Pursuant to California Public Utilities Code §§ 21670-21679.5, the Airport Land Use Commission ("Commission") is responsible for coordinating the airport planning of public agencies within San Diego County. The Commission has the legal responsibility to formulate airport land use compatibility plans ("ALUCPs") that will (a) provide for the orderly growth of each public airport and the areas surrounding the airport within the County and (b) safeguard the general welfare of the inhabitants within the vicinity of each airport and the public in general. Pursuant to §21670.3, the San Diego County Regional Airport Authority serves as the Commission.

This Agenda contains a brief general description of each item to be considered. The indication of a recommended action does not indicate what action (if any) may be taken. **Please note that agenda items may be taken out of order.** If comments are made to the Commission without prior notice or are not listed on the Agenda, no specific answers or responses should be expected at this meeting pursuant to State law.

Staff Reports and documentation relating to each item of business on the Agenda are on file in the Office of the Authority Clerk Department and are available for public inspection.

NOTE: Pursuant to Authority Code Section 2.15, all Lobbyists shall register as an Authority Lobbyist with the Authority Clerk within ten (10) days of qualifying as a lobbyist. A qualifying lobbyist is any individual who receives \$100 or more in any calendar month to lobby any Commission Member or employee of the Authority for the purpose of influencing any action of the Authority. To obtain Lobbyist Registration Statement Forms, contact the Office of the Authority Clerk Department.

PLEASE COMPLETE A SPEAKER SLIP PRIOR TO THE COMMENCEMENT OF THE MEETING AND SUBMIT IT TO THE AUTHORITY CLERK. **PLEASE REVIEW THE POLICY FOR PUBLIC PARTICIPATION IN BOARD AND BOARD COMMISSION MEETINGS (PUBLIC COMMENT) LOCATED AT THE END OF THE AGENDA.**

PLEDGE OF ALLEGIANCE:

ROLL CALL:

NON-AGENDA PUBLIC COMMENT:

Non-Agenda Public Comment is reserved for members of the public wishing to address the Commission on matters for which another opportunity to speak **is not provided on the Agenda**, and which is within the jurisdiction of the Commission. Please submit a completed speaker slip to the Authority Clerk. ***Each individual speaker is limited to three (3) minutes. Applicants, groups, and jurisdictions referring items to the Commission for action are limited to five (5) minutes.***

Note: Persons wishing to speak on specific items should reserve their comments until the specific item is taken up by the Commission

CONSENT AGENDA (ITEMS 1-2):

The consent agenda contains items that are routine in nature and non-controversial. Some items may be referred by a standing Board Committee or approved as part of the budget process. The matters listed under 'Consent Agenda' may be approved by one motion. Any Commission Member may remove an item for separate consideration. Items so removed will be heard before the scheduled New Business Items, unless otherwise directed by the Chair.

COMMISSION COMMENT:

ADJOURNMENT:

Thursday, November 7, 2024

Policy for Public Participation in Board, Airport Land Use Commission (ALUC), and Committee Meetings (Public Comment)

- 1) Persons wishing to address the Board, ALUC, and Committees shall submit a speaker slip prior to the initiation of the portion of the agenda containing the item to be addressed (e.g., Public Comment and General Items). Failure to submit a speaker slip shall not preclude testimony, if permission to address the Board is granted by the Chair.
- 2) The Public Comment Section at the beginning of the agenda is reserved for persons wishing to address the Board, ALUC, and Committees on any matter for which another opportunity to speak is not provided on the Agenda, and on matters that are within the jurisdiction of the Board.
- 3) Persons wishing to speak on specific items listed on the agenda will be afforded an opportunity to speak during the presentation of individual items. Persons wishing to speak on specific items should reserve their comments until the specific item is taken up by the Board, ALUC and Committees.
- 4) If many persons have indicated a desire to address the Board, ALUC and Committees on the same issue, then the Chair may suggest that these persons consolidate their respective testimonies. Testimony by members of the public on any item shall be limited to **three (3) minutes per individual speaker and five (5) minutes for applicants, groups and referring jurisdictions.**
- 5) Pursuant to Authority Policy 1.33 (8), recognized groups must register with the Authority Clerk prior to the meeting.

After a public hearing or the public comment portion of the meeting has been closed, no person shall address the Board, ALUC, and Committees without first obtaining permission to do so.

Additional Meeting Information

Note: This information is available in alternative formats upon request. To request an Agenda in an alternative format, or to request a sign language or oral interpreter, or an Assistive Listening Device (ALD) for the meeting, please telephone the Authority Clerk's Office at (619) 400-2550 at least three (3) working days prior to the meeting to ensure availability.

For your convenience, the agenda is also available to you on our website at www.san.org.

Airport Land Use Commission Staff Report

Meeting Date: November 7, 2024

Report of Determinations of Consistency with Airport Land Use Compatibility Plans

Pursuant to Airport Authority Policy 8.30 and acting in its delegated capacity as the Airport Land Use Commission (ALUC) for San Diego County, Airport Authority staff has issued the following consistency determinations per their respective Airport Land Use Compatibility Plans (ALUCPs). Authority Policy 8.30(3)(f)(2) states that any determination made by Authority staff in its delegated capacity shall be placed on the ALUC agenda for the next available meeting and shall be considered final if no further action is taken by the ALUC.

Oceanside Municipal Airport ALUCP:

Construction of Warehouse, Office, and Manufacturing Facility at 250 Eddie Jones Way, City of Oceanside

Deemed Complete and Conditionally Consistent on October 8, 2024

Description of Project: The project involves an alternative design for a project previously issued a consistency determination on August 10, 2023, reducing the size of the warehouse and manufacturing facility, with ancillary office use, to four buildings totaling 497,882 square feet on a property of 31.57 acres.

Noise Contours: The proposed project lies within the 60-65 and 65-70 decibel Community Noise Equivalent Level (dB CNEL) noise exposure contour. The ALUCP identifies manufacturing and warehouse uses located within the 60-65 and 65-70 dB CNEL noise contour as compatible with airport uses.

Airspace Protection Surfaces: The maximum height of the proposed project structures will be approximately 73 feet above mean sea level (45 feet above ground level) and the maximum height of the proposed temporary construction cranes will be approximately 147 feet above mean sea level (120 feet above ground level). The proposed project would be compatible with the ALUCP airspace protection surfaces, provided that the structures and temporary cranes are marked and lighted in accordance with a determination of no hazard to air navigation issued by the Federal Aviation Administration (FAA) and an aviation easement for airspace is recorded with the County Recorder.

Therefore, as a condition of project approval, the structures and temporary cranes must be marked and lighted in accordance with FAA procedures and an aviation easement for airspace recorded with the County Recorder.

Safety Zones: The proposed project is located within Safety Zones 1, 2, 3, 5, and 6. Safety Zones 1 and 3 wholly entail landscaping with no building area. The ALUCP identifies warehouse uses located within Safety Zone 2, 5, and 6 as compatible with airport uses.

The ALUCP identifies manufacturing uses located within Safety Zone 6 as compatible and within Safety Zone 2 as conditionally compatible with airport uses, provided that the project complies with a maximum intensity of 60 people per acre, a maximum lot coverage of 50 percent, and a maximum FAR of 0.41. At 300 square feet per person, the project proposes 18 people per acre, 3 percent lot coverage, and a FAR of 0.029 and therefore complies with the Safety Zone 2 limitations.

The ALUCP identifies manufacturing uses located within Safety Zone 5 as conditionally compatible with airport uses, provided that the project complies with a maximum intensity of 150 people per acre, a maximum lot coverage of 70 percent, and a maximum FAR of 1.03. At 300 square feet per person, the project proposes 123 people per acre, 10 percent lot coverage, and a FAR of 0.099 and therefore complies with the Safety Zone 5 limitations.

The ALUCP provides that ancillary uses of less than 10 percent of total floor area are not subject to compatibility standards. The office floor area totals 7 percent and is thus not subject to intensity limitations.

Overflight Notification: The proposed project is located within the overflight notification area but does not involve any new residential use subject to overflight notification requirements.

Gillespie Field ALUCP:

Construction of One Residential Unit at 9228 Fairen Lane, City of Santee

Deemed Complete and Conditionally Consistent on October 14, 2024

Description of Project: The project involves the construction of an accessory dwelling unit with the existing residence to remain.

Noise Contours: The proposed project lies within the 60-65 decibel Community Noise Equivalent Level (dB CNEL) noise exposure contour. The ALUCP identifies residential uses located within the 60-65 dB CNEL noise contour as conditionally compatible with airport uses, provided that the residence is sound attenuated to 45 dB CNEL interior noise level. Therefore, as a condition of project approval, the accessory dwelling unit must be sound attenuated to 45 dB CNEL interior noise level.

Airspace Protection Surfaces: The maximum height of the proposed project structure will be approximately 391 feet above mean sea level (16 feet above ground level). The proposed project is in compliance with the ALUCP airspace protection surfaces because the project sponsor has certified that notice of construction is not required to the Federal Aviation Administration (FAA) because the project is located within an urbanized area, is substantially shielded by existing structures or natural terrain, and cannot reasonably have an adverse effect on air navigation.

Safety Zones: The proposed project is located within Safety Zone 4. The ALUCP identifies residential uses located within Safety Zone 4 as conditionally compatible, provided that the residences comply with the density limitations of dwelling units per acre specified in the ALUCP. In instances of construction of a single-family residence, including an accessory dwelling unit, on a legal lot of record zoned for residential use by the local agency, the density limitation per acreage does not apply.

Overflight Notification: The proposed project is located within the overflight notification area. The ALUCP requires that a means of overflight notification be provided for new residential land uses. Therefore, as a condition of project approval, a means of overflight notification must be provided for the accessory dwelling unit.
