Mr. Keith Wilschetz, Director
Airport Planning
San Diego County Regional Airport Authority
P.O. Box 82776
San Diego, CA 92138-2776

Dear Mr. Wilschetz:

San Diego International Airport
14 CFR Part 150 Noise Exposure Maps Recertification

The Federal Aviation Administration (FAA) received your e-mail and letter dated October 27, 2016 and November 23, 2016, with supporting documentation requesting recertification of the San Diego International Airport (SAN) Noise Exposure Maps (NEMs) prepared pursuant to Title 14, Code of Federal Regulations (CFR) Part 150. The San Diego County Regional Airport Authority (SDCRAA) were submitted in July of 2009 and accepted by the FAA in July of 2011.

After review of the AEM Summary and recertification memo, the FAA concurs that SDCRAA may continue using the 2014 NEM through 2019, at which time the NEM update will exceed the 10 year Airport Improvement Program (AIP) shelf life. SAN will need to prepare new NEMs to continue receiving federal funding. Preparation of an updated 14 CFR Part 150 Noise Exposure Map and Noise Compatibility Program could be eligible under the Airport Improvement Program.

If you have any additional questions please contact me at 310-725-3637.

Sincerely,

Victor Globa
Environmental Protection Specialist
