

## ADA CERTIFICATION\_

Two certifications required: 1) at time of plan check review submittal/permitting process required by the City of San Diego Planning and Development Services and 2) upon delivery of 'Record Drawings' (As-Builts) as part of the Authority's Design Manual 'Closeout' process.

### 1) PROFESSIONAL ADA COMPLIANCE CERTIFICATION (Imprinted on Title Sheet of Working Drawings)

- I am the designer in responsible charge of this project; I have inspected the site/premises and determined that existing conditions and additional upgrades as delineated on these drawings will provide full compliance with current site accessibility requirements.

Professional: \_\_\_\_\_ Date: \_\_\_\_\_  
(Printed Name entered here)

- If the building inspector determines that full compliance with current site accessibility requirements is not provided, he/she shall require submittal of a detailed site plan for additional plan review and comments.
- I am the designer in responsible charge of this project; I have inspected the site/premises and determined that existing restroom(s) serving area(s) of alteration along with additional upgrades as delineated on these drawings will provide full compliance with current accessibility requirements.

Professional: \_\_\_\_\_ Date: \_\_\_\_\_  
(Printed Name entered here)

- If the building inspector determines that the existing restroom(s) is/are not accessible according to current requirements, he/she shall require submittal of enlarged detailed restroom(s) plans and interior elevations for additional plan review and comments.

### 2) PROJECT CLOSE-OUT ADA CERTIFICATION <sup>(1)</sup>

- To comply with the certification requirements of the Concessions Design Manual, 'Project Close-out' the Authority will acknowledge this closeout item to be complete once the required 'Record Drawings' have been received, with the architect's seal, signed and dated, on the cover sheet stipulating that the project complies with all applicable codes, regulations, and standards.

ARCHITECT'S  
PROFESSIONAL  
LICENSE STAMP  
SIGNED & DATED

<sup>(1)</sup> This certification also serves as the Architect's acknowledgement that the construction complies with Authority Standards.
