STAFF REPORT

Meeting Date: **FEBRUARY 1, 2018**

Subject:

Annual Review and Notification of Board Member Weighted Vote Point Allocation as Required by Section 170014 of the California Public Utilities Code

Recommendation:

Adopt Resolution No. 2018-0006, accepting the Board Member Weighted Vote Point Allocation as required by Section 170014 of the California Public Utilities Code.

Background/Justification:

Section 170014 of the California Public Utilities Code and Authority Policy 1.30(12)(b)(3) requires that the allocation of vote points shall be made annually by the Board, based upon the population calculations made by the San Diego Association of Governments (SANDAG).

Adoption of an ordinance, resolution, or motion requires both a numerical majority vote and a weighted majority vote of the total voting membership of the Board.

NUMERICAL MAJORITY (TALLY VOTE)

A numerical majority requires an affirmative vote of at least five members of the voting membership of the Board.

WEIGHTED MAJORITY (WEIGHTED VOTE)

A weighted majority requires an affirmative vote of Board Members controlling at least 51 of a total of 100 vote points that are allocated among the Board Members.

No jurisdiction may be allocated more than 40 vote points or less than one vote point. There are no fractional vote points. The allocation of vote points is to be made annually by the Board based upon the population calculations made by the SANDAG. The vote points for the City of San Diego are to be divided as equally as possible among its three Board Members (presently 13, 13 and 14 respectively). The Mayor of the City of San Diego makes the determination which City representative is assigned each vote point allocation. The vote points for the County of San Diego are to be divided as equally as possible (presently 8 and 8 respectively) and are allocated by the Chair of the County Board of Supervisors.

When the vote points are determined, they are assigned to individual Board Members.

In accordance with California Public Utilities Code 170014 and Authority Policy 1.30(12)(b)(3) and using the 2016 population calculations made by SANDAG, the weighted vote point allocations beginning March 2018 are as follows:

City of San Diego	April C. Boling	14 points
City of San Diego		13 points
City of San Diego	Mark Kersey	13 points
North County Coastal	Michael Schumacher	12 points
North County Inland	Jim Desmond	12 points
South County	Mark West	12 points
East County	Mary Sessom	8 points
County of San Diego	Greg Cox	8 points
County of San Diego	Paul Robinson	8 points

Subject:

Appointments to Board Committees, Liaison Positions, Other Representative and Alternate Positions

Recommendation:

Adopt Resolution No. 2018-0007, making appointments to Board committees, liaison positions, the Art Advisory Committee, the SANDAG Transportation Committee, and the World Trade Center Board.

Background/Justification:

Authority Policy 1.20 establishes a policy for the formation of committees of and for the Board. Authority Policy 1.50 (5)(c), "Standing Board Committees", establishes four Board standing committees.

Pursuant to California Code Regulation Section 18702.5, *Materiality Standard: Economic Interest in Personal Finances*, the Authority is now required to post on its website, an F.P.P.C. Form 806 (See Exhibit A), listing all paid appointed positions on boards, committees, or commissions of a public agency, prior to the appointments being made.

Pursuant to Authority Policy 1.50(5)(b), the Board must appoint a representative to the San Diego Association of Governments (SANDAG) Transportation Committee. The Board additionally appoints a representative and alternate to the World Trade Center Board.

Most committee terms are due to expire in January 2018. It is recommended that the Board appoint or re-appoint members to the Board's committees, liaisons positions, a representative to the Art Advisory Committee (AAC), and representatives and alternates to the SANDAG Transportation Committee, and the World Trade Center Board for one-year terms.

Pursuant to Authority Policy 8.50, the Board appoints seven voting members of the AAC, one of whom serves on the Authority's Board. Former Board Member Robert Gleason served as the Board's representative on the AAC until his departure from the Board on December 31, 2017, and has valuable knowledge and expertise related to the Authority's Art Program. Due to several pending and important art projects (update to the Authority's Art Master Plan, art installations in the Federal Inspection Station and Parking Plaza, and planning for art components in the Airport Development Plan), the Board Chair and staff recommend that Mr. Gleason continue representing the Board on the AAC in lieu of a Board member until January 2019..

The responsibilities of the SANDAG Transportation Committee and World Trade Center Board are as follows:

SANDAG Transportation Committee - The Transportation Committee advises the SANDAG Board of Directors on major policy-level matters related to transportation. This Committee assists in the preparation of the Regional Transportation Plan (RTP) and other regional transportation planning and programming efforts. It provides oversight for the major highway, transit, regional arterial, and regional bikeway projects funded under the Regional Transportation Improvement Program, including the *TransNet* Program of Projects. Areas of interest include project schedules, costs, and scope.

World Trade Center – The San Diego World Trade Center was established in 1994 to serve the growing needs of San Diego businesses, and is an international business organization licensed by the World Trade Center Association in New York, WTCA. Members include businesses or organizations involved in world trade. The World Trade Center San Diego is a private-public partnership, with the City of San Diego, the San Diego Unified Port District and the San Diego County Regional Airport Authority co-holding the license to operate.

Fiscal Impact:

Legislation limits compensation for Board Members to \$200 per day of service, with a maximum of eight (8) days per month. Adequate funds for Board Member compensation are included in the Authority Board Department adopted FY 2018 and conceptually approved FY 2019 Operating Expense Budgets.

Authority Strategies:

This item supports one or more of the Authority Strategies, as follows:

Community Strategy Customer Strategy Employee Strategy Financial Strategy Operations Strategy

Environmental Review:

- A. This Board action is not a project that would have a significant effect on the environment as defined by the California Environmental Quality Act (CEQA), as amended. 14 Cal. Code Regs. §15378. This Board action is not a "project" subject to CEQA. Pub. Res. Code §21065.

Third Quarter GDP

Third quarter GDP increased at an annual rate of 3.2% (third estimate), down slightly from the 3.3% second estimate, due personal consumption expenditures increasing less than previously estimated.

Initial Claims For Unemployment

For the week ending January 13th, initial claims for unemployment (seasonally adjusted) declined by 41,000 to 220,000, the lowest level since February 1973 and the biggest drop since April 2009. The 4-week moving average, which helps smooth out some of the weekly volatility, decreased by 6,250 to 244,500.

Initial Jobless Claims and 4-Week Moving Average

The Consumer Confidence Index declined to 122.1 in December, down from 128.6 in November. The decline was fueled in part by a somewhat less optimistic outlook for business and job prospects in the coming months. However, confidence levels remain at historically strong levels, suggesting economic growth will continue into 2018.

STAFF REPORT

Meeting Date: **FEBRUARY 1, 2018**

Subject:

Approve and Authorize the President/CEO to Execute a First Amendment to the Agreement with Willis Insurance Services of California, Inc.

Recommendation:

Adopt Resolution No. 2018-0009, approving and authorizing the President/CEO to execute a First Amendment to the Agreement with Willis Insurance Services of California, Inc. increasing the compensation amount by \$137,000 for a total not-to-exceed amount of \$750,000.

Background/Justification:

On April 10, 2015, the Authority issued a Request for Proposals for Insurance Broker Services related to the Authority's Benefits Program. On May 8, 2015, the Authority received 5 proposals. After a review of the proposals and interviews with the highest ranked proposers, the panel recommended award to Willis Insurance Services of California, Inc. ("Willis"). Willis and the Authority are parties to a consulting agreement for Professional Insurance Broker and Consulting Services ("Agreement"). The Agreement began on March 1, 2016 and has a term of three years with two one-year options to renew and a not to exceed compensation amount of \$613,000.

Under this contract, Willis has assisted the Talent, Culture & Capability Department in the assessment, marketing and implementation of the Authority's Health & Welfare Benefits Program for both eligible employees and First Generation retirees. On January 5, 2016 a merger between Willis and Towers Watson & Co. ("Towers Watson") occurred. While Willis continues to operate in California as the legal entity Willis Insurance Services of California, the merger provided access to Towers Watson's global professional services, including human resources consulting expertise in the area of employee engagement and engagement surveys.

In its Five-Year Strategic Plan, the Authority identified a need to measure and sustain a high level of employee engagement in its Employee Goal. From 2008 to 2016 the Authority contracted with Allen Analytics for these services. The contract with Allen Analytics expired on December 31, 2016. Therefore, the Authority required new consulting and survey expertise in the area of employee engagement. The Authority executed the 2017 employee engagement survey with Towers Watson in September of this year under the Willis contract provision for other professional consulting services in the amount of \$48,000.

Board Policy 5.01 requires consulting services to be procured following a competitive process. The value of future employee engagement services desired is estimated to be in excess of \$100,000 for the period 2018 – 2022, which would require a formal RFP process under Board Policy 5.01. After assessing available options, staff believes it is in

the best interest of the Authority to continue with Willis to perform these additional services rather than issuing a Request for Proposals for employee engagement services. Towers Watson has the requisite experience and knowledge to provide these services. This First Amendment would add to the scope of work the employee engagement surveys and increase the compensation by \$137,000 for a total not-to-exceed amount of \$750,000.

Fiscal Impact:

Adequate funding for this agreement is included in the adopted FY 2018 and conceptually approved FY 2019 Operating Expense Budgets within the Contractual Services line item.

Authority Strategies:

This item supports one or more of the Authority Strategies, as follows:

Community Strategy Customer Strategy Employee Strategy Financial Strategy Operations Strategy

Environmental Review:

A. CEQA: This Board action is not a project that would have a significant effect on the environment as defined by the California Environmental Quality Act ("CEQA"), as amended. 14 Cal. Code Regs. §15378. This Board action is not a "project" subject to CEQA. Cal. Pub. Res. Code §21065.

B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

The Authority has the following inclusionary programs/policies: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program, Policy 5.12 and Policy 5.14. These programs/policies are intended to promote the inclusion of small, local, service disabled veteran owned, historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs/policies named above can be used in any single contracting opportunity.

This contract does not utilize federal funds and provides limited opportunities for sub-contractor participation; therefore; at the option of the Authority, Policy 5.12 was applied to promote the participation of qualified small businesses. Policy 5.12 provides a preference of up to five percent (5%) to small businesses in the award of selected Authority contracts. When bid price is the primary selection criteria, the maximum amount of the preference cannot exceed \$200,000. The preference is only applied in measuring the bid. The final contract award is based on the amount of the original bid.

In accordance to Policy 5.12, the recommended firm Willis Insurance Services did not receive the small business preference.

RESOLUTION NO. 2018-0009

A RESOLUTION OF THE BOARD OF THE SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY APPROVING AND AUTHORIZING THE PRESIDENT/CEO TO EXECUTE A FIRST AMENDMENT TO THE AGREEMENT WITH WILLIS INSURANCE SERVICES OF CALIFORNIA, INC. INCREASING THE COMPENSATION AMOUNT BY \$137,000 FOR A TOTAL NOT TO EXCEED AMOUNT OF \$750,000

WHEREAS, on April 10, 2015, the Authority issued a Request for Proposals for Insurance Broker Services related to the Authority's Benefits Program; and

WHEREAS, on May 8, 2015, the Authority received 5 proposals and after a review of the proposals and interviews with the highest ranked proposers, the panel recommended award to Willis Insurance Services of California, Inc. ("Willis"); and

WHEREAS, Willis and the Authority are parties to an agreement for Professional Insurance Broker and Consulting Services ("Agreement"); and

WHEREAS, the Agreement began on March 1, 2016 and has a term of three years with two one-year options to renew and a not to exceed compensation amount of \$613,000; and

WHEREAS, under the Agreement, Willis has assisted the Talent, Culture & Capability Department in the assessment, marketing and implementation of the Authority's Health & Welfare Benefits Program for both eligible employees and First Generation retirees; and

WHEREAS, on January 5, 2016 a merger between Willis and Towers Watson & Co. occurred. While Willis continues to operate in California as the legal entity Willis Insurance Services of California, the merger provided access to Towers Watson & Co.'s global professional services, including human resources consulting expertise in the area of employee engagement and engagement surveys; and

WHEREAS, in its Five-Year Strategic Plan, the Authority identified a need to measure and sustain a high level of employee engagement in its Employee Goal. Therefore, the Authority is seeking consulting and survey expertise in the area of employee engagement; and

WHEREAS, the value of the consulting services for employee engagement surveys exceeds \$100,000; and

WHEREAS, Board Policy 5.01(1)(c) requires consulting services valued in excess of \$100,000 to be procured following a formal competitive process; and

WHEREAS, after assessing available options, staff believes it is in the best interest of the Authority to engage Willis to perform these additional services rather than issuing a Request for Proposals for employee engagement services; and

WHEREAS, the Board finds that it is in the best interest of the Authority to waive Policy 5.01(1)(c) to amend the Agreement to allow Willis to provide employee engagement services because Willis has the requisite knowledge and experience.

NOW THEREFORE BE IT RESOLVED that the Authority waives Policy 5.01(1)(c) to allow an amendment to the Agreement to add employee engagement surveys; and

BE IT FURTHER RESOLVED THAT that the Board hereby approves and authorizes the President/CEO to execute a First Amendment to the Agreement with Willis adding employee engagement consulting and survey services to the scope of work and increasing the compensation by \$137,000 for a total not-to-exceed amount of \$750,000; and

BE IT FURTHER RESOLVED that the Board finds that this action is not a "project" as defined by the California Environmental Quality Act ("CEQA") (California Public Resources Code §21065); and is not a "development" as defined by the California Coastal Act (California Public Resources Code §30106).

Meeting Date: **FEBRUARY 1, 2018**

Subject:

Approve and Authorize the President/CEO to Execute Two On-Call Terminal and Buildings Architectural and Engineering Consultant Services Agreements at San Diego International Airport

Recommendation:

Adopt Resolution No. 2018-0010, approving and authorizing the President/CEO to execute two On-Call Terminal and Buildings Architectural and Engineering Consultant Services Agreements one with Rivers & Christian, and one with Pierce Goodwin Alexander & Linville, Inc. "(PGAL)", each for a term of three years, with the option for two one-year extensions, in an amount not-to-exceed \$10,000,000 each, and a maximum total aggregate amount not-to-exceed \$10,000,000, in support of the Capital Improvement and Major Maintenance Programs at San Diego International Airport.

Background/Justification:

The San Diego County Regional Airport Authority ("Authority") maintains and improves facilities and infrastructure at San Diego International Airport ("SDIA") through its on-going Capital Improvement and Major Maintenance Programs. Authority staff ("Staff") utilizes on-call consultants to provide engineering and architectural design services for these programs on an as-needed basis. These consultants are selected utilizing a qualification-based selection process.

On October 12, 2017, a Request for Qualifications ("RFQ") was issued to obtain Statement of Qualifications ("SOQ") from qualified firms to provide On-Call Terminal and Buildings Engineering Consultant Services for the Capital Improvement Program.

A Selection Panel ("Panel") was established which included key representatives from the Authority's Departments of Facilities Development and Terminals and Tenants.

On November 14, 2017, the Authority received ten SOQs from prospective consultant firms.

The Panel conducted a thorough review of the SOQs and determined that five firms were uniquely qualified to perform the requested on-call services. The SOQ Scoring Criteria used to short-list qualified firms was based on the Consultant's proposed work plan and approach methodology, Project Manager's qualifications, project team qualifications, and Consultant's sustainable practices, and small business inclusionary approach and outreach.

1. Rivers & Christian
2. Pierce Goodwin Alexander & Linville, Inc.
3. Development One
4. RJC Architects
5. Stantec Architecture

The top firms selected by the Panel were Rivers & Christian, and Pierce Goodwin Alexander & Linville, Inc. ("PGAL"). A brief background of the selected firms is provided:

Rivers & Christian

Rivers & Christian ("R&C") is an architectural firm with 38 years of continuous experience in the aviation industry. R&C has provided consulting services to every airport on the west coast, for projects ranging in size from a \$25,000 fire-life-safety assessment study to a \$300 million LAX Terminal 4 American Airlines Improvement Program. R&C and its subconsultants possess a wide range of expertise, including architectural, structural, mechanical, electrical, plumbing, civil engineering, planning, baggage, wayfinding, and sustainability. R&C's subconsultants have extensive, positive experience with Authority projects. R&C is the Architect of Record for the Landmark (now Signature Flight Support) FBO at SDIA.

Pierce Goodwin Alexander & Linville, Inc. (“PGAL”)

Pierce Goodwin Alexander & Linville, Inc. (“PGAL”) is an architectural firm that has completed over \$10 billion in aviation projects within the past ten years, including the design and renovation of domestic and international terminals, FIS facilities, ATS facilities, baggage facilities and inline EDS systems, security checkpoints, central plants, parking facilities, and concession spaces. PGAL and its subconsultants have designed more than 40 million square feet of airport facilities at several major airports, including recent contracts at George Bush Intercontinental Airport (HAS), Hartsfield- Jackson Atlanta International Airport (ATL), Dallas/Fort Worth International Airport (DFW), McCarran International Airport (LAS), and Reagan National Airport (DCA) / Washington Dulles International Airport (IAD).

Future Steps:

Authority Staff recommends that the Authority enter into an On-Call Terminal and Buildings Engineering Consultant Services Agreement (“Agreement”) with the top ranked firms: Rivers & Christian, and Pierce Goodwin Alexander & Linville, Inc. In order to enter into an agreement with the top ranked firms, Staff will negotiate the scope of work and billing rates. If Staff cannot reach an agreement with the top rated raked firms, Staff will then enter into negotiations with the next ranked firm(s) until a scope and billing rates are achieved to the satisfaction of the Authority and the Consultant(s). Under the proposed resolution, the President/CEO would then have the authority to award an agreement to the next ranked firm and establish an agreement with that firm.

Fiscal Impact:

Funds for the On-Call Terminal and Buildings Engineering Consultant Services Contract are included within the approved FY2018-FY2022 Capital Program Budget and the adopted FY2018 Operating Budget, on an as-needed basis. Capital sources of funding will include Passenger Facility Charges, Airport Revenue Bonds, Airport Improvement Program Grants, and Airport Cash, depending on the individual project.

- B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

The Authority has the following inclusionary programs/policies: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program, Policy 5.12 and Policy 5.14. These programs/policies are intended to promote the inclusion of small, local, service disabled veteran owned, historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs/policies named above can be used in any single contracting opportunity.

The Authority's DBE Program, as required by the U.S. Department of Transportation, 49 Code of Federal Regulations (CFR) Part 26, calls for the Authority to submit a triennial overall goal for DBE participation on all federally funded projects. When federal funds are utilized, the Authority is prohibited from using a program that provides a preference such as those used in Policies 5.12 and 5.14. Therefore, the Authority must utilize other means as provided in the DBE Plan to achieve participation.

This agreement utilizes federal funds; therefore, it will be applied toward the Authority's overall DBE goal. Both Prime Consultants – Stantec Consulting Services Inc., and MA Engineers, Inc., proposed an Inclusionary Approach and Outreach Plan which delineates their commitment to help the Airport meet the DBE goal of 8.4% and to maximize participation by small, local, historically underrepresented businesses.

The Authority's Quieter Home Program ("Program") provides sound attenuation treatment to residences within the highest noise-impacted neighborhoods surrounding San Diego International Airport ("SDIA"). This contract for Phase 9, Group 3, Project number 380903 includes installation of new acoustical windows, doors, and ventilation improvements to reduce aircraft-related noise levels and provide sound attenuation to sixty-eighty (68) Non-Historic Multi-Family and Single-Family Units on twenty-nine (29) residential properties located east and west of the airport (refer to Attachment A).

To date, the Program has completed 3,479 residences, of which 832 are historic and 2,647 are non-historic. 2,166 residences are located west of SDIA and 1,313 are located east of SDIA.

Project No. 380903 was advertised on December 11, 2017, and bids were opened on January 11, 2018. The following bids were received (refer to Attachment B):

Company	Total Bid
G&G Specialty Contractors, Inc.	\$1,409,454.00
S&L Specialty Construction, Inc.	\$1,337,000.00

The Engineer's estimate is \$1,456,306.

The low bid of \$1,337,000 is considered responsive and S&L Specialty Contractors, Inc. is considered responsible. Award to S&L Specialty Construction, Inc. is, therefore, recommended in the amount of \$1,337,000.

Fiscal Impact:

Adequate funds for the contract with S&L Specialty Construction, Inc. are included in the adopted FY 2017 and FY 2018 Operating Expense Budgets within the Quieter Home Program budget line item. Sources of funding include federal Airport Improvement Program grants and Passenger Facility Charges.

Authority Strategies:

This item supports one or more of the Authority Strategies, as follows:

Community Strategy Customer Strategy Employee Strategy Financial Strategy Operations Strategy

Environmental Review:

- A. CEQA. This Board action is a "project" subject to the California Environmental Quality Act ("CEQA"), Pub. Res. Code §21065. The individual projects under the Quieter Home Program are part of a class of projects that are categorically exempt from CEQA: 14 Cal. Code Regs. §15301 – "Existing Facilities: Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination."
- B. California Coastal Act. This Board action is a "development" as defined by the California Coastal Act, Cal. Pub. Res. Code §30106. The individual projects under the Quieter Home Program will consist of treatments to single-family and multi-family dwellings. Improvements to single-family homes are exempt from coastal permit requirements under Cal. Pub. Res. Code §30610(a) and 14 Cal. Code Regs. §13250 – "Improvements to Single-Family Residences." The proposed improvements to multi-family residences are exempt from coastal permit requirements under Cal. Pub. Res. Code §30610(b) and 14 Cal. Code Regs. §13253 – "Improvements to Structures Other than Single-Family Residences and Public Works Facilities that Require Permits."

Application of Inclusionary Policies:

The Authority has the following inclusionary programs/policies: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program, Policy 5.12 and Policy 5.14. These programs/policies are intended to promote the inclusion of small, local, service disabled veteran owned, historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs/policies named above can be used in any single contracting opportunity.

The Authority's DBE Program, as required by the U.S. Department of Transportation 49 Code of Federal Regulations (CFR) Part 26, calls for the Authority to submit a triennial overall goal for DBE participation on all federally-funded projects. When federal funds are utilized, the Authority is prohibited from using a program that provides a preference such as those used in Policies 5.12 and 5.14. Therefore, the Authority must utilize other means as provided in the DBE Plan to achieve participation.

This project utilizes federal funds; therefore, it will be applied toward the Authority's overall DBE goal. S&L Specialty Construction, Inc. proposed 2.6% DBE participation on QHP Phase 9, Group 3.

STAFF REPORT

Meeting Date: **FEBRUARY 1, 2018**

Subject:

Award a Contract to Leonida Builders, Inc., for Replace Sidewalk Terminal 2 West to Green Build at San Diego International Airport

Recommendation:

Adopt Resolution No. 2018-0013, awarding a contract to Leonida Builders, Inc., in the amount of \$1,038,222 for Project No. 104226, Replace Sidewalk Terminal 2 West to Green Build at San Diego International Airport.

Background/Justification:

This project is a San Diego County Regional Airport Authority (“Authority”) Board (“Board”) approved project in the FY2018 Capital Improvement Program (“CIP”).

The sidewalk in front of Terminal 2 West (T2W) was constructed in 1996. It has been in service for over 20 years with heavy pedestrian traffic resulting in cracking, spalling, and heaving, particularly in areas fronting the curb-line. This project will replace the damaged and heaved portion of the concrete sidewalk for the entire length of T2W up to the recently constructed Green Build sidewalk.

This project will replace the existing sidewalk with a path of travel that provides customers with a more pleasant travel experience.

This project will replace approximately 22,300 square feet of aging sidewalk in front of Terminal 2 West. The scope of work includes demolition, excavation, and installation of a new concrete sidewalk, curb, pedestrian access ramps, striping, and incidental related work (See Attachment A for project location).

This opportunity was advertised on November 6, 2017, and sealed bids were opened on December 8, 2017. The following bids were received: (Attachment B)

Company	Total Bid
Leonida Builders, Inc.	\$1,038,222
MarCon Engineering, Inc.	\$1,107,037.30
DuWright Construction	\$1,169,087*
Hazard Construction	\$1,266,233**
Granite Construction	\$1,337,228
Palm Engineering & Construction Co.	\$1,457,713
Pal Engineering	\$1,584,493

* Corrected bid amount is \$1,209,087

** Corrected bid amount is \$1,253,933

The Engineer’s estimate is \$1,056,087.56.

The low bid of \$1,038,222, is responsive, and Leonida Builders, Inc., is considered responsible. Staff, therefore, recommends award to Leonida Builders, Inc., in the amount of \$1,038,222.

Fiscal Impact:

Adequate funds for Replace Sidewalk Terminal 2 West to Green Build is included within the Board approved FY2018-FY2022 Capital Program Budget in Project No. 104226. Source of funding for this project is Airport Cash.

Authority Strategies:

This item supports one or more of the Authority Strategies, as follows:

Community Strategy Customer Strategy Employee Strategy Financial Strategy Operations Strategy

Environmental Review:

- A. CEQA: This project is consistent with Categorical Exemption Section 15301 – Class 1 – Existing Facilities and consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use and Categorical Exemption 15302 – Replacement or Reconstruction – Class 2 and consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced, including but not limited to:
 - (c) Replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity.

- B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

The Authority has the following inclusionary programs/policies: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program, Policy 5.12 and Policy 5.14. These programs/policies are intended to promote the inclusion of small, local, service disabled veteran owned, historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs/policies named above can be used in any single contracting opportunity.

This contract does not utilize federal funds and provides opportunities for sub-contractor participation; therefore; at the option of the Authority, Policy 5.14 was applied. Policy 5.14 establishes separate goals for the participation of: (1) small businesses; (2) local businesses; and, (3) service disabled veteran owned small businesses (SDVOSB). The local business participation goal can only be applied when the overall local business participation of all Authority contracts at the time of solicitation is less than 60%. The maximum preference applied under Policy 5.14 is seven percent (7%): three percent (3%) for small business participation; two percent (2%) for local business participation; and, two percent (2%) for SDVOSB participation. When bid price is the primary selection criteria, the maximum amount of the preference cannot exceed \$200,000. The preference is only applied in measuring the bid. The final contract award is based on the amount of the original bid. When bid price is not the primary selection criteria, the preference is only applied to determine which proposers are interviewed for final consideration. Per Policy 5.14, the preference is not applied in the final selection.

In accordance with Policy 5.14, Leonida Builders, Inc. met the SBE goal of 40% with 41.42% certified small business participation for a 3% certified small business preference and did not meet the SDVOSB goal of 3%. At the time of the solicitation it was determined that the Authority's overall local business participation exceeded 60%, therefore no preference was applied for local business participation

STAFF REPORT

Meeting Date: **FEBRUARY 1, 2018**

Subject:

Award a Seven-Year Concession Lease to SFS Investors, LLC to Design, Build and Operate a Duty Free Concession within Terminal 2 West

Recommendation:

Adopt Resolution No. 2018-0014, awarding a seven-year concession lease to SFS Investors, LLC to design, build and operate a Duty Free concession in Terminal 2 West at San Diego International Airport and authorize the President/CEO to take all necessary actions to execute the concession lease.

Background/Justification:

International airline activity continues to increase at the San Diego International Airport ("Airport"), and as a result of the increasing international airline activity, the Airport is undergoing an extensive expansion of its Federal Inspection Station ("FIS"). The current FIS, which is located at gates 20, 21, and 22, within Terminal 2 East (T2E), will be relocated from its current location to a newly constructed FIS facility within Terminal 2 West (T2W), and located at gates 46, 47, 48, 49, 50, and 51 when all phases are completed. Construction of the new FIS facility in T2W will enable the Authority to meet current and future international passenger demand while also improving customer service, and serving as an economic stimulus for the region.

As a result of the FIS relocation from T2E to T2W, the Authority sought proposals from pre-qualified firms to design, build, and operate, a new duty free concession in T2W that would be in close proximity to the new FIS. The new duty free concession in T2W will replace the existing Brooks Brothers and Stack Shack locations in T2W. Also, upon opening of the new FIS in T2W, the existing duty-free concession in T2E will be closed.

On May 1, 2017, the Authority published a Request for Qualifications (RFQ) for a Duty Free Concession to pre-qualify respondents for participation within an upcoming Request for Proposals (RFP) for a Duty Free Concession. Responses to the RFQ were due June 7, 2017, and the Authority received four responses to the RFQ. After an evaluation process by Authority staff, all four respondents to the RFQ were deemed qualified and eligible to participate in the upcoming RFP for a Duty Free Concession.

On November 8, 2017, an RFP solicitation was published for the new Duty Free Concession in T2W and all four pre-qualified respondents received notification that they could proceed to submit a proposal for the Duty Free Concession. Proposals were due on December 20, 2017, and two proposals were received by the Authority from the four previously qualified respondents. The two respondents were SFS Investors, LLC (SFS), and Travel Retail Investment Partners, LTD (TRIP).

Leaders from virtually every segment of the U.S. and international aviation industry, including executives representing airports, U.S. and international passenger and cargo airlines, labor unions, major aerospace companies, general aviation, and aviation security companies also regularly attend.
